Agenda

The Groundfish Recreational Advisory Panel will meet to discuss development of draft specifications and measures: Status determination criteria, rebuilding plans for Gulf of Maine (GOM) cod and Southern New England/Mid-Atlantic (SNE/MA) winter flounder, FY2023–24 US/CA total allowable catches, FY2023–24 specifications: Georges Bank (GB) yellowtail flounder and GB cod (including a catch target for the recreational fishery), FY2023–25 specifications for 14 stocks, additional measures to promote stock rebuilding for GOM cod and SNE/MA winter flounder, and revised acceptable biological catch control rules, in consultation with the Scientific and Statistical Committee. They will also discuss a Council priority to develop a transition plan for Atlantic cod management from the current two management unit to up to five management units (multi-year priority). As a part of the transition plan, there will be a white paper on potential approaches to allocate “Georges Bank cod” to the recreational fishery delivered in 2022 to inform the 2023 priorities discussion.

The panel will review the current list of Council research priorities and suggest changes or additions to the list. Other business, as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council’s intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

SUPPLEMENTARY INFORMATION:

Additions

On 5/17/2022; 2/4/2022; and 2/25/2022, the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed additions to the Procurement List. This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51-2.3.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the product(s) and service(s) and impact of the additions on the current or most recent contractors, the Committee has determined that the product(s) and service(s) listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or

other compliance requirements for small entities other than the small organizations that will furnish the product(s) and service(s) to the Government.

2. The action will result in authorizing small entities to furnish the product(s) and service(s) to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O’Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) proposed for addition to the Procurement List.

End of Certification

Accordingly, the following product(s) and service(s) are added to the Procurement List:

Product(s)

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee’s Procurement List is effectuated because of the expiration of

the U.S. Coast Guard, Acquisition Support Services, Baltimore, MD, Norfolk, VA & Oakland, CA contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the U.S. Coast Guard will refer its business elsewhere, this addition must be effective on May 29, 2022, ensuring timely execution for a June 1, 2022, start date while still allowing 16 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been in contact with one of the affected parties, the incumbent of the expiring contract, since June 2021 and determined that no severe adverse impact exists. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on January 7, 2022 and did not receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Michael R. Jurkowski,

Acting Director, Business Operations.
