Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Telecommunications and Information Administration (NTIA).

Title: Public Telecommunications Facilities Program (PTFP) Grant Monitoring.

Form Number(s): None.

OMB Approval Number: 0660-0001.

Type of Review: Regular submission.
Burden Hours: 6,758.

Number of Respondents: 1,950.

Average Hours Per Response: NTIA/PTFP estimates that it takes an average of 28 hours a year for those who respond online and 39 hours a year for those who respond on paper to gather the information, complete the reports, and submit them.

Needs and Uses: The purpose of this program is to assist, through matching funds, in the planning and construction of public telecommunications facilities. The reporting requirements: Construction schedules/planning timetables are obtained to ensure the ability of NTIA/PTFP to monitor a project through the quarterly performance reports; close-out reports enable the agency to ensure that Federal funds were expended in accordance

with the grant award; and the annual reports enable the agency to be sure that the Federal interest is maintained and protected for the statutorily specified 10-year period.

Affected Public: Not-for-profit institutions; state, local, or tribal governments.

Frequency: Annually and quarterly.
Respondent's Obligation: Required to retain benefits.

OMB Desk Officer: Kristy LaLonde, contact information below.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species Tournament Registration and Reporting.

Form Number(s): None.

OMB Approval Number: 0648-0323.

Type of Request: Regular submission.

Burden Hours: 83.

Number of Respondents: 300.

Average Hours Per Response: Two minutes for tournament registration and twenty minutes for tournament reporting.

Needs and Uses: The National Marine Fisheries Service (NOAA Fisheries Service) would require that operators of fishing tournaments involving Atlantic Highly Migratory Species (HMS) provide advance identification of the

tournament (registration) and then, for selected tournaments, provide summary information after the tournament is completed (reporting) on the HMS caught, whether they were kept or released, the length and weight of the fish, and other information. Most of the data required for post-tournament reporting is already collected in the routine course of tournament operations. The data collected is needed by NOAA Fisheries Service to estimate the total annual catch of these species, to evaluate the impact of tournament fishing in relation to other types of fishing, and to evaluate the impact of HMS management measures on tournament operations.

Affected Public: Business or other for-profit organizations; not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Mandatory.
