

Nonetheless, all of the petitioner's 317 current members, have satisfied the petitioner's own criteria for membership: 202 have a direct ancestor listed on the 1910 census of the Schaghticoke reservation, and the remaining 115 individuals descend from Joseph D. Kilson (110) or from Julia M. Kilson (and her husband Truman Bradley) (5), who descend from the Parmelia (Mauwee) Kilson, and thus by tradition from Gideon Mauwee.

More importantly, the petitioner's descent from Schaghticoke Indians of the early 1800's, as identified by the State records, is well documented. While the exact "blood-line" connections to the previous generations in the 1700's are less sure, there is more than enough evidence to show the reasonable likelihood of the connection as well. Therefore, based on the evidence available at this time, the petitioner has demonstrated that it descends from the historical Schaghticoke tribe as identified by the State in the early 1800's and therefore meets the requirements of criterion 83.7(e).

The petitioner meets the requirements of criterion 83.7(d) because it has submitted a governing document, including a description of its membership criteria, criterion 83.7(f) because its members are not enrolled with federally recognized tribes, and criterion 83.7(g) because the group or its members have not been the subject of congressional legislation which has expressly terminated or forbidden the Federal relationship.

The evidence available for this proposed finding demonstrates that the Schaghticoke Tribal Nation does not meet all seven criteria required for Federal acknowledgment. In accordance with the regulations, failure to meet any one of the seven criteria requires a determination that the group does not exist as an Indian tribe within the meaning of Federal law (83.6(c), 83.10(m)).

A copy of this proposed finding, which summarizes the evidence, reasoning, and analyses that are the basis for decision is available upon written request (83.10(h)).

During the comment period, the Assistant Secretary shall provide technical advice concerning the proposed finding (83.10(j)(i)). Under the court-approved agreement any interested party, including any parties or amici curiae to the litigation, who wishes to request a formal on-the-record technical assistance meeting under 25 CFR 83.10(j)(2), must make their request not later than 30 days after service of the proposed finding. A formal technical

assistance meeting will be held within 60 days of the first such request. The proceedings of this meeting shall be on the record. The meeting record shall be available to any participating party and will become part of the record considered by the Assistant Secretary in reaching a final determination (83.10(j)(2)).

Parties to the litigation have six months from the service of the proposed finding to provide comments, documents and arguments on the proposed finding to the Department. Interested and informed parties who are not also parties to the litigation have 180 days from the date of publication of this notice in the **Federal Register** to provide comments to the Department. Comments on the proposed finding should be submitted in writing to the Office of the Assistant Secretary—Indian Affairs, 1849 C Street, NW., Washington, DC 20240, Attention: Branch of Acknowledgment and Research, Mail Stop 4660–MIB. The petitioner and all interested and informed parties commenting on the proposed finding must provide copies of their comments to all parties and amici curiae to the litigation at the same time. The addresses of the petitioners, parties and amici curiae are available from the Department upon request.

The petitioner shall file any reply to these comments with the Department within 30 days of the close of the comment period. After consideration of the written arguments and evidence submitted during the comment period and the petitioner's response to the comments, the AS–IA will make a final determination regarding the petitioner's status within four months of the end of the petitioner's reply period and publish notice of this final determination in the **Federal Register**.
