I. Overview

- II. Proposed changes to Circular 7050.1A
 - A. Fair Share of Revenue
 - B. Submission and Review Process

I. Overview

The proposed changes to Circular
7050.1A regarding joint development
affect: (1) The minimum threshold for
the statutory "fair share of revenue"
requirement; and (2) the submission and
review process for FTA-assisted joint
development projects.

II. Proposed Changes to Circular 7050.1A

A. Fair Share of Revenue

Section 5302(3)(G)(iii) of title 49,
United States Code, requires FTA-
assisted joint development projects to
provide a "fair share of revenue that
will be used for public transportation."
Prior to the October 1, 2014 effective
date of Circular 7050.1A, FTA generally
deferred to a project sponsor's
assessment of a "fair share" of revenue,
and did not require any specific amount
of revenue for transit from a joint
development project. FTA defined "fair
share of revenue" in Circular 7050.1A to
incorporate a minimum threshold that a
joint development project must produce
revenue for transit purposes that at least
equals the federal government's initial
investment in the joint development
project. (79 FR 50,728; 50,731-32).

Over time, FTA has found that
defining a fair share of revenue
minimum threshold unnecessarily
limits the pool of potential projects by
reducing flexibility for project sponsors
and their partners to determine what
amounts to a fair share of revenue.
Accordingly, FTA proposes to no longer
define a minimum revenue threshold, or
set a monetary requirement from a joint
development project for transit
purposes.

Although FTA proposes to allow the
amount and form of revenue received by
the project sponsor to be negotiated
between the joint development parties,
consistent with Circular 7050.1A, the
project sponsor must continue to report
to FTA the amount and source of the
revenue it will receive, and the revenue
must be used for transit purposes.

B. Submission and Review Process

Circular 7050.1A prescribes a process
by which project proposals are
submitted to FTA for review. Currently,
formal project proposals must include:
(1) A completed project request form
that contains pertinent information
about the joint development project,
including how the eligibility criteria are
to be satisfied, (2) all proposed
agreements between the project sponsor
and project partners, (3) an executed

certificate of compliance, and (4) two
forms identifying other required and
supplemental documentation, including
a baseline market analysis to
demonstrate a good faith effort to
provide a fair share of revenue to the
project sponsor.

FTA proposes to update the project
request form to reflect the changes
described in Section (A) above. The
revised project request form will be
published on FTA's website at
www.transit.dot.gov/jointdevelopment.

FTA has also determined that
elimination of the fair share of revenue
minimum threshold makes the
submission of a baseline market analysis
and certificate of compliance
unnecessary. Accordingly, FTA
proposes to no longer require project
sponsors to submit either document.
FTA encourages project sponsors to
conduct baseline market analyses to
better understand current market
conditions and evaluate the viability of
joint development projects.

The proposed changes will streamline
the review of FTA-assisted joint
development projects by reducing the
amount of paperwork that project
sponsors must prepare and FTA must
review.

FTA recommends that interested
stakeholders review the proposed
changes to the Circular carefully and
provide comment on any impacts these
proposed changes may have on future
joint development projects.

K. Jane Williams,

Acting Administrator.
