Service Act (42 U.S.C. 262(k), referred to in this document as a 351(k) application).

This draft guidance describes how the Agency determines if: (1) The provisions of section 505(q) of the FD&C Act addressing the treatment of citizen petitions and petitions for stay of Agency action (collectively, petitions) apply to a particular petition and (2) a petition would delay approval of a pending ANDA, 505(b)(2) application, or 351(k) application. This draft guidance also describes how FDA implements the provisions of section 505(q) requiring that: (1) A petition include a certification and (2) supplemental information or comments to a petition include a verification. It also addresses the relationship between the review of petitions and pending ANDAs, 505(b)(2) applications, and 351(k) applications for which the Agency has not yet made a decision on approvability.

This draft guidance revises the guidance for industry entitled ''Citizen Petitions and Petitions for Stay of Action Subject to Section 505(q) of the Federal Food, Drug, and Cosmetic Act'' issued in November 2014. This draft guidance updates the November 2014 guidance to account for recent regulatory changes to add § 10.31 (21 CFR 10.31) to FDA's regulations and modify 21 CFR 10.30 and 10.35. The revision also describes a change in FDA's current thinking on what constitutes a 505(q) petition. In addition, FDA is revising this guidance to describe some of the considerations FDA will take into account in determining whether a petition is submitted with the primary purpose of delaying the approval of an application under section 505(q)(1)(E) of the FD&C Act.

This draft guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the current thinking of FDA on citizen petitions and petitions for stay of action subject to section 505(q) of the FD&C Act. It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations. This guidance is not subject to Executive Order 12866.

II. Paperwork Reduction Act of 1995

This draft guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520). The collections of information in 21 CFR 10.20, 10.30, and 10.35 have been approved under OMB control number 0910–0191; the collections of information in § 10.31 have been approved under OMB control number 0910–0679; and the collections of information in 21 CFR 314.54, 314.94, and 314.102 have been approved under OMB control number 0910–0001. The certification and verification statements required under § 10.31(c) and (d) are ''public disclosure[s] of information originally supplied by the Federal government to the recipient for the purpose of disclosure to the public . . .'' (5 CFR 1320.3(c)(2)) and therefore not subject to OMB review under the PRA.

III. Electronic Access

Persons with access to the internet may obtain the draft guidance at either *http://www.fda.gov/Drugs/GuidanceComplianceRegulatoryInformation/Guidances/default.htm* or *https://www.regulations.gov.*

DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier OS–0990–New]

Agency Information Collection Request. 60-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, is publishing the following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before December 3, 2018.

ADDRESSES: Submit your comments to *Sherrette.Funn@hhs.gov* or by calling (202) 795–7714.

FOR FURTHER INFORMATION CONTACT: When submitting comments or requesting information, please include the document identifier 0990–New–60D and project title for reference, to *Sherrette.funn@hhs.gov,* or call 202–795–7714, the Reports Clearance Officer.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: Fertility Knowledge Survey.

Type of Collection: OMB No. 0990–NEW—Office of the Assistant Secretary for Health (OASH).

Abstract: The Office of the Assistant Secretary for Health/Office of Population Affairs (OPA) is seeking an approval by the Office of Management and Budget on a new information collection. We seek to collect information to increase understanding of (1) adolescent and young adult knowledge of human (female and male) fertility and (2) how this knowledge is related to behaviors and intentions involving childbearing. We propose to collect this information through a 20-minute web survey (Fertility Knowledge Survey) of 2,100 females and 1,900 males, aged 15 to 29 years, using an online panel that is based on a probability-based sample of the U.S. population. The survey will produce evidence and findings that are expected to be generalizable to the population of English-speaking females and males aged 15 to 29 years in the United States.

Possessing accurate knowledge about human fertility is important information that enables reproductive-aged women and men to make informed decisions and plans about reproduction and empowers them to seek appropriate and timely health services (e.g., family planning, related preventive healthcare, or infertility assessment) to achieve those plans. OPA requires high-quality information on the fertility knowledge and related behaviors of U.S. adolescents and young adults to inform Title X policies and strategies that aim to close knowledge gaps, enhance reproductive life planning, and increase access to appropriate and evidence-informed care.

The Fertility Knowledge Survey will be administered once to each respondent. Respondents will include English-speaking females and males, aged 15 to 29 years, who are able to get pregnant or father a child, respectively. This study will rely on a web survey to

be self-administered at home on personal computers, tablets, or phones. A web survey has numerous methodological advantages, including increased accuracy in measurement of key variables of interest, and reduced burden on study participants. Respondents in this study will be members of the general public. This collection will not involve small business or small entities.

The estimated annualized hour burden of responding to this information collection is 1,333 hours, or a weighted average of 20 minutes (.33 hours) per respondent. The hour-burden estimate includes the time spent by a respondent to read the email invitation, review the online consent or assent (minor), and complete the survey. Participation is voluntary and there are no costs to respondents other than their time. OMB approval is requested for three years.

ANNUALIZED BURDEN HOUR TABLE

Forms (if necessary)	Respondents (if necessary)	Number of respondents	Number of responses per respondents	Average burden per response	Total burden hours
Fertility Knowledge Survey	General Public, aged 15 to 29 years	4,000	1	20/60	1,333
Total			4,000		1,333

Dated: September 27, 2018.

National Institutes of Health

National Heart, Lung, and Blood Institute; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Heart, Lung, and Blood Initial Review Group; Clinical Trials Review Committee.

Date: October 25–26, 2018.

Time: 8:00 a.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Place: Residence Inn Bethesda, 7335 Wisconsin Avenue, Bethesda, MD 20814.

Contact Person: Keary A. Cope, Ph.D., Scientific Review Officer, Office of Scientific Review/DERA, National Heart, Lung, and Blood Institute, 6701 Rockledge Drive, Room 7190, Bethesda, MD 20892–7924, 301–827–7912, *copeka@mail.nih.gov*.
