OMB Control No. 3235-0469.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

- Rule 17Ad-17 Transfer Agents' Obligation to Search for Lost Securityholders

Rule 17Ad-17 requires approximately 825 registered transfer agents to conduct searches using third party database vendors to attempt to locate lost securityholders. These recordkeeping requirements assist the Commission and other regulatory agencies with monitoring transfer agents and ensuring compliance with the rule.

The staff estimates that the average number of hours necessary for each transfer agent to comply with Rule 17Ad-17 is five hours annually. The total burden is 4,125 hours annually for all transfer agents. The cost of compliance for each individual transfer agent depends on the number of lost accounts at each transfer agent. Based on information received from transfer agents, we estimate that the annual cost industry wide is \$3.3 million.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper

performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Form BDW, SEC File No. 270-17; OMB Control No. 3235-0018.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Fully registered broker-dealers and notice-registered broker-dealers use Form BDW (17 CFR 249.501a) to withdraw from registration with the Commission, the self-regulatory organizations, and the states. It is estimated that approximately 900 fully registered broker-dealers annually will incur an average burden of 15 minutes, or 0.25 hours, to file for withdrawal on Form BDW via the internet with Web CRD, a computer system operated by the National Association of Securities Dealers, Inc. that maintains information

regarding fully registered broker-dealers and their registered personnel. It is further estimated that 140 futures commission merchants that are notice-registered broker-dealers annually will incur an average burden of 15 minutes, or 0.25 hours, to file for withdrawal on Form BDW by sending the completed Form BDW to the National Futures Association, which maintains information regarding notice-registered broker-dealers on behalf of the Commission. The annualized compliance burden per year is 260 hours [1,040 (900 fully registered broker-dealers + 140 notice-registered broker-dealers) × .25 = 260 hours]. The annualized cost to respondents, utilizing staff at an estimated cost of \$101 per hour, would be \$26,260 (260 × \$101 = \$26,260).

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
