BILLING CODE 6351-01-M

CONSUMER PRODUCT SAFETY COMMISSION

Proposed Collection of Information; Comment Request—Safety Standard for Cigarette Lighters

AGENCY: Consumer Product Safety
Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed request for an extension of approval of a collection of information from manufacturers and importers of disposable and novelty cigarette lighters. This collection of information consists of testing and recordkeeping requirements in certification regulations implementing the Safety Standard for Cigarette Lighters (16 CFR part 1210). The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from the Office of Management and Budget.

DATES: The Office of the Secretary must receive written comments not later than May 5, 2003.

ADDRESSES: Written comments should be captioned "Cigarette Lighters" and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, DC 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Written comments may also be sent to the Office of the Secretary by facsimile at (301) 504-0127 or by e-mail at cpsc-os@cpsc.gov.

FOR FURTHER INFORMATION CONTACT: For information about the proposed extension of approval of the collection of information, or to obtain a copy of 16 CFR Part 1210, call or write Linda L. Glatz, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington DC 20207; telephone (301) 504-7671.

SUPPLEMENTARY INFORMATION: In 1993, the Commission issued the Safety Standard for Cigarette Lighters (16 CFR

Part 1210) under provisions of the Consumer Product Safety Act (CPSA) (15 U.S.C. 2051 *et seq.*) to eliminate or reduce risks of death and burn injury from fires accidentally started by children playing with cigarette lighters. The standard contains performance requirements for disposable and novelty lighters that are intended to make cigarette lighters subject to the standard resist operation by children younger than five years of age.

A. Certification Requirements

Section 14(a) of the CPSA (15 U.S.C. 2063(a)) requires manufacturers, importers, and private labelers of a consumer product subject to a consumer product safety standard to issue a certificate stating that the product complies with all applicable consumer product safety standards. Section 14(a) of the CPSA also requires that the certificate of compliance must be based on a test of each product or upon a reasonable testing program.

Section 14(b) of the CPSA authorizes the Commission to issue regulations to prescribe a reasonable testing program to support certificates of compliance with a consumer product safety standard. Section 16(b) of the CPSA (15 U.S.C. 2065(b)) authorizes the Commission to issue rules to require that firms "establish and maintain" records to permit the Commission to determine compliance with rules issued under the authority of the CPSA.

The Commission has issued regulations prescribing requirements for a reasonable testing program to support certificates of compliance with the standard for cigarette lighters. These regulations require manufacturers and importers to submit a description of each model of lighter, results of prototype qualification tests for compliance with the standard, and other information before the introduction of each model of lighter in commerce. These regulations also require manufacturers, importers, and private labelers of disposable and novelty lighters to establish and maintain records to demonstrate successful completion of all required tests to support the certificates of compliance that they issue. 16 CFR Part 1210, Subpart B.

The Commission uses the information compiled and maintained by manufacturers, importers, and private labelers of disposable and novelty lighters to protect consumers from risks of accidental deaths and burn injuries associated with those lighters. More specifically, the Commission uses this information to determine whether lighters comply with the standard by

resisting operation by young children. The Commission also uses this information to obtain corrective actions if disposable or novelty lighters fail to comply with the standard in a manner that creates a substantial risk of injury to the public.

The Office of Management and Budget (OMB) approved the collection of information in the certification regulations for cigarette lighters under control number 3041-0116. OMB's most recent extension of approval will expire on April 30, 2003. The Commission proposes to request an extension of approval without change for these collection of information requirements.

B. Estimated Burden

The cost of the rule's testing, reporting, recordkeeping, and other certification-related provisions is comprised of time spent by testing organizations on behalf of manufacturers and importers, and time spent by firms to prepare, maintain and submit records to CPSC. There are an estimated 60 firms involved. Each of the 60 affected firms are expected to test an average of one to two new models of lighters each year, for a total of 60-120 responses. Testing of two lighters is expected to take 175 hours, therefore, 60 firms times 175 hours equals 10,500 total hours requested. Many firms' submissions rely on previous testing (16 CFR 1210.14) of lighters. Thus, they may not need to do new child testing for lighters to qualify for importation.

The cost of the rule's testing, reporting, recordkeeping and other certification-related provisions is comprised of time spent by testing organizations on behalf of manufacturers and importers, and time spent by firms to prepare, maintain, and submit records to CPSC. Testing costs are estimated to total roughly \$15,000 per test series. If each of the 60 affected firms tests an average of one or two new models of lighters each year, total annual testing costs may be \$900,000 to \$1.8 million. The Commission staff has estimated record preparation at approximately \$42.32 per hour, on the average. For an average of roughly 20 to 40 hours per firm in a typical year, the total records preparation and submission costs for all 60 affected firms is approximately \$51,000 to \$102,000 per year. Total industry testing and administrative costs are therefore approximately \$951,000 to \$1.9 million per year. Total burden hours for testing and recordkeeping, using the two model per firm figures, would be 10,540 (10,500 for testing plus 40 for recordkeeping).

C. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: February 26, 2003.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

[CPSC Docket No. 02-2]

Matter of Daisy Manufacturing Co., d/b/a Daisy Outdoor Products, 400 West Stribling Drive, Rogers, AK 72756; Final Prehearing Conference

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of final prehearing conference.

DATES: This notice announces the final prehearing conference to be held in the matter of Daisy Manufacturing Company on April 21, 2003 at 10 a.m.

ADDRESSES: The final prehearing conference will be in room 410 of the Bethesda Towers Building, 4330 East West Highway, Bethesda, Maryland 20814.

FOR FURTHER INFORMATION CONTACT:

Todd A. Stevenson, Secretary, U.S. Consumer Product Safety Commission, Washington, DC; telephone (301) 504-7923; telefax (301) 504-0127.

SUPPLEMENTARY INFORMATION: This public notice is issued pursuant to 16 CFR 1025.21(c) of the U.S. Consumer Product Safety Commission's Rules of Practice for Adjudicative Proceedings to inform the public that a prehearing

conference will be held in an administrative proceeding under section 15 of the Consumer Product Safety Act ("CPSA"), 15 U.S.C. 2064, and section of the Federal Hazardous Substances Act ("FHSA"), 15 U.S.C. 1274, captioned CPSC Docket No. 02-2, In the Matter of Daisy Manufacturing Company doing business as Daisy Outdoor Products. The Presiding Officer in the proceeding is United States Administrative Law Judge William B. Moran. At this time, the Final Prehearing Conference is planned to be conducted by telephone. Those members of the public attending the conference will be able to listen to the conference, except for such portions, if any, which require that the public be excused. It is also possible that last minute issues may require that the parties' representatives attend the Conference in person.

The public is referred to 16 CFR 1025.21(a) for identification of the issues to be raised at the conference and is advised that the dates, times and places for the hearing also will be noted at this conference.

As stated in the **Federal Register** Notice announcing the First Prehearing Conference, substantively, the issues being litigated in this proceeding continue to include: Whether certain identified models of the Daisy Powerline Airgun, designed to shoot BBs or pellets, contain defects which create a substantial product hazard defect in that, allegedly, BBs can become lodged within a "virtual magazine," or fail to feed into the firing chamber, with the consequence that one may fire or shake the gun without receiving any visual or audible indication that it is still loaded. Consequently, the complaint asserts that these alleged problems can lead consumers to erroneously believe that the gun is empty and that such phenomena mean that the gun is "defective" within the meaning of section 15 of the CPSA, 15 U.S.C. 2064 and section 15 of the FHSA, 15 U.S.C. 1274.

The Complaint further alleges that the gun's design, by making it difficult to determine when looking into the loading port whether a BB is present, constitutes a "defect" under the CPSA and the FHSA and presents a "substantial product hazard," creating a substantial risk of injury to consumers, within the meaning of section 15(a)(2), of the CPSA, 15 U.S.C. 2064(a)(2), and presents a substantial risk of injury to children under sections 15(c)(1) and (c)(2) of the FHSA, 15 U.S.C. 1274(c)(1) and (c)(2). The public should continue to be mindful that these are allegations

only and that the CPSC staff bears the burden of proof in establishing any violations. Should these allegations be proven, Complaint Counsel for the Office of Compliance of the U.S. Consumer Product Safety Commission seeks a finding that these products present a substantial product hazard and present a substantial risk of injury to children and that public notification of such hazard and risk of injury be made pursuant to section 15(c) of the CPSA and that other appropriate relief be directed, as set forth in the Complaint.

Dated: February 27, 2003.

Todd A. Stevenson,
Secretary.

BILLING CODE 6355-01-M

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

Strategic Plan Review

AGENCY: Corporation for National and Community Service.

ACTION: Notice of request for comments.

SUMMARY: The Corporation for National and Community Service (hereinafter the "Corporation") announces a request for comments concerning its strategic plan. To comply with the Government Performance and Results Act (GPRA), the Corporation must revise its strategic plan by September, 2003. In making revisions, the Corporation seeks input from organizations and individuals interested in helping to define the Corporation's mission, goals, and strategies, including organization and management, to support a culture of citizenship, service, and responsibility in America. Final approval of the strategic plan rests with the Corporation's Board of Directors.

In addition to seeking input through this notice, the Corporation will hold a series of focus groups, meetings, and discussions with organizations and individuals interested in the Corporation. For further background information about the Corporation, you should visit our Web site at <http://www.cns.gov>. You may access the existing strategic plan at <http://www.cns.gov/about/1997-2002.pdf>.

DATES: The deadline for submitting comments is May 1, 2003.

ADDRESSES: You may send any comments to Ms. Winsome Packer at wpacker@cns.gov, or to the following address: Corporation for National and Community Service, Office of Research and Policy Development, Attn: Ms.
