National Park Service

General Management Plan/ Environmental Impact Statement, Glen Echo Park, Maryland; Notice of Intent

In accordance with Section 102(2)(c) of the National Environmental Policy Act of 1969, the National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) to assess the impacts of alternative management strategies for the General Management Plan (GMP) for Glen Echo Park, Maryland, which is a unit within the George Washington Memorial Parkway.

The GMP/EIS will evaluate a range of alternatives which address cultural and natural resources protection, socioeconomic concerns, traffic circulation and visitor use and will incorporate findings from studies prepared on transportation issues and financial aspects of managing the park.

Public involvement will be a key component in preparation of the General Management Plan and Environmental Impact Statement.

NPS held a public scoping meeting/open house on February 3, 1998 at the Clara Barton Community Center. Through a workshop format, the meeting provided an overview of the planning effort and an opportunity for the public to discuss their concerns with park staff and provide oral and written comments. Those unable to attend submitted their comments through the mail or over the Internet.

The draft GMP and EIS are expected to be completed and available for public review by the winter of 2000. After public and interagency review of the draft document, comments will be considered and a final GMP and EIS will be prepared for release by the summer, 2000, which will be followed by a record of decision. The responsible official is the Regional Director, National Capital Region, National Park Service. Written comments should be submitted to the Superintendent of George Washington Memorial Parkway, c/o Turkey Run Park, McLean, Virginia 22101 or via e-mail at GWMP_Superintendent@nps.gov.

Joseph M. Lawler,

Acting, Regional Director.

Saratoga National Historical Park, Saratoga County, New York; Notice of Intent to Prepare an Environmental Impact Statement and Notice of Public Meetings

In accordance with the National Environmental Policy Act of 1969 (P. L. 91-109 section 102(c)), the National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) for the Saratoga National Historical Park (NHP), located in the towns of Stillwater, and Saratoga, Saratoga County, New York. The purpose of the EIS is to assess the impacts of alternative management strategies that will be described in the general management plan for Saratoga NHP. A range of alternatives will be formulated for natural and cultural resource protection, visitor use and interpretation, facilities development, and operations.

The NPS will hold two (2) public meetings during the week of March 27, 2000 which will provide an opportunity for public input into the scoping for the GMP/EIS. On Tuesday, March 28, 2000 at 4 p.m., a meeting will be held at the Stillwater Community Center, Community Room, 19 Palmer Street in Stillwater, New York. On Wednesday, March 29 at 7:00 PM, a meeting will be held at the Schuylerville School Administration Office, 18 Spring Street (Route 29) in Schuylerville, New York. The purpose of these meetings is to obtain both written and verbal comments concerning the future direction and development of Saratoga NHP. Those persons who wish to comment verbally or in writing or who require further information should contact Doug Lindsay, Superintendent, Saratoga NHP, 648 Route 32, Stillwater, NY 12170, (518) 664-9821.

The draft GMP/EIS is expected to be completed and available for public review in late 2001. After public and interagency review of the draft document comments will be considered, and a final EIS will be prepared, followed by a Record of Decision.

Dated: February 22, 2000.

Douglas Lindsay,

Superintendent, Saratoga National Historical Park.

Bureau of Reclamation

Bay-Delta Advisory Council's Ecosystem Roundtable Issues Subcommittee Meeting

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of meeting.

SUMMARY: The Bay-Delta Advisory Council's (BDAC) Ecosystem Roundtable will meet to discuss the 2001 proposal solicitation package, water acquisition, and other topics. This meeting is open to the public. Interested persons may make oral statements to the Ecosystem Roundtable or may file written statements for consideration.

DATES: The BDAC's Ecosystem Roundtable meeting will be held from 9:30 am to 12:00 pm on Thursday, March 30, 2000.

ADDRESSES: The Ecosystem Roundtable will meet at the Resources Building, Room 1131, 1416 Ninth Street, Sacramento, CA 95814.

FOR FURTHER INFORMATION CONTACT: Wendy Halverson Martin, CALFED Bay-Delta Program at (916) 657-2666. If reasonable accommodation is needed due to a disability, please contact the Equal Employment Opportunity Office at (916) 653-6952 or TDD (916) 653-6934 at least one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The San Francisco Bay/Sacramento-San Joaquin Delta Estuary (Bay-Delta system) is a critically important part of California's natural environment and economy. In recognition of the serious problems facing the region and the complex resource management decisions that must be made, the state of California and the Federal government are working together to stabilize, protect, restore, and enhance the Bay-Delta system. The State and Federal agencies with management and regulatory responsibilities in the Bay-Delta system are working together as CALFED to provide policy direction and oversight for the process.

One area of Bay-Delta management includes the establishment of a joint State-Federal process to develop long-term solutions to problems in the Bay-Delta system related to fish and wildlife, water supply reliability, natural disasters, and water quality. The intent is to develop a comprehensive and balanced plan which addresses all of the resource problems. This effort, the CALFED Bay-Delta Program (Program), is being carried out under the policy
