

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with this section would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Chairman or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with disabilities receive the benefits and services of the program or activity.

§§ 2205.161–2205.169 [Reserved]

§ 2205.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of disability in programs or activities conducted by the agency in violation of section 504. Paragraphs (c) through (j) of this section also apply to all complaints alleging a violation of the agency's responsibility to procure electronic and information technology under section 508, whether filed by members of the public or agency employees or applicants.

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1614 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(2) The Executive Director shall be responsible for coordinating implementation of this section. Complaints shall be sent to Executive Director, Occupational Safety and Health Review Commission, One Lafayette Centre, 1120 20th Street, NW., 9th Floor, Washington, DC 20036–3457. Complaints shall be filed with the Executive Director within 180 days of the alleged act of discrimination. A complaint shall be deemed filed on the date it is postmarked, or, in the absence of a postmark, on the date it is received by the agency. The agency may extend this time period for good cause.

(d)(1) The agency shall accept a complete complaint that is filed in accordance with paragraph (c) of this section and over which it has jurisdiction. The Executive Director shall notify the complainant and the respondent of receipt and acceptance of the complaint.

(2) If the agency receives a complaint that is not complete, the Executive Director shall notify the complainant, within 30 days of receipt of the incomplete complaint, that additional information is needed. If the complainant fails to complete the complaint within 30 days of receipt of this notice, the Executive Director shall dismiss the complaint without prejudice and shall so inform the complainant.

(3) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate government entity.

(e) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), or section 502 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 792), is not readily accessible to and usable by individuals with disabilities.

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(g) Appeals of the findings of fact and conclusions of law or remedies must be filed with the Chairman by the complainant within 90 days of receipt from the agency of the letter required by paragraph (f) of this section. The agency may extend this time for good cause. Appeals shall be sent to the Chairman, Occupational Safety and Health Review Commission, One Lafayette Centre, 1120 20th Street, NW., 9th Floor, Washington, DC 20036–3457. An appeal shall be deemed filed on the date it is postmarked, or, in the absence of a postmark, on the date it is received by the agency. It should be clearly marked “Appeal of Section 504 decision” or “Appeal of Section 508 decision” and should contain specific objections explaining why the complainant believes the initial decision was factually or legally wrong. Attached to the appeal letter should be a copy of the initial decision being appealed.

(h) Timely appeals shall be accepted and decided by the Chairman. The Chairman shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the Chairman determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(i) The time limits cited in paragraphs (f) and (h) of this section may be extended with the permission of the Assistant Attorney General.

(j) The agency may delegate its authority for conducting complaint investigations to other Federal agencies or may contract with non-Federal entities to conduct such investigations, except that the authority for making the final determination may not be delegated.

Basis and Purpose

On August 13, 2011 from 8:30 a.m. to 12 p.m. The Organization to Support the Arts, Infrastructure, and Learning on Lake Gaston, also known as O’SAIL, will sponsor “The Crossing” on the waters of Lake Gaston, adjacent to Enterprise, North Carolina. The swim event will consist of approximately 200 swimmers entering Lake Gaston at the Morning Star Marina on the north bank of Lake Gaston, east of the Eaton Ferry Bridge, and swimming south along the eastern side of Eaton Ferry Bridge to the Waterview Restaurant. A fleet of spectator vessels are expected to gather near the event site to view the competition. To provide for the safety of the participants, spectators and other transiting vessels, the Coast Guard will temporarily restrict vessel traffic in the event area during this event.

In an effort to enhance safety of event participants the channel in the vicinity of Eaton Ferry Bridge will remain closed during event on August 13, 2011 from 8:30 a.m. to 12 p.m. The Coast Guard will temporarily restrict access to this section of Lake Gaston during the event.

Discussion of Proposed Rule

The Coast Guard proposes to establish Special Local Regulations that will restrict vessel movement on the specified waters of Lake Gaston, Enterprise, NC. During the Marine Event no vessel will be allowed to transit the waterway unless the vessel is given permission from the Patrol Commander to transit.

The Special Local Regulation will encompass the waters of Lake Gaston under the Eaton Ferry Bridge, latitude 36°31'06" North, longitude 077°57'37" West, and within 100 yards of the eastern side of Eaton Ferry Bridge. All vessels are prohibited from transiting this section of the waterway while the regulation is in effect. Entry into the regulated area will not be permitted except as specifically authorized by the Captain of the Port or a designated representative. To request permission to transit the area, mariners may contact Coast Guard Sector North Carolina at (252) 247-4570. The regulated area will be enforced from 8:30 a.m. to 12 p.m. on August 13, 2011. This proposed restriction on vessel movement on and access to this waterway is aimed at protecting the safety of the swimmers participating in the event.

Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that those Orders.

Although this regulation will restrict access to the area, the effect of this rule will not be significant because the regulated area will be in effect for a limited time, from 8:30 a.m. to 12 p.m., on August 13, 2011. The Coast Guard will give advance notification via maritime advisories so mariners can adjust their plans accordingly, and the regulated area will apply only to the section of Lake Gaston in the immediate vicinity of the Eaton Ferry Bridge. Coast Guard vessels enforcing this regulated area can be contacted on marine band radio VHF-FM channel 16 (156.8 MHz).

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit

organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which may be small entities: The owners or operators of recreational vessels intending to transit the specified portion of Lake Gaston from 8:30 a.m. to 12 p.m. on August 13, 2011.

This rule will not have a significant economic impact on a substantial number of small entities for the following reasons. This rule will only be in effect for 3 and one-half hours from 8:30 a.m. to 12 p.m. The regulated area applies only to the section of Lake Gaston in the vicinity of the Eaton Ferry Bridge and traffic may be allowed to pass through the regulated area with the permission of the Coast Guard Patrol Commander. In the case where the Patrol Commander authorizes passage through the regulated area, vessels shall proceed at the minimum speed necessary to maintain a safe course that minimizes wake near the swim course. The Patrol Commander will allow non-participating vessels to transit the event area once all swimmers are safely clear of navigation channels and vessel traffic areas. Before the enforcement period, we will issue maritime advisories so mariners can adjust their plans accordingly.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104-121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact CWO3 Joseph Edge, Waterways Management Division Chief, Coast Guard Sector North Carolina, at (252) 247-4525. The Coast Guard will not retaliate against

small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520.).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive

Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023-01 and Commandant Instruction M16475.ID, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321-4370f), and have made a preliminary determination, under figure 2-1, paragraph 34(h) of the Instruction, that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. A preliminary

environmental analysis checklist supporting this determination is available in the docket where indicated under **ADDRESSES**. This proposed rule involves implementation of regulations within 33 CFR Part 100 that apply to organized marine events on the navigable waters of the United States that may have potential for negative impact on the safety or other interest of waterway users and shore side activities in the event area. This special local regulation is necessary to provide for the safety of the general public and event participants from potential hazards associated with movement of vessels near the event area. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.
