### Federal Energy Regulatory Commission

[Docket No. CP98-229-001]

#### Northern Natural Gas Company; Notice of Motion To Vacate

February 20, 2001.

On February 2, 2001, Northern Natural Gas Company (Northern), P.O. Box 3330, Omaha, Nebraska 68103-0330, filed in Docket No. CP98-229-001 a motion to vacate that portion of an order issued December 22, 1998, in Docket No. CP98-229-000 which permitted Northern to abandon by sale to K N Gas Gathering, Inc., (KNGG) its Liberal facilities in Texas County, Oklahoma, and Stevens and Seward County, Kansas, all as more fully set forth in the motion which is on file with the Commission and open to public inspection. The filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Northern states that the order, among other things, permitted it to abandon by sale to KNGG its Liberal facilities. It is stated that the related December 30, 1997 Asset Purchase Agreement, as amended, was assigned to ONEOK, Inc. (ONEOK), but that on June 26, 2000, ONEOK exercised its option to terminate that agreement. Therefore, Northern requests that the Commission vacate that portion of the December 22, 1998, order.

Questions regarding the details of this motion should be directed to Michele Winckowski, at (402)-398-7200.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before March 2, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in

accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

If the Commission decides to set the motion for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

### Federal Energy Regulatory Commission

[Docket No. EL01-34-000]

#### Southern California Edison Company, Pacific Gas and Electric Company, and San Diego Gas & Electric Company; Notice of Filing

February 20, 2001.

Take notice that on February 2, 2001, Southern California Edison Company (SCE) and Pacific Gas & Electric Company (PG&E) tendered for filing with the Federal Energy Regulatory Commission (Commission) a Request for Immediate Suspension of Underscheduling Penalty.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.W., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before March 2, 2001. Protests will be considered by the Commission to

determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). ## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP98-795-001]

#### Transwestern Pipeline Company; Notice of Motion To Vacate

February 20, 2001.

On January 12, 2001, Transwestern Pipeline Company (Transwestern), P.O. Box 3330, Omaha, Nebraska 68103-0330, filed in Docket No. CP98-795-001 a motion to vacate that portion of an order issued April 1, 1999, in Docket No. CP98-795-001 which permitted Transwestern to relocate its Crawford Compressor Station in Eddy County, New Mexico and to abandon by sale to Duke Energy Field Services (Duke) 27.2 miles of the existing Crawford 16-inch lateral, also in Eddy County, New Mexico extending from that compressor station to its downstream connection point with the WT-1 Compressor Station, all as more fully set forth in the motion which is on file with the Commission and open to public inspection. The filing may be viewed at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

It is stated that, after reassessing the gas supply situation at a processing plant recently purchased from Union Pacific Highlands Gathering and Processing Company, Duke has determined that the supply reserves are not as large as previously anticipated. As a result, Transwestern advises that closing of the sale to Duke of the compressor station and the downstream facilities will not take place. Therefore, Transwestern requests that the Commission vacate that portion of the April 1, 1999, order.

Questions regarding the details of this motion should be directed to Keith Petersen, at (402)-398-7319.

Any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before March 2, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18

CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(ii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

If the Commission decides to set the motion for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

BILLING CODE 6717-01-M

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP01-82-000]

#### Williston Basin Interstate Pipeline Company; Notice of Request Under Blanket Authorization

February 20, 2001.

Take notice that on February 8, 2001, Williston Basin Interstate Pipeline Company (Williston Basin), 1250 West Century Avenue, Bismarck, North Dakota 58503, filed in Docket No. CP01-82-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate a delivery point in Morton County, North Dakota, under Williston Basin's blanket certificate issued in Docket Nos. CP82-487-000, *et al.*, pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Williston Basin states it is requesting authorization to construct and operate a new delivery point to provide natural

gas service to BP Mandan Refinery (BP). Williston Basin states that the proposed delivery point facilities to be constructed by Williston Basin include a new tap on its 12-inch transmission line, a high pressure turbine meter, two small buildings, associated piping and valves, and a remote terminal unit. In addition, Williston Basin states that BP plans to install approximately 3,300 feet of 6-inch pipeline from its plant facilities to Williston Basin's proposed delivery point. Williston Basin states that the proposed facilities, along with 3,300 feet of 6-inch pipeline to be constructed by BP, are all located entirely on property owned by BP.

Williston Basin states that BP currently receives natural gas service at the northern area of its plant from Montana-Dakota Utilities Co. (Montana-Dakota), a local distribution company, through an existing delivery point (Point ID 02000) located on Williston Basin's system. Williston Basin states that natural gas deliveries at Point ID 02000 averaged approximately 550 Mcf/d during the past 12 months. Williston Basin states that the quantity of gas to be delivered through the new delivery point for the end-use requirements of BP is estimated to be up to 8,000 Mcf/day. The cost of constructing the new delivery point is estimated by Williston Basin to be \$55,000.

Williston Basin states it has determined that construction of the proposed facilities is consistent with Section 46 of the General Terms and Conditions of its Tariff. Williston Basin also states that its Tariff does not prohibit the addition of new delivery points. Williston Basin further states that the addition of the proposed facility will have no significant effect on Williston Basin's peak day or annual requirements, and capacity has been determined to exist on the Williston Basin system to serve this natural gas market.

Williston Basin's contact person for this project is Dale R. Lawrence, (713) 215-4540.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed
