SUPPLEMENTARY INFORMATION: This action has been reviewed and determined not to be a rule or regulation as defined in Executive Order 12866 and Departmental Regulation 1512-1; therefore, the Executive Order and Departmental Regulation do not apply to this action.

Section 7(f)(1) of the Act authorizes GIPSA's Administrator to designate a qualified applicant to provide official services in a specified area after determining that the applicant is better able than any other applicant to provide such official services. GIPSA designated California, headquarters in Sacramento, California, to provide official inspection services under the Act on January 1, 2003.

Section 7(g)(1) of the Act provides that designations of official agencies

will end not later than triennially and may be renewed according to the criteria and procedures prescribed in section 7(f) of the Act. The designation of California ends on December 31, 2005, according to the Act. However, California asked GIPSA for a voluntary cancellation of their designation effective April 30, 2005. Accordingly, California's designation will cease effective April 30, 2005, and GIPSA is asking for applicants to provide official service.

Pursuant to section 7(f)(2) of the Act, the following geographic area, the entire State of California, except those export port locations within the State, is assigned to this official agency. I. Funding Opportunity

Distance learning and telemedicine loans and grants are specifically designed to provide access to education, training and health care resources for people in rural America. The Distance Learning and Telemedicine (DLT) Program (administered by the DLT Branch of the Rural Utilities Service (RUS)) funds the use of advanced telecommunications technologies to help communities meet those needs.

The grants, which are awarded through competitive process, may be used to fund telecommunications, computer networks and related advanced technologies.

Applications for loans and combination loan-grants are not competitively scored. In addition to the items listed for grants, loans and combination loan-grants may be used to fund construction of necessary transmission facilities on a technology-neutral basis. Examples of such facilities include satellite uplinks, microwave towers and associated structures, T-1 lines, DS-3 lines, and other similar facilities. Loan funds may also be used to obtain mobile units and for some building construction. Please see 7 CFR 1703, Subparts D, E, F and G for specifics.

B. What are the basic eligibility requirements for a project?

1. The DLT Program is designed to flow the benefits of distance learning and telemedicine to residents of rural America (see 7 CFR 1703.103(a)(2)). Therefore, in order to be eligible, applicants must propose to use the financial assistance to:

- a. Operate a rural community facility;
- or
- b. Deliver distance learning or telemedicine services to entities that

operate a rural community facility or to residents of rural areas, at rates calculated to ensure that the benefit of the financial assistance is passed through to such entities or to residents of rural areas.

2. If a loan applicant is a telecommunications or electric borrower under the Rural Electrification Act of 1936 (7 U.S.C. 901–950aa, *et seq.*), they may either pass the loan along to an entity that will fulfill paragraph III.B.1 of this notice; or acquire, install, extend or improve a distance learning or telemedicine facility. Please see 7 CFR 1703.101(f).

3. All projects that applicants propose to fund with RUS financial assistance must meet a minimum rurality threshold, to ensure that benefits from the projects flow to rural residents. The minimum eligibility score is 20 points. Please see 7 CFR 1703.126(a)(2) for an explanation of the rurality scoring and eligibility criterion.

a. Each application must apply the following criteria to each of its end-user sites, and hubs that are also proposed as end-user sites, in order to determine a rurality score.

b. The rurality score is the average of all end-user sites' rurality scores.

Criterion	Character	Population	DLT points
Exceptionally Rural Area	Area not within a city, village or borough	≤5000	45
Rural Area	Incorporated or unincorporated area	>5000 and ≤10,000	30

Urban Area	Incorporated or unincorporated area	>20,000	0

4. Projects located in areas covered by the Coastal Barrier Resources Act (16 U.S.C. 3501 *et seq.*) are not eligible for any financial assistance from the DLT Program. Please see 7 CFR 1703.132(a)(5) for combination loan-grants and 7 CFR 1703.142(b)(3) for loans.

C. What are the items are required in an application? See paragraph IV.B of this notice for a discussion of the items that make up a completed application. You may also refer to 7 CFR 1703.134 for completed combination loan-grant application items, and 7 CFR 1703.144 for completed loan application items.

IV. Application and Submission Information

A. Where to get application information. The loan and combination loan-grant application guide, copies of necessary forms and samples, and the DLT Program regulation are available from these sources:

1. The Internet: <http://www.usda.gov/rus/telecom/dlt/dlt.htm>, or <http://www.grants.gov>.

2. The DLT Program of RUS for paper copies of these materials: (202) 720–0413.

B. What constitutes a completed application?

1. Detailed information on each item in the table in paragraph IV.B.6 of this notice can be found in the sections of the DLT Program regulation listed in the table, and the DLT application guide. Applicants are strongly encouraged to read and apply both the regulation and the application guide.

a. When the table refers to a narrative, it means a written statement, description or other written material prepared by the applicant, for which no form exists. RUS recognizes that each project is unique and requests narratives of varying complexity to allow applicants to fully explain their request for financial assistance.

b. When documentation is requested, it means letters, certifications, legal documents or other third party documentation that provide evidence that the applicant meets the listed requirement. For example, evidence of legal existence is sometimes proven by applicants who submit articles of incorporation. This example is not intended to limit the types of documentation that may be submitted to fulfill a requirement. DLT program regulations and the application guide

provide specific guidance on each of the items in the table.

2. The DLT application guide and ancillary materials provide all necessary forms and sample worksheets.

3. While the table in paragraph IV.B.6 of this notice includes all items of a completed application for each program, RUS may ask for additional or clarifying information if the submitted item(s) do not fully address a criterion or other provision. RUS will communicate with applicants if the need for additional information arises.

4. Submit the required application items in the listed order.

5. DUNS Number. As required by the OMB, all applicants for combination loan-grants must supply a Dun and Bradstreet Data Universal Numbering System (DUNS) number when applying. The Standard Form 424 (SF–424) contains a field for you to use when supplying your DUNS number. Obtaining a DUNS number costs nothing and requires a short telephone call to Dun and Bradstreet. Please see the DLT Web site or Grants.gov for more information on how to obtain a DUNS number or how to verify your organization's number.

a. Submit the original application and two (2) copies to RUS.

b. Submit one (1) additional copy to the State government point of contact (if one has been designated) at the same time as you submit the application to RUS. See <http://www.whitehouse.gov/omb/grants/spoc.html> for an updated listing of State government points of contact or contact the DLT Program.

2. Electronically submitted applications (combination loan-grants):

a. The additional paper copies for RUS specified in 7 CFR 1703.136(b) are not necessary if you submit the application electronically through Grants.gov.

b. Submit one (1) copy to the State government point of contact (if one has been designated) at the same time as

you submit the application to RUS. See <http://www.whitehouse.gov/omb/grants/spoc.html> for an updated listing of State government points of contact.

D. How and where to submit an application. Combination loan-grant applications may be submitted on paper or electronically. RUS cannot accept electronic loan applications at this time; please submit loan applications on paper.

1. Submitting applications on paper.

a. Address paper applications for combination loan-grants or loans to the Rural Utilities Service, U.S. Department of Agriculture, 1400 Independence Ave., SW., Room 2845, STOP 1550, Washington, DC 20250–1550. Applications should be marked “Attention: Director, Advanced Services Division, Telecommunications Program.”

b. Packages arriving at the Department of Agriculture via the USPS are irradiated, which can damage the contents. RUS encourages applicants to consider the impact of this procedure in selecting their application delivery method.

2. Electronically submitted applications (applies only to combination loan-grants).

a. Applications will not be accepted via facsimile machine transmission or electronic mail.

b. Electronic applications for combination loan-grants will be accepted if submitted through the Federal government’s Grants.gov initiative at <http://www.grants.gov>.

c. How to use Grants.gov:

(i) Navigate your Web browser to <http://www.grants.gov>.

(ii) Follow the instructions on that Web site to find grant or combination loan-grant information.

(iii) Download a copy of an application package.

(iv) Complete the package off-line.

(v) Upload and submit the application via the Grants.gov Web site.

d. Grants.gov contains full instructions on all required passwords, credentialing and software.

e. If a system problem occurs or you have technical difficulties with an electronic application, please use the customer support resources available at the Grants.gov Web site.

f. Central Contractor Registry. In addition to the DUNS number now required of all grant applicants, submitting an application through Grants.gov requires that you list your organization in the Central Contractor Registry (CCR). Setting up a CCR listing (a one-time procedure with annual updates) takes up to five business days, so RUS strongly recommends that you obtain your organization's DUNS number and CCR listing well in advance of the deadline specified in this notice.

g. Credentialing and authorization of applicants. Grants.gov will also require some one-time credentialing and online authentication procedures. These procedures may take several business days to complete, further emphasizing the need for early action to complete the sign-up, credentialing and authorization procedures at Grants.gov before you submit an application at that Web site.

E. Deadlines.

1. Reminder of competitive grant application deadline: applications must be mailed, shipped or submitted electronically through Grants.gov no later than February 1, 2005, to be eligible for FY 2005 grant funding. The Notice of Solicitation of Applications published in the **Federal Register** (69 FR 70217, December 3, 2004), provides information on resources and requirements for the competitive grant program.

2. Applications for FY 2005 combination loan-grants (paper or electronic) and loans (paper only) may be submitted at any time.

F. *Intergovernmental review.* All DLT programs are subject to Executive Order 12372, "Intergovernmental Review of

Federal Programs." As stated in paragraph IV.C of this notice, a copy of a DLT combination loan-grant application or a loan application must be submitted to the State single point of contact if one has been designated. Please see <http://www.whitehouse.gov/omb/grants/spoc.html> to determine whether your State has a single point of contact.

G. Funding restrictions.

1. Eligible purposes.

A. *Special considerations or preferences.* 7 CFR 1703.112 directs that an RUS telecommunications borrower will receive expedited consideration and determination of a loan application or advance under the Rural Electrification Act of 1936 (7 U.S.C. 901–950aa, *et seq.*) if the loan funds in question are to be used in conjunction with a DLT grant, loan or combination loan-grant (See 7 CFR 1737 for loans and 7 CFR 1744 for advances).

B. *Criteria.* Combination loan-grant applications and loan applications are evaluated on the basis of technical, financial, economic and other criteria. Please see paragraph IV.B.6 of this notice for the items that will be evaluated for a combination loan-grant or loan application, and paragraph V.C of this notice for a brief listing of evaluation standards.

C. *Combination loan-grants and loans review standards.*

1. RUS evaluates applications' financial feasibility using the following information. Please see paragraph IV.B.6 of this of this notice for the items that constitute a completed combination loan-grant or loan application. Also, see 7 CFR part 1703 subpart F for combination loan-grants and 7 CFR part 1703 subpart G for loans:

- Applicant's financial ability to compete the project;
- Project feasibility;
- Applicant's financial information;
- Project sustainability;
- Ability to repay the loan portion of a combination loan-grant, including revenue sources;
- Collateral for which the applicant has perfected a security interest; and
- Adequate security for a loan or the loan portion of a combination loan-grant.

2. RUS also evaluates the following project and application characteristics:

- Services to be provided by the project.
 - Project cost.
 - Project design.
 - Rurality of the proposed service area. Please see paragraph III.B.3 of this Notice for information on determining rurality.
 - Other characteristics.
- D. *Combination loan-grants and loans selection process.* Based on the review standards listed above and in the DLT Program regulation, RUS will process successful loan applications on a first-in, first-out basis, dependent upon the availability of funds. Please see 7 CFR 1703.135 for combination loan-grant application processing and selection; and 7 CFR 1703.145 for loan application processing and selection.

VI. Award Administration Information

A. *Combination loan-grants and loans award notices.*

RUS recognizes that each funded project is unique, and therefore may attach conditions to different projects' award documents.

1. RUS generally sends a letter defining the characteristics of a loan (or the loan portion of a combination loan-grant) such as the term, interest rate and any conditions on the loan. An applicant must communicate agreement with the characteristics of the loan to RUS before a loan or combination loan-grant moves into the approval process.

2. After receiving the applicant's agreement on the loan characteristics, RUS supplies an approval letter to the applicant. Loan documents (and a grant agreement, if applicable) are then sent by RUS. The applicant has 120 days to sign and return the documents, along with any additional material required by the loan or grant documents.
