SUPPLEMENTARY INFORMATION:

I. Background and Charter Renewal Information

A. Background

The Advisory Panel for Outreach and Education (APOE) (the Panel) is governed by the provisions of the Federal Advisory Committee Act (FACA) (Pub. L. 92–463), as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of federal advisory committees. The Panel is authorized by section 1114(f) of the Social Security Act (the Act) (42 U.S.C. 1314(f)) and section 222 of the Public Health Service Act (42 U.S.C. 217a).

The Panel was first chartered in 1999 to advise and make recommendations to the Secretary of the U.S. Department of Health and Human Services (the Department) and the Administrator of the Centers for Medicare & Medicaid Services (CMS) on the effective implementation of national Medicare, Medicaid, Children's Health Insurance Program (CHIP) and Health Insurance Marketplace outreach and education programs.

The APOE has focused on a variety of laws, including the Medicare Modernization Act of 2003 (Pub. L. 108–173), and the Affordable Care Act

(Patient Protection and Affordable Care Act, (Pub. L. 111–148) and Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152)).

The APOE helps the Department determine the best communication channels and tactics for various programs and priorities, as well as new rules and legislation. In the coming years, we anticipate the American Rescue Plan, the Inflation Reduction Act, and the SUPPORT Act will be some of many of the topics the Panel will discuss. The Panel will provide feedback to CMS staff on outreach and education strategies, communication tools and messages and how to best reach minority, vulnerable and Limited English Proficiency populations.

B. Charter Renewal

The Panel's charter was renewed on January 19, 2023, and will terminate on January 19, 2025, unless renewed by appropriate action. The Charter can be found at <https://www.cms.gov/regulations-and-guidance/guidance/faca/apoe>.

In accordance with the renewed charter, the APOE will advise the Secretary and the CMS Administrator concerning optimal strategies for the following:

- Developing and implementing education and outreach programs for individuals enrolled in, or eligible for, Medicare, Medicaid, the CHIP, and coverage available through the Health Insurance Marketplace® and other CMS programs.
- Enhancing the federal government's effectiveness in informing Medicare, Medicaid, CHIP, or the Health Insurance Marketplace® consumers, issuers, providers, and stakeholders, pursuant to education and outreach programs of issues regarding these programs, including the appropriate use of public-private partnerships to leverage the resources of the private sector in educating beneficiaries, providers, partners and stakeholders.
- Expanding outreach to minority and underserved communities, including racial and ethnic minorities, in the context of Medicare, Medicaid, CHIP, and the Health Insurance Marketplace® education programs and other CMS programs as designated.
- Assembling and sharing an information base of “best practices” for helping consumers evaluate health coverage options.
- Building and leveraging existing community infrastructures for information, counseling, and assistance.
- Drawing the program link between outreach and education, promoting consumer understanding of health care

coverage choices, and facilitating consumer selection/enrollment, which in turn support the overarching goal of improved access to quality care, including prevention services, envisioned under the Affordable Care Act.

The current members of the Panel as of September 15, 2022, are as follows:
