

DEPARTMENT OF COMMERCE**Foreign-Trade Zones Board****[B–18–2025]****Foreign-Trade Zone (FTZ) 82,
Notification of Proposed Production
Activity; Rohr, Inc.; (Aircraft Products);
Foley, Alabama**

Rohr, Inc. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Foley, Alabama within Subzone 82J. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on March 21, 2025.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz. The proposed material(s)/ component(s) would be added to the production authority that the Board previously approved for the operation, as reflected on the Board's website.

The proposed foreign-status materials/components include: acoustic bond panel; actuator; actuator kit (actuator, non-locking switch, guide tube, flex shaft, and manual drive unit); air oil cooler panel; silicone bumper; cascade kit (composite pieces formed together in a honeycomb shape for installation on a thrust reverse to circulate airflow to the aircraft engine); control unit; titanium core cowl skin; customer satisfaction unit kit (flex shaft and flex tube); stainless steel deploy tube; aluminum drag link (with inconel spring); aluminum duct; aluminum fairing; stainless steel flex shaft; aluminum hinge beam; hydraulic control unit; inner fixed structure bond panel; aluminum inlet noselip skin; inner bond panel; aluminum latch beam; stainless steel manifold; manual drive unit; aluminum noselip skin; power pack (for powering the hydraulics of the fan cowl units; pressure relief door; proximity sensor; scoop (for funneling air through the bond panel, acting as ventilation for the aircraft engine; silicone rubber seal; seal land (to support the fire seal within the thrust reverser unit); silicone rubber shield (with metal doubler bonded inside); push button switch; tee (track lock piece connection); aluminum top frame; stainless steel track lock; inlet

cowl assembly; door assembly; apron assembly; thrust reverser; and aluminum vent. (duty rate ranges from duty-free to 5.3%). The request [also] indicates that certain materials/ components are subject to duties under section 1702(a)(1)(B) of the International Emergency Economic Powers Act (section 1702), section 232 of the Trade Expansion Act of 1962 (section 232) or section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 1702, section 232 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is May 12, 2025.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

and the People's Republic of China:
Final Results of the Expedited First
Sunset Reviews of the Antidumping
Duty Orders**

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on polyester textured yarn from India and the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping, at the levels indicated in the "Final Results of Sunset Reviews" section of this notice.

DATES: Applicable April 2, 2025.

SUPPLEMENTARY INFORMATION:**Background**

On January 10, 2020, Commerce published the AD orders on polyester textured yarn from India and China.¹ On December 2, 2024, Commerce published the *Initiation Notice* of the first sunset reviews of the *Orders*, pursuant to section 751(c) of the Act.² On December 16, 2024, Commerce received notices of intent to participate in these reviews from the domestic interested parties within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested parties claimed the interested party status pursuant to section 771(9)(C) of the Act as a manufacturer, producer, or wholesaler in the United States of the domestic like product.⁴

On December 27, 2024, Commerce received adequate substantive responses from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁵ Commerce did not receive a substantive response from any respondent interested party. On January 31, 2025, Commerce notified the ITC that it did not receive substantive responses from any respondent interested parties.⁶ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce is conducting expedited (120-day) sunset reviews of the *Orders*.

Scope of the Orders

The product covered by these *Orders* is polyester textured yarn from India and China. For the full description of

Analysis of Comments Received

A complete discussion of all issues raised in this sunset review, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *Orders* and the magnitude of the margins likely to prevail if the *Orders* were to be revoked, is provided in the accompanying Issues and Decision Memorandum.⁸ A list of the topics discussed in the Issues and Decision Memorandum is attached in the Appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be directly accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1), 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 47.98 percent for India and up to 77.15 percent for China.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective, orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act,

Granular Polytetrafluoroethylene Resin From India: Notice of Court Decision Not in Harmony With the Final Determination of Antidumping Investigation; Notice of Amended Final Determination; Notice of Amended Order, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On March 7, 2025, the U.S. Court of International Trade (CIT) issued its final judgment in *Daikin America, Inc. v. United States*, Slip Op. 25-22 Court no. 22-00122, sustaining the U.S. Department of Commerce (Commerce)'s remand redetermination pertaining to the less-than-fair-value (LTFV) investigation of granular polytetrafluoroethylene (PTFE) resin from India covering the period of investigation January 1, 2020, through December 31, 2020. Commerce is notifying the public that the CIT's final judgment is not in harmony with Commerce's final determination in the investigation, and that Commerce is amending the final determination and the resulting antidumping duty (AD) order with respect to the dumping margin assigned to Gujarat Fluorochemicals Limited (GFCL), and all other producers and exporters of subject merchandise.

DATES: Applicable March 17, 2025.

SUPPLEMENTARY INFORMATION:

Background

On January 25, 2022, Commerce published its *Final Determination* in the LTFV investigation of granular PTFE resin from India.¹ In the *Final Determination*, Commerce accepted GFCL's allocated movement expenses, as reported, and granted GFCL a constructed export price (CEP) offset. Commerce subsequently published the AD order on granular PTFE from India.² On March 14, 2024, the CIT instructed Commerce to reconsider: (1) whether it was feasible for GFCL to report its domestic inland freight, international freight, and domestic inland insurance expenses on a transaction-specific basis based on the sales documentation on the record and, if not, whether the expenses were calculated on as specific a basis as possible and whether the reporting of such expenses does not cause inaccuracies or distortions; and (2) whether GFCL demonstrated its eligibility for a CEP offset.³

In its final remand redetermination, issued March 14, 2024, Commerce explained why it was not feasible for GFCL to report movement expenses on a transaction-specific basis, and why GFCL's allocation of these expenses was reasonable, based on its records maintained in the normal course of business, and was not distortive.⁴ Also, upon reconsideration, we determined that GFCL had not shown that it was entitled to a CEP offset and we revised GFCL's AD rate to remove the CEP offset adjustment. Based on the change, Commerce calculated a weighted-average dumping margin for GFCL of 10.36 percent for the period of January
