

Act of 1995 (PRA), the U.S. Election Assistance Commission (EAC) gives notice that it is requesting from the Office of Management and Budget (OMB) approval for the information collection of one Election Supporting Technology Evaluation Program form. The information collected is to be used to improve the quality of election-supporting technology used in Federal elections, and to collect necessary key information on election-supporting technology manufacturers and their systems. Participation in this program is voluntary.

**DATES:** Comments must be received by 5 p.m. Eastern on Monday, November 13, 2023.

**ADDRESSES:** Comments on the proposed Testing and Certification forms should be submitted electronically via <https://www.regulations.gov> (docket IDs: EAC–2023–0002). Written comments on the proposed information collection can also be sent to the U.S. Election Assistance Commission, 633 3rd Street NW, Suite 200, Washington, DC 20001, Attn: Election Supporting Technology Evaluation Program.

**FOR FURTHER INFORMATION CONTACT:** Elizabeth Beatrice, Election Technology Specialist, Election Supporting Technology Evaluation Program, Washington, DC (202) 748–2298. Email: [estep@eac.gov](mailto:estep@eac.gov).

All requests and submissions should be identified by the title of the information collection.

**SUPPLEMENTARY INFORMATION:**

*Title and OMB Number:* Application for ESTEP Participation, OMB Number Pending.

*Purpose:* Under the PRA (44 U.S.C. 3501–3520), Federal Agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes Agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the EAC is publishing notice of the proposed collection of information set forth in this document.

The EAC Election Supporting Technology Evaluation Program evaluates the security and accessibility of election-supporting technologies, including electronic poll books, voter registration systems, electronic ballot delivery systems, and election night reporting databases. The program is to publish one form. This is to be used to collect key information concerning election-supporting technology manufacturers and their systems. The application for participation in the Election Supporting Technology Evaluation Program collects

administrative information on new or modified election-supporting technology systems that are being submitted for testing by a registered manufacturer.

This information is collected to improve the quality of election-supporting technology used in federal elections.

*Public Comments:* We are soliciting public comments to permit the EAC to:

- Evaluate whether the proposed information collection is necessary and sufficient for the proper functions of the Election Supporting Technology Evaluation Program.
- Evaluate the accuracy of our estimate of burden for this proposed collection, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your submitted comments, including your personal information, will be available for public review.

*Respondents:* Election Supporting Technology Manufacturers, State and Local Election Officials.

**Annual Reporting Burden**

OMB approval is requested for 3 years.

ANNUAL BURDEN ESTIMATES				
Instrument	Estimated number of respondents	Total number of responses per year	Average burden hours per response	Annual burden hours
Application for ESTEP Participation .....	10	10	2	20
Total .....	.....	20	.....	40

The estimated cost of the annualized cost of this burden is: \$3,361.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. CP23-535-000]

#### WBI Energy Transmission, Inc.; Notice of Application and Establishing Intervention Deadline

Take notice that on August 28, 2023, WBI Energy Transmission, Inc. (WBI Energy), 1250 West Century Avenue, Bismarck, North Dakota 58503, filed an application under sections 7(b) and 7(c) of the Natural Gas Act (NGA), and Part 157 of the Commission's regulations requesting authorization for its South Spearfish Project (Project). The Project consists of: (1) relocating pressure regulation and overpressure equipment; (2) uprating the existing Deadwood-Central City Lateral; (3) constructing the new South Spearfish Station containing the South Spearfish Town Border Station and the Deadwood Lateral Transfer Station; (4) abandoning by sale to Montana-Dakota the 4-inch-diameter South Spearfish Lateral and certain station equipment at the existing South Spearfish Town Border Station; and (5) abandoning by removal remaining station equipment at the existing South Spearfish Town Border Station. WBI Energy's application will assist the Commission in meeting its obligation under Section 106 of the National Historic Preservation Act to review WBI Energy's cultural resources survey to identify archaeological, historical architectural, and other cultural resource sites within the proposed LS 15 Expansion Project's area of potential effects.<sup>1</sup> The South Spearfish Project is located in Lawrence County, South Dakota. WBI Energy estimates the total cost of the Project to be \$1,420,000, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page ([www.ferc.gov](http://www.ferc.gov)) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room. For assistance, contact the Federal Energy Regulatory

<sup>1</sup> See WBI Energy's filing accession number 20230420-5050, Line Section 15 Expansion Project (04/20/2023).
