

hour × 880 hours = \$55,369.60). Based on this analysis, the collection of information would impose a total burden to applicants of 880 hours at a cost of \$55,370.

Request for Comments:

CPSC requests that interested parties submit comments regarding this proposed information collection (see the **ADDRESSES** section at the beginning of this notice). Pursuant to 44 U.S.C. 3506(c)(2)(A), the Commission specifically invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of CPSC's functions, including whether the information will have practical utility;
- The accuracy of CPSC's estimate of the burden of the proposed collection of information;
- Ways to enhance the quality, utility, and clarity of the information the Commission proposes to collect; and
- Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC- 2025-0004]

Agency Information Collection Activities; Proposed Collection; Comment Request; Carbon Monoxide Poisoning Prevention Grant Program Application

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of information collection; request for comment.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) requests comments on a request for approval from the Office of Management and Budget (OMB) for a new information collection. The proposed collection is for an application by which potential grant recipients may request funding under CPSC's Carbon Monoxide Poisoning Prevention Grant Program (COPPGP). The COPPGP provides funds for state, local and tribal governments to reduce the number of injuries and deaths from carbon monoxide poisoning. Before CPSC may

collect this information from the public, it must solicit public comment on this proposed collection of information and receive OMB approval. This notice describes the collection of information for which CPSC intends to seek OMB approval.

DATES: Submit comments on the collection of information by May 12, 2025.

ADDRESSES: You may submit comments, identified by Docket No. CPSC-2025-0004, within 60 days of publication of this notice by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <http://www.regulations.gov>. Follow the instructions for submitting comments. Do not submit through this website: confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. The Commission typically does not accept comments submitted by email, except as described below.

Mail/hand delivery/courier/written submissions: CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal. You may, however, submit comments by mail/hand delivery/courier to: Office of the Secretary, Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; telephone (301) 504-7923.

Instructions: All submissions received must include the agency name and docket number for this notice. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <http://www.regulations.gov>. If you wish to submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public, you may submit such comments by mail, hand delivery, or courier, or you may email them to cpsc-os@cpsc.gov.

Docket: For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, insert docket number CPSC-2025-0004 into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814; (301) 504-7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (44

U.S.C. 3501-3521), before an agency submits a proposed collection of information to OMB for approval, it must first publish a document in the **Federal Register** providing a 60-day comment period and otherwise consult with members of the public and affected agencies concerning the proposed collection of information. In this notice we provide the estimated burden associated with applications for grants from COPPGP, which provides funding to eligible state, local and tribal governments to reduce deaths and injuries from carbon monoxide poisoning.

Under the PRA, an agency must publish the following information:

- A title for the collection of information;
- A summary of the collection of information;
- A brief description of the need for the information and the proposed use of the information;
- A description of the likely respondents and proposed frequency of response to the collection of information;
- An estimate of the burden that will result from the collection of information; and
- Notice that comments may be submitted to the agency and OMB.

44 U.S.C. 3507(a)(1)(D). In accordance with this requirement, the Commission provides the following information:¹

Title: Carbon Monoxide Poisoning Prevention Grant Program Application.
OMB Number: New.

Type of Request: New information collection request.

Type of Review Requested: Regular.
Requested Expiration Date of

Approval: Three years from date of approval.

Summary of the Collection of Information: The Nicholas and Zachary Burt Memorial Carbon Monoxide Poisoning Prevention Act of 2022 (NZB Act) authorizes CPSC to provide funding for the Carbon Monoxide Poisoning Prevention Grant Program (COPPGP). 15 U.S.C. 2090. The COPPGP provides two-year grants to eligible state, local or tribal governments to reduce deaths and injuries from carbon monoxide poisoning. The grant awards can range from \$50,000 to \$400,000 per applicant. Prospective applicants will be able to access the grant application on *Grants.gov* and apply electronically through GrantSolutions. Applicants will be required to complete common forms²

¹ On March 4, 2025, the Commission voted (5-0) to publish this notice.

² A common form is an approved information collection and can be used by two or more agencies.

used for federal grants, as well as up to six additional attachments specific to COPPGP. Awards are posted to the CPSC's website and via press release.

Description of the Need for the Information and Proposed Use of the Information: The COPPGP provides eligible state, local, and tribal governments with funding to purchase and install carbon monoxide alarms and to develop training and public education programs in accordance with 15 U.S.C. 2090(e). The information collected through the application for COPPGP grants is used to determine eligibility and to provide funding to reduce deaths and injuries from carbon monoxide poisoning.

Affected Public: State, Local or Tribal or U.S. Territory Government.

Estimated Number of Respondents: CPSC expects up to 35 respondents annually.

Frequency: Annual.

Total Estimated Annual Burden: To apply for the COPPGP, in addition to completing common forms,³ an applicant would typically provide six attachments specific to the grant program.

- Attachment 1, the introduction, provides a table of contents and introduction and is estimated to take one hour to prepare, on average.
- Attachment 2, legal eligibility, provides references necessary to support that the applicant meets the legal eligibility requirements of the NZB Act and is estimated to take one hour to prepare, on average.
- Attachment 3, the work plan, provides the framework and describes all aspects of the proposed project and is estimated to take 40 hours to prepare, on average.
- Attachment 4, the budget table, provides a budget narrative and table for the 2-year project schedule and is estimated to take 10 hours to prepare, on average.
- Attachment 5, cost share, is an additional narrative documenting cost share on the budget (not required for tribal governments) and is estimated to take five hours to prepare, on average.
- Attachment 6, the indirect cost rate agreement, substantiates indirect costs

that the NZB Act states may be reimbursed as permissible administrative costs and is estimated to take one hour to prepare, on average.

CPSC estimates it would take the applicant approximately 58 hours to compile attachments 1–6, except for tribal governments which would take approximately 53 hours because attachment 5 is not required. CPSC expects to receive 35 grant applications that utilize the attachments described, for a total burden hour estimate of 2,030 hours (58 hours per application × 35 applications). The actual burden may be slightly lower depending on the number of tribal government applications. However, to estimate the maximum burden, these estimates assume all applications to be non-tribal government applications.

Total Estimated Annual Burden Cost: CPSC estimates the compensation for the creation and compilation of attachments 1–6 is \$62.92 per hour (U.S. Bureau of Labor Statistics, “Employer Costs for Employee Compensation,” September 2024, total compensation for state and local government workers: https://www.bls.gov/news.release/archives/lecec_12172024.pdf). Therefore, the estimated annual cost of the burden requirements is \$127,728 (\$62.92 per hour × 2,030 hours = \$127,727.60). Based on this analysis, the collection of information would impose a total burden to applicants of 2,030 hours at a cost of \$127,728.

Request for Comments:

CPSC requests that interested parties submit comments regarding this proposed information collection (see the **ADDRESSES** section at the beginning of this notice). Pursuant to 44 U.S.C. 3506(c)(2)(A), the Commission specifically invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of CPSC's functions, including whether the information will have practical utility;
- The accuracy of CPSC's estimate of the burden of the proposed collection of information;
- Ways to enhance the quality, utility, and clarity of the information the Commission proposes to collect; and
- Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

Alberta E. Mills,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

DEPARTMENT OF ENERGY

Environmental Management Site-Specific Advisory Board, Oak Ridge

AGENCY: Office of Environmental Management, Department of Energy.

ACTION: Notice of open meeting.

SUMMARY: This notice announces an in-person/virtual hybrid meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Oak Ridge. The Federal Advisory Committee Act requires that public notice of this meeting be announced in the **Federal Register**.

DATES: Wednesday, April 9, 2025; 6–8 p.m. EDT.

ADDRESSES: Department of Energy (DOE) Information Center, Office of Science and Technical Information, 1 Science.gov Way, Oak Ridge, Tennessee 37831. This hybrid meeting will be in-person at the DOE Information Center and virtually via Zoom. To attend virtually, please send an email to: orssab@orem.doe.gov by 5 p.m. EDT on Monday, April 7, 2025.

FOR FURTHER INFORMATION CONTACT:

Melyssa P. Noe, Deputy Designated Federal Officer, U.S. Department of Energy, Oak Ridge Office of Environmental Management (OREM), P.O. Box 2001, EM–942, Oak Ridge, TN 37831; Phone (865) 241–3315; or Email: Melyssa.Noe@orem.doe.gov or visit the website at www.energy.gov/orssab.

SUPPLEMENTARY INFORMATION:

Purpose of the Board: The purpose of the Board is to provide advice and recommendations concerning the following EM site-specific issues: clean-up activities and environmental restoration; waste and nuclear materials management and disposition; excess facilities; future land use and long-term stewardship. The Board may also be asked to provide advice and recommendations on any EM program components.

Tentative Agenda:

- OREM Presentation to the Board
- Discussion
- Public Comment Period
- Board Business

Public Participation: This meeting is open to the public. The EM SSAB, Oak Ridge, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Melyssa P. Noe at least seven days in advance of the meeting at the phone number listed above. Written statements may be filed

or government-wide, for the same purpose. See <https://pra.digital.gov/clearance-types/>.

³ The common forms include: SF–424A Budget Information—Non-Construction (OMB No. 4040–0006), SF–424B Assurances—Non-Construction Programs (OMB No. 4040–0007), Project Abstract Summary (OMB No. 4040–0019), SF–424 Application for Federal Assistance (OMB No. 4040–0020), and SF–LLL Disclosure of Lobbying Activities (OMB No. 4040–0013). To avoid double counting, the estimated burden for this collection does not include burden approved under these common forms.
