In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for surrender of license and removal of project works for the Lower Klamath Hydroelectric Project No.

14803 and has prepared a final environmental impact statement (EIS).¹ The project is located on the Klamath River in Klamath County, Oregon, and in Siskiyou County, California. The project occupies approximately 400 acres of federal lands. These federal lands are administered by the U.S. Department of the Interior, Bureau of Land Management (BLM).

The final EIS contains staff evaluations of the applicant's proposal and the alternatives for surrender of the Lower Klamath Project. The final EIS documents the views of governmental agencies, non-governmental organizations, affected Indian Tribes, the public, the applicants, and Commission staff.

In this notice, we acknowledge the number of pages in this final EIS exceeds the final EIS page limits set forth in CEQ's Final Rule for proposals of unusual scope or complexity. Noting the scope and complexity of this proposal, the Director of the Office of Energy Projects, as our senior agency official, has authorized this page limit exceedance for the final EIS.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons with an opportunity to view and/or print the final EIS via the internet through the Commission's Home Page (<http://www.ferc.gov/>), using the "eLibrary" link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. Accordingly, Commission staff prepared this EIS in accordance with CEQ's new regulations.

DATES: The webinar will be held on Tuesday, September 20, 2022 from 1 p.m. to 2:30 p.m. (Eastern Time).

ADDRESSES: The meeting will be conducted via webinar only and is open to the public. Interested persons must register in advance at the weblink below to access the meeting.

Pursuant to FACA and EPA policy, notice is hereby given that the EFAB will hold a public webinar briefing. The purpose of the webinar will be for members of the EFAB to hear from the Opportunity Zones and Pollution Prevention Workgroups on the draft deliverable products and provide initial feedback on the drafts.
