

of standards for substances to be used in organic production and to advise the Secretary on other aspects of the implementation of OFPA. The NOSB met for the first time in Washington, DC, in March 1992, and currently has six committees working on various aspects of the organic program. The committees are: Accreditation, Crops, Livestock, Materials, International, and Processing.

In August of 1994, the NOSB provided its initial recommendations for the National Organic Program (NOP) to the Secretary of Agriculture. Since that time, the NOSB has submitted 42 addenda to its recommendations and reviewed more than 220 substances for inclusion on the National List of Allowed and Prohibited Substances. The last meeting of the NOSB was held on May 6–8, 2002, in Austin, Texas.

The Department of Agriculture (USDA) published its final National Organic Program regulation in the **Federal Register** on December 21, 2000 (65 FR 80548). The rule became effective April 21, 2001.

The principal purposes of the meeting are to provide an opportunity for the NOSB to: receive an update from the USDA/NOP, receive a recommendation from the Livestock Committee, and review materials to determine if they should be recommended for inclusion on the National List of Allowed and Prohibited Substances.

The Livestock Committee will present for NOSB consideration its recommendations on “dairy animal replacement.” The Materials Committee will present 32 materials for consideration for possible inclusion on the National List of Allowed and Prohibited Substances.

Materials to be reviewed at the meeting by the NOSB are as follows:

Crop Production: Potassium Sulfate, Ozone Gas (two petitions), Potassium Silicate, Tetrahydrofurfuryl Alcohol, Pheromones (amend annotation), Sodium (Chilean) Nitrate (Remove and Amend Annotation), 1,4 Dimethylnaphthalene.

Livestock Production: Propylene Glycol, Magnesium Hydroxide/ Magnesium Oxide, Epinephrine aka Adrenaline, Kaolin Pectin, Bismuth Subsalicylate, Flunixin (Banamine), Xylazine/Tolazoline, Butorphanol, Potassium Sorbate, Cell Wall Carbohydrates, Yeast Derivatives, Proteinated Chelates, Atropine, Heparine, Furosemide, Calcium Propionate, Mineral Oil, Activated Charcoal.

Processing: Calcium Stearate, Tetrasodium Pyrophosphate, Hydroxypropyl Methylcellulose, Glucono Delta Lactone, Activated Charcoal, and Glycerol Monoleate.

For further information, see <http://www.ams.usda.gov/nop>. Copies of the NOSB meeting agenda can be requested from Ms. Katherine Benham by telephone at (202) 205–7806; or obtained by accessing the NOP website at <http://www.ams.usda.gov/nop>.

The meeting is open to the public. The NOSB has scheduled time for public input on Tuesday, September 17, 2002, from 8:30 a.m. until 11:30 a.m.; and Thursday, September 19, 2002, from 5 p.m. until 6 p.m., at the Radisson Barceló Hotel, 2121 P Street, NW., Washington, DC. Individuals and organizations wishing to make an oral presentation at the meeting may make their requests via letter, telephone, E-mail or facsimile to Ms. Katherine Benham as set forth in the addresses section of this notice. While persons wishing to make a presentation, may also sign up at the door, advance registration will ensure that a person has the opportunity to speak during the allotted time period and will help the NOSB to better manage the meeting and to accomplish its agenda. Individuals or organizations will be given approximately 5 minutes to present their views. All persons making an oral presentation are requested to provide their comments in writing. Written submissions may contain information other than that presented at the oral presentation.

Written comments must be submitted to Ms. Benham, prior to or after the meeting, at USDA–AMS–TMD–NOP, 1400 Independence Avenue, SW., Room 4008-So., Ag Stop 0268, Washington, DC 20250–0200. Written comments may also be submitted at the meeting. Persons submitting written comments at the meeting are asked to provide 30 copies.

Interested persons may visit the NOSB portion of the NOP Web site <http://www.ams.usda.gov/nop> to view available documents prior to the meeting. Approximately 6 weeks following the meeting interested persons will be able to visit the NOSB portion of the NOP website to view documents from this meeting.

Dated: August 19, 2002.

A.J. Yates,

Administrator, Agricultural Marketing Service.

BILLING CODE 3410–02–P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act of 1995, Public Law 104–13.

Bureau: International Trade Administration.

Title: Steel Import License.

Agency Form Number: N/A.

OMB Number: None.

Type of Request: Regular Submission.

Burden: 166,667 hours.

Number of Respondents: 400.

Avg. Hours Per Response: 10 minutes.

Needs and Uses: On March 5, 2002,

the President announced temporary safeguards for the steel industry. As part of those safeguards, the President mandated that the Commerce Department and the Secretary of the Treasury institute an import licensing system to facilitate the monitoring of certain steel imports. The Import License information is necessary for the U.S. Government to assess import trends of covered products, especially covered products imported from countries excluded from the President's safeguard provisions. In order to monitor steel imports and to effectively implement the safeguards cited in the President's announcement, the Department of Commerce must collect and provide timely aggregated summaries about imports of certain steel products, especially from the countries excluded from the remedy. The Steel Import License proposed by the Import Administration of the Department of Commerce will be the tool used to collect the necessary information. The U.S. Trade Representative (USTR) will use the information to track increases in imports from excluded countries. If a surge is noted, USTR will initiate consultations with the country increasing its steel exports to the U.S. and discuss ways the country could reduce this steel trade to historical levels.

Affected Public: Businesses or other for-profits.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: David Rostker, (202) 395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482–3129, Department of Commerce, Room 6608, 14th and

Constitution, NW., Washington, DC 20230 or via internet at MClayton@doc.gov.

Written comments and recommendations for the proposed information collection should be sent to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503 within 30 days of the publication of this notice in the **Federal Register**.

Dated: August 20, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer*

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Minority Business Development Agency

Online Performance Data Base

ACTION: Proposed collection; comment request.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites other Federal agencies and the general public to take this opportunity to comment on proposed or continuing information collections, as required by the Paperwork Reduction Act of 1995, Pub. L. 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before October 25, 2002.

ADDRESSES: Direct all written comments to Madeleine Clayton, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6608, 14th and Constitution Avenue, NW., Washington, DC 20230 or via internet at Mclayton@doc.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Juanita E. Berry, Department of Commerce, Minority Business Development Agency (MBDA), Room 5079, 14th and Constitution Avenue, NW., Washington, DC 20230, or call (202) 482-3262.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Performance Database identifies minority business clients receiving Agency-sponsored business development services in the form of management and technical assistance, the kind of assistance each receives, and

the impact of that assistance on the growth and profitability of the client firms. MBDA requires this information to monitor, evaluate, and plan Agency programs which effectively enhance the development of the minority business sector.

II. Method of Collection

Electronic transfer of performance data.

III. Data

OMB Number: 0640-0002.

Agency Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Affected Public: State or local governments, individuals, and profit and non-profit institutions.

Estimated Number of Responses: 240 (approximately 50 respondents with numerous responses).

Estimated Time Per Response: 3-15 minutes per function, as needed (5 functions).

Estimated Total Annual Burden Hours: 4,818.

Estimated Total Annual Cost: \$0 (software package is provided by MBDA).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they will also become a matter of public record.

Dated: August 20, 2002.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Electronic Government Division, Office of the
Chief Information Officer.*

BILLING CODE 3510-21-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No. 001214352-2097-02]

Announcing Approval of Federal Information Processing Standard (FIPS) 180-2, Secure Hash Standard; a Revision of FIPS 180-1

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice.

SUMMARY: The Secretary of Commerce has approved FIPS 180-2, Secure Hash Standard, and has determined that the standard is compulsory and binding on Federal agencies for the protection of sensitive, unclassified information.

FIPS 180-2, Secure Hash Standard, replaces FIPS 180-1, which was issued in 1992 and which specified an algorithm (SHA-1) for producing a 160-bit output called a message digest. The message digest is a condensed representation of electronic data and is used in cryptographic processes such as digital signatures and message authentication. FIPS 180-2 includes three additional algorithms, which produce 256-bit, 384-bit, and 512-bit message digests. These expanded capabilities are compatible with and support the strengthened security requirements of FIPS 197, Advanced Encryption Standard.

EFFECTIVE DATE: This standard is effective February 1, 2003.

Specifications: FIPS 180-2 is available on the NIST web page at: <http://csrc.nist.gov/encryption/tkhash.html>.

FOR FURTHER INFORMATION CONTACT: Ms. Elaine Barker, (301) 975-2911, National Institute of Standards and Technology, 100 Bureau Drive, STOP 8930, Gaithersburg, Maryland 20899-8930. Email: elaine.barker@nist.gov.

SUPPLEMENTARY INFORMATION: A notice was published in the **Federal Register** (66 FR 29287) on May 30, 2001, announcing the proposed FIPS 180-2, Secure Hash Standard, for public review and comment. The **Federal Register** notice solicited comments from the public, academic and research communities, manufacturers, voluntary standards organizations, and Federal, state, and local government organizations. In addition to being published in the **Federal Register**, the notice was posted on the NIST web pages; information was provided about the submission of electronic comments. Comments and responses were received from three private sector organizations
