The Interim SPP identifies measures that will be implemented at the three projects in the years 2013 through 2019 to protect federally-listed endangered Atlantic salmon. Under the Interim SPP and subsequent extensions of time, volitional upstream fish passage facilities are being designed and constructed at the projects, and are to be operational in May 2019 at the Shawmut Project, and in May 2020 at the Weston and Lockwood Projects. In their request, the licensees request that two years be added to the operational dates for those facilities at each project, so that those facilities would be operational in May 2021 at the Shawmut Project, and in May 2022 at the Weston and Lockwood Projects. The licensees request the extension so that they can complete, collaboratively with state and federal resource agencies and other entities, a feasibility assessment of options for multi-dam fish passage which would include but not be limited to options in the Interim SPP.

Records Governing Off-the-Record Communications; Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to

respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e)(1)(v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order.
