FEDERAL RESERVE SYSTEM

[Docket No. OP-1765]

Framework for the Supervision of Insurance Organizations; Extension of Comment Period

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notification of extension of comment period.

SUMMARY: On February 4, 2022, the Board of Governors of the Federal Reserve System (Board), published in the **Federal Register** a proposed supervisory framework for depository institution holding companies that are significantly engaged in insurance activities, or supervised insurance organizations. The Board has determined that an extension of the comment period until May 5, 2022, is appropriate, and is therefore making that extension.

DATES: Comments must be received by May 5, 2022.

ADDRESSES: You may submit comments by any of the methods identified in the proposal.

FOR FURTHER INFORMATION CONTACT:

Thomas Sullivan, Senior Associate Director, (202) 475-7656; Matt Walker, Manager, (202) 872-4971; Brad Roberts, Lead Insurance Policy Analyst, (202) 452-2204; or Joan Sullivan, Senior Insurance Policy Analyst, (202) 912-4670, Division of Supervision and Regulation; or Charles Gray, Deputy General Counsel, (202) 872-7589; Andrew Hartlage, Senior Counsel, (202) 452-6483; or Christopher Danello, Senior Attorney, (202) 736-1960, Legal Division, Board of Governors of the Federal Reserve System, 20th and C Streets NW, Washington, DC 20551. For users of TTY-TRS, please call 711 from any telephone, anywhere in the United States.

SUPPLEMENTARY INFORMATION: On February 4, 2022, the Board published in the **Federal Register** a proposed supervisory framework for depository institution holding companies that are significantly engaged in insurance activities, or supervised insurance organizations.¹ The proposed framework would provide a supervisory approach that is designed specifically to

reflect the differences between banking and insurance. Within the framework, the application of supervisory guidance and the assignment of supervisory resources would be based explicitly on a supervised insurance organization's complexity and individual risk profile. The proposed framework would formalize the ratings applicable to these firms with rating definitions that reflect specific supervisory requirements and expectations. It would also emphasize the Board's policy to rely to the fullest extent possible on work done by other relevant supervisors, describing, in particular, the way it will rely more fully on reports and other supervisory information provided by state insurance regulators to minimize the burden associated with supervisory duplication.

The notice of proposed guidance stated that the comment period would close on April 5, 2022. The Board subsequently received a request to extend the comment period. An extension of the comment period will provide additional opportunity for the public to consider the proposal and prepare comments, including to address the questions posed by the Board in the proposal. Therefore, the Board is extending the end of the comment period for the proposal from April 5, 2022, to May 5, 2022.

By order of the Board of Governors of the Federal Reserve System, acting through the Secretary of the Board under delegated authority, March 21, 2022.

Ann E. Misback,

Secretary of the Board.

Analysis of Proposed Consent Order To Aid Public Comment

The Federal Trade Commission (“FTC” or “Commission”) has accepted, subject to final approval, an agreement containing a consent order from Electronic Payment Systems, LLC, also d/b/a EPS, Electronic Payment Transfer, LLC, also d/b/a EPS, John Dorsey, and Thomas McCann (“EPS”).

The Commission has placed the proposed Order on the public record for thirty days for receipt of comments by interested persons. Comments received during this period will become part of the public record. After thirty days, the Commission will again review the agreement and the comments received, and will decide whether it should withdraw from the agreement and take appropriate action or make final the agreement’s proposed Order.

Respondent Electronic Payment Systems, LLC is an independent sales organization (“ISO”) that serves as an intermediary between merchants seeking to open credit card merchant accounts and its acquiring bank, which is the bank that has access to the credit card networks. John Dorsey and Thomas McCann are officers and the owners of EPS.

The Commission’s proposed Complaint alleges that, in 2012 and 2013, EPS served as the ISO for the entities involved in a deceptive telemarketing scam called Money Now Funding (“MNF” or “MNF scam”). The FTC sued MNF in 2013 for telemarketing worthless business opportunities to consumers and falsely promising that consumers would earn thousands of dollars in income. The principals of the MNF scam went to great lengths to hide their identities behind many phony businesses. In order to charge consumers’ credit cards but make it difficult to trace the money back to MNF, MNF engaged in a credit card laundering scheme whereby its principals and employees created numerous fictitious companies. Those fictitious companies, through a sales agent, submitted applications for merchant accounts to EPS. With knowledge of the misconduct, EPS then opened merchant accounts in the names

of these fictitious companies, and victim credit card charges were processed through those accounts, rather than through a single merchant account in the name of MNF. With similar knowledge, EPS engaged in the underwriting and approval of MNF's fictitious companies and submitted merchant account applications for these fictitious companies to its acquirer. Using the services of two payment processors, EPS enabled more than \$4.6 million in MNF transactions to be processed through these and other fraudulent merchant accounts.

The Commission's proposed Complaint alleges that EPS's conduct regarding the MNF fictitious companies and their merchant accounts constituted an unfair act or practice under Section 5 of the FTC Act and assistance and facilitation of illegal credit card laundering under Section 310.3(b) of the Telemarketing Sales Rule, 16 CFR 310.3(b); see also § 310.3(c) (banning credit card laundering).

The proposed Order contains provisions designed to prevent EPS from engaging in the same or similar acts or practices in the future. Section I of the proposed Order contains prohibitions against engaging in credit card laundering; engaging in tactics to evade fraud monitoring or risk monitoring programs; providing payment processing services to any merchant that is engaged in any act or practice that is, or is likely to be, deceptive or unfair; and providing payment processing services to, or acting as an ISO for, any merchant that is listed on the MasterCard Member Alert to Control High-Risk Merchants (MATCH) list for several enumerated reasons.

Section II imposes screening requirements that EPS must implement when it screens applications from prospective merchants that fall under the definition of "Additional Review Merchants." The definition of Additional Review Merchant includes categories of EPS merchants that have been the subject of FTC cases: Merchants who engage in outbound telemarketing and merchants selling specific services (debt collection, debt relief, credit-related services, rental housing listings, job listings, or "Money Making Opportunities," as defined in the order). Heightened screening of Additional Review Merchants includes obtaining detailed information about the merchant's business, as laid out in the order. EPS would also be required to take reasonable steps to verify the accuracy of the due diligence information it obtains.

Section III requires increased monitoring of Additional Review Merchants. The order requires EPS to investigate merchants whose chargeback rate exceeds 1% and whose total number of chargebacks exceeds 55 per month in two of the preceding six months. Section IV requires monitoring of sales agents and termination of sales agents who are engaged in tactics to conceal credit card laundering.

Sections V through IX are reporting and compliance provisions that allow the Commission to better monitor EPS's ongoing compliance with the Order. Under Section IX, the Order will expire in twenty years, with certain exceptions.

The purpose of this analysis is to aid public comment on the proposed Order. It is not intended to constitute an official interpretation of the Complaint or proposed Order, or to modify in any way the proposed Order's terms.

By direction of the Commission.

April J. Tabor,

Secretary.
