

new biomass-fired boiler will provide space heating to the facility alongside the existing boilers.

On October 24, 2013, EPA determined that the permit application was administratively complete pursuant to the permit application requirements of 40 CFR 49.154. Based on the information in the application, EPA prepared a draft permit for public review according to the permit content requirements at 40 CFR 49.155 in which EPA proposed to authorize the construction of the new biomass-fired boiler and to establish annual operating hour limitations for all new and existing boilers at the casino as requested in the permit application.

In accordance with the public participation requirements of 40 CFR 49.157, EPA mailed the public notice and the draft permit documents to all required parties. EPA also mailed the public notice, the draft permit documents, and a copy of the application to the Mahnomen Public Library to facilitate review for interested members of the public in the area. EPA published the public notice in the Mahnomen Pioneer, a newspaper with local circulation in the affected area, on February 20, 2014. The public comment period ended on March 24, 2014, 30 days after publication in the Mahnomen Pioneer.

During the public comment period, EPA received one comment letter from the Minnesota Historical Society. The Minnesota Historical Society concurred with EPA's National Historic Preservation Act conclusion and also reminded EPA that the White Earth Nation's Tribal Historic Preservation Officer shares review responsibility with the Minnesota Historical Society. The comment letter did not specifically request any permit changes or object to any permit conditions.

EPA issued a final minor NSR construction permit, permit number MIN-WE-27087R0001-2013-01, on April 15, 2014, in accordance with the final permit issuance requirements of 40 CFR 49.159. The final permit became effective on May 15, 2014. EPA sent the final permit decision and a copy of the final permit documents to the Shooting Star Casino and Event Center on April 17, 2014. EPA posted the final permit decision and final permit documents on its Web site at <http://yosemite.epa.gov/r5/r5ard.nsf/Tribal+Permits!OpenView>.
