[Document Identifier: CMS-855]

Emergency Clearance: Public Information Collection Requirements Submitted to the Office of Management and Budget (OMB)

AGENCY: Centers for Medicare and Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare and Medicaid Services (CMS) (formerly known as the Health Care Financing Administration (HCFA)), Department of Health and Human Services, is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management and Budget (OMB) the following requirements for emergency review. We are requesting an emergency review because the collection of this information is needed before the expiration of the normal time limits under OMB's regulations at 5 CFR part 1320. This is necessary to ensure compliance with 5 U.S.C. 1395g and 42 CFR 413.20 and 413.24. We cannot reasonably comply with the normal clearance procedures because the

approval for this collection lapsed; having approval for the forms is vital to the Medicare program. If we are unable to require specific information from providers and suppliers that want to enroll in Medicare in order to participate in the program, we will have little control over what information they give us without going through a potentially long and drawn out process by going back repeatedly to gather necessary information from the potential providers and suppliers. The alternative would be to accept any supplier or provider for participation in the program, which might result in having otherwise unacceptable providers and suppliers furnishing services to our beneficiaries.

CMS is requesting OMB review and approval of this collection by April 26, 2002, with a 180-day approval period. Written comments and recommendations will be accepted from the public if received by the individuals designated below by April 22, 2002. We published a separate **Federal Register** notice announcing the initiation of an extensive 60-day agency review and public comment period on these requirements on February 8, 2002. We will submit the requirements for OMB review and an extension of this emergency approval during the 180-day approval period.
