Boyne USA, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for a subsequent license for the Boyne River Hydroelectric Project, located on the Boyne River, in Boyne Valley Township, Charlevoix County, near Boyne Falls, Michigan. The project does not occupy federal land.

The EA contains staff's analysis of the potential environmental effects of the project and concludes that licensing the project, with appropriate environmental measures, would not constitute a major federal action that would significantly affect the quality of the human environment.
