

organizations will be invited to notify their members about this research. There are no costs to respondents. Of the 250 individuals screened through a

telephone interview, 15 will be selected for individual interviews, 30 will be selected for triads and 80 will be selected for participation in focus

groups. The estimated annualized burden is 311 hours.

Annualized Burden Table:

Respondents	Number of respondents	Number of responses per respondent	Average response per respondent
Telephone call screener	250	1	6/60
Individual interviews (Physicians)	18	1	2
Individual interviews (Patients and siblings)	15	1	12
Triads	30	1	22
Focus Groups	80	1	32

¹ Includes interview and exit survey.

² Includes triad and exit survey.

³ Includes focus group and exit survey.

Dated: July 19, 2004.

Proposed Data Collections Submitted for Public Comment and Recommendations

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 498-1210 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Human Resources and Housing Branch, New Executive Office Building, Room 10235, Washington, DC 20503 or by fax to (202) 395-6974. Written comments should be received within 30 days of this notice.

Proposed Project

Accommodation of Noise-Exposed, Hearing-Impaired Workers—New—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).

Background

CDC, National Institute for Occupational Safety and Health's mission is to promote safety and health at work for all people through research and prevention. This study will evaluate the effectiveness of an evaluation and intervention protocol that can be used to accommodate the special needs of noise-exposed, hearing-impaired workers so that they can continue to perform their jobs safely while preventing additional hearing loss. Three General Motors (GM) manufacturing plants have agreed to participate in the field-testing phase of this project as part of the Memorandum of Understanding between NIOSH, the General Motors Corporation and the International Union, United Automotive, Aerospace and Agricultural Implement Workers of America (UAW) which was signed on October 23, 2000. Beginning in 2002 and continuing into 2003, the field study proposal was developed in consultation with representatives from GM and the UAW from each of the three plants. The field study is scheduled to begin during 2004 and to conclude during 2005.

One hundred noise-exposed, hearing-impaired workers will be enrolled in the study. Participants will complete the necessary release of information forms, receive a clinical hearing evaluation and case history interview by a certified audiologist to identify the type of hearing protection most appropriate for them, and be provided with this protector for use in their actual job. As part of the impact and evaluation component of this project, each study participant will fill out a 36-item pre-intervention Hearing Protection Device (HPD) Questionnaire at the time he or she enrolls in the study. The HPD Questionnaire is an expansion of a previously approved HPD questionnaire (OMB No. 0920-0552) which was developed in 1999 by NIOSH researchers. The post-intervention HPD Questionnaire will be mailed to each participant along with the 7-item Post-Intervention Questionnaire following a one-year trial with the study HPD. NIOSH researchers will use this information to assess the success of the evaluation and HPD selection protocol, and make recommendations to hearing health professionals and hearing conservation program managers, regarding the auditory management of noise-exposed, hearing-impaired workers. This request is for 2 years. The estimated annualized burden is 88 hours; there are no costs to respondents.

ANNUALIZED BURDEN TABLE

Respondents	Number of respondents	Number of responses per respondents	Average burden per response (in hrs.)
Request and Authorization for Release of Information from GM	50	1	5/60
Request and Authorization for Release of Information from Clinic	50	1	5/60
Contact Information Card	50	1	2/60
Pre-Intervention HPD Questionnaire	50	1	15/60
Post-Intervention HPD Questionnaire	50	1	15/60
Case History Questionnaire	50	1	10/60
Telephone Follow-Up Call	50	6	7/60
Post-Intervention Questionnaire	50	1	10/60

HUMAN SERVICES**

**Administration for Children and
Families**

**Proposed Information Collection
Activity; Comment Request**

Proposed Projects
Title: Head Start Program Information
Report.
OMB No.: 0980–0017.
Description: The Head Start Bureau is
proposing to renew authority to collect

information using the Head Start
Program Information Report (PIR). The
PIR provides information about Head
Start and Early Head Start services
received by the children and families
enrolled in Head Start programs. The
information collected in the PIR is used
to inform the public about these
programs and to make periodic reports
to Congress about the status of children
in Head Start programs as required by
the Head Start statute.

Respondents: Head Start and Early
Head Start program grants recipients.

ANNUAL BURDEN ESTIMATES				
Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
45 CFR Part 1301	2690	1	4	10,760

Estimated Total Annual Burden
Hours: 10,760.
In compliance with the requirements
of section 3506(c)(2)(A) of the
Paperwork Reduction Act of 1995, the
Administration for Children and
Families is soliciting public comment
on the specific aspects of the
information collection described above.
Copies of the proposed collection of
information can be obtained and
comments may be forwarded by writing
to the Administration for Children and
Families, Office of Information Services,
370 L'Enfant Promenade, SW.,
Washington, DC 20447, Attn: ACF
Reports Clearance Officer. E-mail
address: grjohnson@acf.hhs.gov. All
requests should be identified by the title
of the information collection.
The Department specifically requests
comments on: (a) Whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information shall have
practical utility; (b) the accuracy of the
agency's estimate of the burden of the
proposed collection of information; (c)
the quality, utility, and clarity of the
information to be collected; and (d)
ways to minimize the burden of the
collection of information on
respondents, including through the use
of the automated collection techniques
or other forms of information

technology. Consideration will be given
to comments and suggestions submitted
within 60 days of this publication.

Dated: July 19, 2004.

**Submission for OMB Review;
Comment Request**

Title: Schedule UDC: Itemized
Undistributed Collections.
OMB No.: New Collection.
Description: Although State child
support enforcement agencies
successfully collect and distribute
billions of dollars every fiscal year, a
certain portion of the collections remain
undistributed. In some instances
collections remain undistributed
relatively briefly, pending the resolution
of an assortment of administrative or
legal processes; in other instances
collections remain undistributed
indefinitely as a result of circumstances
beyond the State's control.
State agencies have requested the
ability to differentiate and report to the

Office of Child Support Enforcement
(OCSE) the nature of those collections.
In addition, in its recent report, the
Government Accounting Office
recommended that OCSE conduct
periodic reviews of undistributed
collection data to “* * * help improve
the accuracy of the data.” (Report GAO–
04–377, March 19, 2004, “Child Support
Enforcement: Better Data and More
Information on Undistributed
Collections Are Needed”). This
supporting schedule, which will be
submitted quarterly as an attachment to
Form OCSE–34A, the “Quarterly Report
of Collections,” is being implemented to
meet those requirements and will enable
each state to differentiate and itemize its
undistributed collections by category
and age and will enable OCSE to review
and analyze this information and to
recommend management methodologies
to reduce the undistributed collection
balance.
Comments sent to the Office of Child
Support Enforcement, both directly and
in response to the **Federal Register**
notice published October 8, 2003 (68 FR
58110, *et seq.*), provided many useful
recommendations and suggestions to
improve and clarify the wording of the
instructions that accompany this form.
Respondents: State IV–D agencies
administering the Child Support
Enforcement Program under Title IV–D
of the Social Security Act.
