

DELAWARE RIVER BASIN COMMISSION

Notice of Proposed Rulemaking; Proposed Amendments to the Administrative Manual—Rules of Practice and Procedure Concerning Fees Associated With Responses to the Freedom of Information Act Requests

AGENCY: Delaware River Basin Commission.

SUMMARY: The Delaware River Basin Commission (Commission) will hold a public hearing to receive comments on proposed amendments to the agency's *Administrative Manual—Rules of Practice and Procedure* updating the fee schedule associated with Commission responses to Freedom of Information Act (FOIA) requests. The current schedule of fees was promulgated in 1975 and has not been updated since. Over the past quarter of a century, computer technologies have introduced new methods of recording and reproducing information that were not contemplated by the 1975 regulations, and administrative costs have increased. The proposed fee structure reflects current technology and costs. The current fees, at Section 2.8.10 of the *Administrative Manual—Rules of Practice and Procedure*, 18 CFR 401.110, and proposed amendments may be viewed on the Commission's Web site at <http://www.drbc.net>.

DATES: The public hearing will be held on Friday, May 31, 2002, during the Commission's regular business meeting, which will begin at 1:00 p.m. The meeting on May 31 must end by 3:00 p.m., but if necessary, the hearing will continue at the Commission's next scheduled business meeting until all those who wish to testify are afforded an opportunity to do so. Persons wishing to testify are asked to register in advance with the Commission Secretary by phoning 609-883-9500 ext. 203. Written comments will be accepted through the close of the public hearing; however, earlier submittals would be appreciated.

ADDRESSES: The public hearing will be held at Grey Towers National Historic Landmark, 151 Grey Towers Drive, Milford, PA. Directions will be posted on the Commission's Web site at <http://www.drbc.net> by April 1, 2002. Written comments should be addressed to the Commission Secretary at DRBC, P.O. Box 7360, West Trenton, NJ 08628-0360.

Projects With Industry; Notice Inviting Applications for New Awards for Fiscal Year (FY) 2002

Purpose of Program: The Projects With Industry (PWI) program creates and expands job and career opportunities for individuals with disabilities in the competitive labor market by engaging the talent and leadership of private industry as partners in the rehabilitation process. PWI projects identify competitive job and career opportunities and the skills needed to perform those jobs, create practical settings for job readiness and training programs, and provide job placements and career advancement services.

Eligible Applicants: Employers, nonprofit agencies or organizations, designated State units, labor unions, community rehabilitation program providers, trade associations, Indian tribes, tribal organizations, and other agencies or organizations with the capacity to create and expand job and career opportunities for individuals with disabilities.

In order to ensure an equitable distribution of funds among the States as required by statute, grant awards will be made only to organizations that provide job and career opportunities for individuals with disabilities within the State in which the organization is located. Only organizations that have the ability to directly receive the grant and directly carry out the project are eligible to apply.

Only applicants that propose to serve individuals with disabilities in States, portions of States, Indian tribes, or tribal organizations that are currently unserved or underserved by the PWI program may apply.

SUPPLEMENTARY INFORMATION: Funds under this competition will be used to support projects in FY 2002. The Assistant Secretary may consider funding approved applications submitted in FY 2002 to support projects in future years.

The Business Leadership Network (BLN), staffed by the U.S. Department of Labor, works to promote best practices in rehabilitation and to enhance opportunities for workers who are disabled. The BLN currently has programs in 30 States, the District of Columbia, and Puerto Rico. These programs operate independently of each other and focus on meeting the specific needs of the business community and State Government. Through BLNs, participating employers, in partnership with State Governor's Committee representatives and other community services professionals, identify specific hiring requirements of employers so that referral and placement services can be customized to meet those employers' needs. Applicants applying under the PWI program are encouraged to collaborate with their local BLN, if one has been established in the State, in order to expand services and employment opportunities to project participants. We believe that strong working relationships with local BLNs will expand the employer network available to projects and, as a result, increase employment opportunities for individuals with disabilities.
