

ESTIMATED RESPONDENT BURDEN WAVES 3 THROUGH 7 (1/1/01 THROUGH 12/31/03)—Continued

Type of respondents	Estimated number of respondents	Estimated number of responses per respondent	Average time in hours per response	Estimated total burden hours	Estimated annual hour burden (over 3 years)
Parents	4,564	2	.92	8,398	2,799
Total estimated burden	43,170		.54	23,323	7,774

There are no Capital Costs to report. There are no Operating or Maintenance Costs to report. Because of the sensitivity of collecting data from families in households involving children as young as 9 years old, and the importance of minimizing costs for repetitive, return visits to obtain respondent cooperation, NIDA provides a reasonable cost incentive to reimburse respondents for their time, as approved by OMB.
