

therefore —(1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart 1, Section 40103, Sovereignty and use of airspace. Under that section, the FAA is charged with prescribing regulations to ensure the safe and efficient use of the navigable airspace. This regulation is within the scope of that authority because it proposes to establish Class E airspace at the two heliports servicing Oooguruk, AK, and represents the FAA’s continuing effort to safely and efficiently use the navigable airspace.

SUPPLEMENTARY INFORMATION:

Background and Purpose

We published an ANPRM in the **Federal Register** on March 27, 2009 (74 FR 13360), entitled “Transportation Worker Identification Credential

(TWIC)—Reader Requirements.” In it we stated our intention to hold a public meeting, and to publish a notice announcing the location and date. 74 FR 13360. On April 9, 2009, we published a notice announcing the date for that meeting, and that it would be held in the Washington DC area. 74 FR 16161. This document is the notice of the exact location for that meeting.

In the ANPRM, we discuss the United States Coast Guard’s preliminary thoughts on potential requirements for owners and operators of certain vessels and facilities regulated by the Coast Guard under 33 CFR chapter I, subchapter H, for use of electronic readers designed to work with TWICs as an access control measure. It discusses additional potential requirements associated with TWIC readers, such as recordkeeping requirements for those owners or operators required to use an electronic reader, and amendments to security plans previously approved by the Coast Guard to incorporate TWIC requirements.

This rulemaking action, once final, would enhance the security of ports and vessels by ensuring that only persons who hold valid TWICs are granted unescorted access to secure areas on vessels and port facilities. It would also complete the implementation of the Maritime Transportation Security Act of 2002 transportation security card requirement, as well as the requirements of the Security and Accountability for Every Port Act of 2006, for regulations on electronic readers for use with Transportation Worker Identification Credentials.

You may view the ANPRM in our online docket, and comments submitted thus far by going to <http://www.regulations.gov>. Once there, select the Advanced Docket Search option on the right side of the screen, insert USCG–2007–28915 in the Docket ID box, press Enter, and then click on the item in the Docket ID column. If you do not have access to the Internet, you may view the docket in person by visiting the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

We encourage you to participate in this rulemaking by submitting comments either orally at the meeting or in writing. If you bring written comments to the meeting, you may submit them to Coast Guard personnel

specified at the meeting to receive written comments. These comments will be submitted to our online public docket. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). RIN 0970–AC01

State Parent Locator Service; Safeguarding Child Support Information: Proposed Delay of Effective Date

AGENCY: Administration for Children and Families (ACF), Department of Health and Human Services.

ACTION: Proposed delay of effective date.

SUMMARY: In accordance with the Memorandum of January 20, 2009, from the Assistant to the President and Chief of Staff entitled “Regulatory Review” [74 FR 4435], the Department published a document in the **Federal Register** on March 3, 2009 [74 FR 9171], seeking public comment on a contemplated delay of 60 days in the effective date of the rule entitled “State Parent Locator Service; Safeguarding Child Support Information,” published in the **Federal Register** on September 26, 2008 [73 FR 56422]. That rule addresses requirements for State Parent Locator Service responses to authorized location requests, State IV–D program safeguarding of confidential information, authorized disclosures of this information, and restrictions on the use of confidential data and information for child support purposes with exceptions for certain disclosures permitted by statute. In response to comments, the Department issued a document March 20, 2009 [74 FR 11880] delaying the effective date of the rule by 60 days until May 22, 2009, in order to permit officials of the new Administration an opportunity to review and approve the policies in the regulation.

The Department is currently reviewing questions of law and policy raised by the rule. However, based upon the review that has been conducted to date and the nature of the comments received in response to the March 3, 2009 document, it appears that further revisions to the final rule may be warranted in one or more areas. In response to these comments and in order to afford officials an opportunity to review and consider further the provisions of the September 26, 2008 final rule, the Department is considering delaying the effective date to December 30, 2010.
