

comments were received. Since that publication, however, the information collection request has been disaggregated into three smaller requests: one for the Good Neighbor Next Door Program, one for the Dollar Home Sales Program, and this request. This revision now presents only documents related to the Sales Contract and related addendums. Among the changes are a revised Form HUD-9548, Sales Contract, which brings the form into conformity with current property disposition program practices, a revised HUD 9548-B, Discount Sales Addendum, used for Sales to Nonprofit Organization and Governmental Entities (formerly the Land Use Restriction Addendum), and other addendums relating to lead-based paint. The Sales Contract and related addendums are used as binding contracts between purchasers and HUD and are necessary for the proper disposition of HUD-owned properties.

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability of record of decision.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces the decision and availability of the Record of Decision (ROD) for the Final Comprehensive Conservation Plan and Environmental Impact Statement (Final CCP/EIS) for the Sweetwater Marsh and South San Diego Bay Units of the San Diego Bay National Wildlife Refuge (NWR or Refuge). A thorough analysis of the environmental, social, and economic considerations was completed and presented in the Final CCP/EIS. The Final CCP/EIS was released to the public and a Notice of Availability was published in the **Federal Register** on August 25, 2006. The ROD documents the Service's decision to adopt and implement Alternative C (Implement Habitat Enhancement and Restoration and Improve Existing Public Uses) for the Sweetwater Marsh Unit and Alternative D (Expand Habitat Management, Enhance Nesting Opportunities, Maximize Habitat Restoration, and Provide Additional Public Use Opportunities) for the South San Diego Bay Unit.

DATES: The ROD was signed by the Manager, California/Nevada Operations, U.S. Fish and Wildlife Service on September 29, 2006.

SUPPLEMENTARY INFORMATION: The San Diego Bay NWR, which consists of the Sweetwater Marsh and South San Diego Bay Units, is located approximately 10 miles north of the United States Mexico border in southwestern San Diego County, California. Collectively, the two Refuge Units encompass approximately 2,620 acres of land and water in and around the south end of San Diego Bay. The coastal wetlands protected within this Refuge annually provide essential foraging and resting habitat for tens of thousands of migratory shorebirds and wintering waterfowl traveling along the Pacific Flyway. The South San Diego Bay Unit also provides nesting habitat for a variety of colonial nesting seabirds.

The Sweetwater Marsh Unit was established as a National Wildlife Refuge in 1988. Encompassing approximately 316 acres, this Refuge was established to protect federally listed endangered and threatened species. The South San Diego Bay Unit was established in 1999 as a unit of the San Diego National Wildlife Refuge for the purpose of protecting, managing, and restoring habitats for federally listed endangered and threatened species and migratory birds. The Service currently manages approximately 2,300 acres of the 3,940 acres included within the Unit's approved acquisition boundary. The majority of this management area is leased to the Service by the California State Lands Commission.

The Final CCP will provide guidance for how the refuge, its resources, and compatible public uses should be managed over the next 15 years. Three alternatives for the Sweetwater Marsh Unit and four alternatives for the South San Diego Bay Unit, along with the consequences of implementing each alternative, were described in detail in the Draft and Final CCP/EIS. The Draft CCP/EIS was distributed for public review and comment on July 22, 2005 and comments were accepted through September 19, 2005. The Service received 38 written comment letters and four individuals presented verbal comments at a public meeting held on August 30, 2005. All substantive issues raised in these comments were addressed through changes incorporated into the Final CCP/EIS and/or through responses to the comments, which are included in Appendix P, Responses to Comments, of the Final CCP/EIS.

The ROD for the San Diego Bay NWR Final CCP/EIS has been prepared by the Service in compliance with the National
