FOR FURTHER INFORMATION CONTACT: Contact Michael DeMale by telephone at 202-693-3948 (this is not a toll-free number) or by email at demale.michael.b@dol.gov.

SUPPLEMENTARY INFORMATION: The DOL, as part of continuing efforts to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies an opportunity to comment on proposed and/or continuing collections of information before submitting them to the OMB for final approval. This program helps to ensure requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of

collection requirements can be properly assessed.

Section 2834(a) of the National Defense Authorization Act (NDAA) for Fiscal Year 2010 (Pub. L. 111–84, enacted October 28, 2009) amended Section 2824(c) of the Military Construction Authorization Act (Pub. L. 110–417, Division B) by adding a new subsection (6). This provision prohibits contractors engaged in construction projects related to the realignment of U.S. military forces from Okinawa to Guam from hiring non-U.S. workers unless the Governor of Guam (Governor), in consultation with the Secretary of Labor (Secretary), certifies that: (1) There is an insufficient number of U.S. workers that are able, willing, and qualified to perform the work; and (2) that the employment of non-U.S. workers will not have an adverse effect on either the wages or the working conditions of U.S. construction workers in Guam.

In order to allow the Governor to make this certification, the NDAA requires contractors to recruit workers in the U.S., including in Guam, the Commonwealth of the Northern Mariana Islands, American Samoa, the U.S. Virgin Islands, and Puerto Rico, according to the terms of a recruitment plan developed and approved by the Secretary. That recruitment plan has been reproduced in full in Section I below (“Contractor Recruitment Standards”).

The Department has developed the Contractor Recruitment Standards in full consultation with, and with the approval of, the Guam Department of Labor (GDOL). Although the Department has developed the recruitment standards, it has assigned oversight of the Contractor Recruitment Standards and the NDAA-required consultation with the Governor to GDOL through a Memorandum of Understanding (MOU) between the Department and GDOL, effective November 22, 2011 (the MOU can be found on the *RegInfo.gov* Web site listed at the end of this **Federal Register** Notice).

Under the NDAA, no Guam base realignment construction project work may be performed by a person holding an H–2B visa under the Immigration and Nationality Act until the contractor complies with the Department’s Contractor Recruitment Standards, and the Governor of Guam issues the certification noted above.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is

approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6.

Interested parties are encouraged to provide comments to the contact shown in the **ADDRESSES** section. Comments must be written to receive consideration, and they will be summarized and included in the request for OMB approval of the final ICR. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0484.

Submitted comments will also be a matter of public record for this ICR and posted on the Internet, without redaction. The DOL encourages commenters not to include personally identifiable information, confidential business data, or other sensitive statements/information in any comments.

The DOL is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

For assistance with these tasks, please see the American Samoa Human Resource agency contacts listed at www.jobbankinfo.org. For contractors needing assistance with job postings, additional contact information and a link to the required Guam form GES 514 are listed at www.jobbankinfo.org.

- d. Where the occupation or industry is customarily unionized, contact the local union in Guam as well as the national offices of national unions who represent workers in the industry stating:

- iii. Direction to interested applicants on how to apply;

2. Each job posting must be posted for no less than 21 consecutive days and include, at a minimum, the following information:

- a. The contractor’s name and appropriate contact information for applicants to inquire about the job opportunity, or to send applications and/or resumes directly to the employer;
- b. The geographic area of employment, with enough specificity to apprise applicants of any travel requirements as well as where applicants will likely have to reside to perform the services or labor;
- c. A statement indicating whether the employer will pay for the worker’s transportation to Guam;
- d. A statement indicating whether daily transportation to and from the worksite(s) will be provided by the employer;
- e. A description of the job opportunity with sufficient information to apprise U.S. workers of the services or labor to be performed, including the duties, the minimum education and experience requirements, the work hours and days,

and the anticipated start and end dates of the job opportunity;

f. If the employer makes On-the-Job Training (OJT) available, include a statement that it will be provided to the worker;

g. A statement indicating whether overtime will be available to the worker and the wage offer for working any overtime hours;

h. The wage offer, and the benefits, if any, offered;

i. A statement that the position is temporary;

j. The total number of job openings the employer intends to fill; and

k. If the employer provides the worker with the option of board, lodging, or other facilities, including fringe benefits, or intends to assist workers to securing such lodging, a statement disclosing the provision and cost of the board, lodging, or other facilities, including fringe benefits or assistance offered.

3. During the 28-day recruitment period, which begins on the earliest job posting date, contractors must interview all qualified and available Guam and U.S. construction workers who have applied for the employment opportunity.

4. After the close of the recruitment period, and no later than 30 days before the start date of workers under a contract, the contractor must provide a report including the following information via email to GDOL at ndaa.recruitment@dol.guam.gov, documenting its efforts to recruit U.S. workers from the U.S. and all U.S. territories.

a. Indicate all the recruitment approaches used to recruit workers, including an identification of the Internet job banks where the postings occurred, the occupation or trade, a description of wages and other terms and conditions of employment, the dates of each posting, and the job order or requisition number;

b. A copy of each job posting;

c. How each job posting and response was handled, including:

i. The number of job applications received;

ii. The name of each applicant;

iii. The position applied for;

iv. The final employment

determination for each applicant or job candidate; and

v. For each U.S. job applicant not hired, a description of the specific, lawful, job-related reason for rejecting the applicant for employment, which includes a comparison of the job applicant's skills and experience against the terms listed in the original job posting.

Contractors may provide much of this information in the form of a table or spreadsheet, so that instead of a narrative style the contractor need only check an appropriate box or provide a phrase, number or date (e.g., to indicate whether an individual reported for an interview or not, or lacked specific qualifications).

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-2017-068]

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when agencies no longer need them for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives of the United States and to destroy, after a specified period, records lacking administrative, legal, research, or other value. NARA publishes notice in the **Federal Register**

for records schedules in which agencies propose to destroy records they no longer need to conduct agency business. NARA invites public comments on such records schedules.

DATES: NARA must receive requests for copies in writing by November 6, 2017. Once NARA finishes appraising the records, we will send you a copy of the schedule you requested. We usually prepare appraisal memoranda that contain additional information concerning the records covered by a proposed schedule. You may also request these. If you do, we will also provide them once we have completed the appraisal. You have 30 days after we send to you these requested documents in which to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Appraisal and Agency Assistance (ACRA) using one of the following means:

Mail: NARA (ACRA); 8601 Adelphi Road; College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

FAX: 301-837-3698.

You must cite the control number, which appears in parentheses after the name of the agency that submitted the schedule, and a mailing address. If you would like an appraisal report, please include that in your request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, by mail at Records Appraisal and Agency Assistance (ACRA); National Archives and Records Administration; 8601 Adelphi Road; College Park, MD 20740-6001, by phone at 301-837-1799, or by email at request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: NARA publishes notice in the **Federal Register** for records schedules they no longer need to conduct agency business. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

Each year, Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing records retention periods and submit these schedules for NARA's approval. These schedules provide for timely transfer into the National Archives of historically valuable records and authorize the agency to dispose of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many
