

the Office of the Assistant Secretary of defense (Health Affairs)/TRICARE Management Activity will undertake an evaluation of the Department of Defense's TRICARE Standard healthcare option. HPAE will collect and analyze data that are necessary to meet the requirements outlined in section 723 of the National Defense Authorization Act for Fiscal Year 2004. Activities include the collection and analysis of data obtained from civilian physicians (M.D.s & D.O.s) within U.S. TRICARE market areas. Specifically, telephone surveys of civilian providers will be conducted in the TRICARE market areas to determine how many healthcare providers are accepting new patients under TRICARE Standard in each market area. The telephone surveys will be conducted in at least 20 TRICARE market areas in the United States each fiscal year until all market areas in the United States have been surveyed. In prioritizing the order in which these market areas will be surveyed, representatives of TRICARE beneficiaries will be consulted in identifying locations with historical evidence of access-to-care problems under TRICARE Standard. These areas will receive priority in surveying. Information will be collected telephonically to determine the number of healthcare providers that currently accept TRICARE Standard beneficiaries as patients under TRICARE Standard in each market area. Providers will also be asked if they would accept TRICARE Standard beneficiaries as new patients under TRICARE Standard. Analyses and reports will include all legislative requirements.
