Bankruptcy Notifications**

AGENCY: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice.

SUMMARY: Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat Division has submitted to the Office of Management and Budget (OMB) a request to review and approve a revision of a previously approved information collection requirement regarding indirect cost rate proposals, payments to small business subcontractors, and bankruptcy notifications.

DATES: Submit comments on or before July 7, 2022.

ADDRESSES: Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function.

Additionally, submit a copy to GSA through <https://www.regulations.gov> and follow the instructions on the site. This website provides the ability to type short comments directly into the comment field or attach a file for lengthier comments.

Instructions: All items submitted must cite OMB Control No. 9000-0069, Indirect Cost Rate Proposals, Payments to Small Business Subcontractors, and Bankruptcy Notifications. Comments received generally will be posted without change to <https://www.regulations.gov>, including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check www.regulations.gov, approximately two-to-three days after submission to verify posting. If there are difficulties submitting comments, contact the GSA Regulatory Secretariat Division at 202-501-4755 or GSARegSec@gsa.gov.

SUPPLEMENTARY INFORMATION:**A. OMB Control Number, Title, and
Any Associated Form(s)**

9000-0069, Indirect Cost Rate Proposals, Payments to Small Business Subcontractors, and Bankruptcy Notifications.

B. Needs and Uses

DoD, GSA, and NASA are combining OMB Control Nos. for the Federal Acquisition Regulation (FAR) by FAR part. This consolidation is expected to improve industry's ability to easily and efficiently identify burdens associated with a given FAR part. The review of the information collections by FAR part allows improved oversight to ensure there is no redundant or unaccounted for burden placed on industry. Lastly, combining information collections in a given FAR part is also expected to reduce the administrative burden associated with processing multiple information collections.

This justification supports the revision of OMB Control No. 9000-0069 and combines it with the previously approved information collections under OMB Control No. 9000-0196, with the new title "Indirect Cost Rate Proposals, Payments to Small Business Subcontractors, and Bankruptcy Notifications". Upon approval of this consolidated information collection, OMB Control No. 9000-0196 will be discontinued. The burden requirements previously approved under the discontinued number will be covered under OMB Control No. 9000-0069.

This clearance covers the information that contractors must submit to comply with the following FAR requirements:

FAR 52.216-7, Allowable Cost and Payment. This clause requires the contractor to submit an adequate final indirect cost rate proposal to the contracting officer and the auditor within the 6-month period following the expiration of each of its fiscal years. The proposed rates shall be based on the contractor's actual cost experience for that period. Paragraphs (d)(2)(iii) and (iv) of this clause provide a list of the data required to be submitted. The data is customary business financial information that the contractor can access from its automated business systems.

FAR 52.216-15, Predetermined Indirect Cost Rates. This clause repeats the requirement in the FAR clause at 52.216-7, paragraph (d), for the contractor to submit an adequate final

indirect cost rate proposal, however it does not impose any additional reporting requirements.

FAR 52.242–4, Certification of Final Indirect Costs. This clause requires the contractor's final indirect cost rate proposal to be certified to establish or modify the rates used to reimburse the contractor for the costs of performing under the contract. The supporting cost data are the cost accounting information normally prepared by organizations under sound management and accounting practices. This clause is incorporated into all solicitations and contracts that provide for establishment of final indirect cost rates, but the Department of Energy may provide an alternate clause for its Management and Operating contracts.

The contracting officer and auditor use the proposal and supporting data provided under the FAR clauses at 52.216–7, 52.216–15, and 52.242–4 to verify and analyze the indirect costs and to determine the final indirect cost rates or to prepare the Government negotiating position if negotiation of the rates is required under the contract terms.

FAR 52.242–5, Payments to Small Business Subcontractors. This clause requires the prime contractor to self-report to the contracting officer when the prime contractor makes late or reduced payments to small business subcontractors. The notice shall include the reason(s) for making the reduced or untimely payment. The contracting officer uses the information to record the identity of contractors with a history of late or reduced payments to small business subcontractors in the Federal Awardee Performance and Integrity Information System. The contracting officer considers and evaluates the contractor's written explanation for a reduced or an untimely payment to determine whether the reduced or untimely payment is justified.

FAR 52.242–13, Bankruptcy. This clause requires contractors to notify the contracting officer within five days after initiating the proceedings relating to bankruptcy filing. The contracting officer uses the notification received under this clause to ensure the contractor's ability to perform its government contract.

C. Annual Burden

Respondents: 6,265.

Total Annual Responses: 6,265.

Total Burden Hours: 1,504,083.

D. Public Comment

A 60-day notice was published in the **Federal Register** at 87 FR 17292, on

March 28, 2022. No comments were received.

Obtaining Copies: Requesters may obtain a copy of the information collection documents from the GSA Regulatory Secretariat Division, by calling 202–501–4755 or emailing GSARegSec@gsa.gov. Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled “Triazole-resistant *Aspergillus fumigatus* Case Report Form” to the Office of Management and Budget (OMB) for review and approval. CDC previously published a “Proposed Data Collection Submitted for Public Comment and Recommendations” notice on December 21, 2021 to obtain comments from the public and affected agencies. CDC did not receive comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639–7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395–5806. Provide written comments within 30 days of notice publication.

Proposed Project

Characteristics of Patients with Environmentally-derived Triazole-resistant *Aspergillus fumigatus*—New—National Center for Emerging and Zoonotic Infectious Diseases (NCEZID), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The environmental mold *Aspergillus fumigatus* is the primary cause of invasive aspergillosis and is associated with 50% mortality in high-risk patients, including stem cell and organ transplant recipients. The use of triazole antifungals has greatly improved survival, however triazole-resistant *A. fumigatus* infections are increasingly reported worldwide and are associated with increased mortality and treatment failure. Of particular concern are resistant *A. fumigatus* isolates carrying the TR34/L98H and TR46/Y121F genetic resistance markers, which are associated with environmental triazole fungicide use rather than previous patient exposure to antifungals. Infections with these triazole-resistant strains have become common among patients with *A. fumigatus* infections in Europe, Asia, and South America, and have been characterized epidemiologically. However, U.S. reports of isolates carrying TR34/L98H or TR46/Y121F markers are limited, and
