DEPARTMENT OF COMMERCE

U.S. Census Bureau

Proposed Information Collection; Comment Request; Quarterly Financial Report

AGENCY: U.S. Census Bureau.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before March 9, 2009.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Demetria V. Hanna, U.S. Census Bureau, HQ-6K181, Washington, DC 20233, Telephone (301) 763-6600.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau's Quarterly Financial Report Program (QFR) is planning to expand to include selected Services sectors in the scope of collection along with corporations currently surveyed in the Manufacturing, Mining, Wholesale Trade, and Retail Trade sectors. A new QFR 300 (S) form will be used to collect data from the Information sector, and selected industries in the Professional, Scientific, and Technical Services sector.

The QFR forms to be submitted for approval are: The QFR 200 (MT) long form; QFR 201 (MG) short form; and the new QFR 300 (S) long form. The QFR

200 (MT) and the 201 (MG) have been updated to improve usability for respondents.

The QFR Program has published up-to-date aggregate statistics on the financial results and position of U.S. corporations since 1947. The QFR is a principal economic indicator that also provides financial data essential to the calculation of key Government measures of national economic performance. The importance of this data collection is reflected by the granting of specific authority to conduct the program in Title 13 of the United States Code, section 91, which requires that financial statistics of business operations be collected and published quarterly. Public Law 109-79 extended the authority of the Secretary of Commerce to conduct the QFR Program under section 91 through September 30, 2015.

The main purpose of the QFR is to provide timely, accurate data on business financial conditions for use by Government and private-sector organizations and individuals. The primary public users are U.S. Governmental organizations with economic policymaking responsibilities. In turn, these organizations play a major role in providing guidance, advice, and support to the QFR Program. The primary private-sector data users are a diverse group including universities, financial analysts, unions, trade associations, public libraries, banking institutions, and U.S. and foreign corporations.

II. Method of Collection

The Census Bureau uses two forms of data collection: Mail out/mail back paper survey forms and a secure, encrypted Internet data collection system called Census Taker. Census Taker provides improved quality with automatic data checks and is context-sensitive to assist the data provider in identifying potential reporting problems before submission, thus reducing the need for follow-up. Census Taker is completed via the Internet eliminating the need for downloading software and increasing the integrity and confidentiality of the data.

Companies are asked to respond to the survey within 25 days of the end of the quarter for which the data are being requested. Letters and/or telephone calls encouraging participation are directed to companies in the survey sample that have not responded by the designated time.
