

SUPPLEMENTARY INFORMATION: In the final rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no relevant adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of the rule, and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

SUPPLEMENTARY INFORMATION:

A. Background

This proposed rule updates, streamlines, and clarifies FPMR part 101-48 and moves the part into the Federal Management Regulation (FMR). The proposed rule is written in a plain language question and answer format. This style uses an active voice, shorter sentences, and pronouns. A question and its answer combine to establish a rule. The employee and the agency must follow the language contained in both the question and its answer.

B. Executive Order 12866

GSA has determined that this proposed rule is not a significant rule for the purposes of Executive Order 12866 of September 30, 1993.

C. Regulatory Flexibility Act

This proposed rule is not required to be published in the **Federal Register** for notice and comment; therefore the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, does not apply.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because this proposed rule does not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public which require the approval of the Office of Management and Budget (OMB) under 44 U.S.C. 3501, *et seq.*

E. Small Business Regulatory Enforcement Fairness Act

This proposed rule is exempt from Congressional review prescribed under 5 U.S.C. 801 since it relates solely to agency management and personnel.
