**BILLING CODE 3510-22-S**

**DEPARTMENT OF COMMERCE**

**Economic Development Administration**

**Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance**

**AGENCY:** Economic Development Administration, Department of Commerce.

**ACTION:** Notice and opportunity for public comment.

Pursuant to Section 251 of the Trade Act of 1974 (19 U.S.C. 2341 *et seq.*), the

Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. EDA has initiated separate investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each firm contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

**LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION OF ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT**  
[3/23/2010 through 3/30/2010]

| Firm                                  | Address   | Date accepted for filing | Products  |
|---------------------------------------|---|--------------------------|---|
| Mansfield Plumbing Products, LLC      | 150 E. 1st St., Perrysville, OH 44864.          | 3/23/2010                | Sinks and lavatories made of porcelain or china.  |
| Hurst Manufacturing .....             | 1551 East Broadway, Princeton, NJ 47670.        | 3/24/2010                | Electric Motors, Brushless DC, AC Induction, Step-per and Synchronous.  |
| Adams USA, Inc .....                  | 610 S Jefferson Avenue, Cookeville, TN 38501.   | 3/25/2010                | The firm produces sporting goods equipment; primary materials include plastic and fabric.   |
| Bailey Knit Corporation .....         | 1606 Sanders Ave, NE., Fort Payne, AL 35967.    | 3/25/2010                | The firm produces socks; primary materials include cotton and synthetic fibers.   |
| Development Associates, Inc .....     | 300 Old Baptist Road, North Kingston, RI 02852. | 3/25/2010                | Development Associates manufactures polyurethane Resin, clear polyurethane resin—auto grade, non-yellowing, uv stable, mercury free, urethane Adhesive, epoxy primer, wire and cable coating.   |
| Hawaiian Sun Products, Inc .....      | 259 Sand Island Access, Honolulu, HI 96819.     | 3/25/2010                | Hawaiian Sun produces tropical fruit juices, preserves, chocolate covered food products, macadamia nuts, and a variety of other food products.  |
| Pierce Aluminum Company, Inc .....    | 34 Forge Park, Franklin, MA 02038.              | 3/25/2010                | Pierce Aluminum specializes in aluminum products for use in the marine, transportation, defense, Architectural, and general manufacturing. They also provide finished aluminum products for first line production capabilities for the same industries. |
| Alpha Machining & Manufacturing, Inc. | 1604 N. 161st East Avenue, Tulsa, OK 74116.     | 3/29/2010                | Machined parts for the aircraft industry.   |

Any party having a substantial interest in these proceedings may request a public hearing on the matter.

A written request for a hearing must be submitted to the Trade Adjustment Assistance for Firms Division, Room 7106, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice.

Please follow the procedures set forth in section 315.9 of EDA's final rule (71 FR 56704) for procedures for requesting a public hearing. The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Dated: March 30, 2010.

**BILLING CODE 3510-24-P**

**DEPARTMENT OF DEFENSE**

**Department of the Army; Corps of Engineers**

**Intent To Prepare a Draft Environmental Impact Statement for Hurricane and Storm Damage Reduction for South Ponte Vedra Beach, Vilano Beach, and Summer Haven Beach Reaches, St. Johns County, FL**

**AGENCY:** Department of the Army, U.S. Army Corps of Engineers, DoD.

**ACTION:** Notice of intent.

**SUMMARY:** The U.S. Army Corps of Engineers, Jacksonville District, intends to prepare a Draft Environmental Impact Statement (DEIS) for evaluation of the feasibility of providing hurricane and storm damage reduction (HSDR), and related purposes to the shores of St. Johns County, Florida. In cooperation with St. Johns County, the study will evaluate alternatives that will maximize HSDR while minimizing environmental impacts within three reaches designated critically eroded by Florida Department of Environmental Protection (FDEP): (1) South Ponte Vedra Beach (R84-R110/5 miles), (2) Vilano Beach (R110-R122/2.5 miles) and (3) Summer Haven Beach (R197-R209/2.3 miles).

**ADDRESSES:** U.S. Army Corps of Engineers, Planning Division, Environmental Branch, P.O. Box 4970, Jacksonville, FL 32232-0019.

**FOR FURTHER INFORMATION CONTACT:** Mr. Paul M. DeMarco, by e-mail [Paul.M.DeMarco@usace.army.mil](mailto:Paul.M.DeMarco@usace.army.mil) or by telephone at 904-232-1897.

**SUPPLEMENTARY INFORMATION:**

a. *Proposed Action.* The Rivers and Harbors Act of 1962 gave the Secretary of the Army broad authorization to survey coastal areas of the United States and its possessions in the interest of beach erosion control, hurricane protection and related purposes, provided that surveys of particular areas would be authorized by appropriate resolutions (Pub. L. 87-874, Section 110). As a result, portions of the St. Johns County shoreline experiencing severe erosion were studied extensively. The St. Johns County, Florida General Reevaluation Report (GRR) (USACE 1998), recommended beach nourishment along St. Augustine Beach. Initial fill was completed in January 2003.

Authority for the proposed study is House Resolution 2646 adopted June 21, 2000. A Reconnaissance Report completed in March 2004, by the Corps, concluded based on preliminary findings, there was a federal interest in pursuing HSDR for the Vilano Beach and Summer Haven Beach reaches. Subsequent to the completion of that report, South Ponte Vedra Beach experienced severe erosion, was designated as a critically eroded beach by FDEP, and therefore added to the scope of the Federal study.

b. *Alternatives.* Project's alternatives include no action and various levels of protection along approximately 9.8 miles of coastal shoreline along three reaches designated as critically eroded areas. In addition to various levels of beach nourishment and periodic renourishment, the Corps will consider other management measures such as nearshore placement of sand, breakwaters, submerged artificial reef, groins, revetments, seawalls, dunes/vegetation, change to the Coastal Construction Control Line, relocation of structures, moratorium on construction, establish a no-growth program, relocation of structures, flood proofing of structures, and condemnation of structures with land acquisition.

c. *Scoping Process.* The scoping process as outlined by the Council on Environmental Quality has been and will continue to be utilized to involve Federal, State, and local agencies, affected Indian tribes, and other interested persons and organizations. Scoping letters were sent to the appropriate parties requesting their comments and concerns on August 17, 2005, for the Summer Haven and Vilano

Beach reaches of the study area. After that time, FDEP designated the South Ponte Vedra Reach as critically eroding. A second scoping letter was sent out on September 16, 2008, to include the South Ponte Vedra Reach in the study area. Initial comments and concerns have been received. Any additional persons and organizations wishing to participate in the scoping process should contact the U.S. Army Corps of Engineers at the above address.

Significant issues to be analyzed in the DEIS would include effects on Federally listed threatened and endangered species, and Essential Fish Habitat. Other issues would be health and safety, water quality, aesthetics and recreation, fish and wildlife resources, cultural resources, and socio-economic resources. Issues identified through scoping and public involvement thus far include loss of land and property due to erosion, lack of protection from hurricanes, loss of recreational beach, concern over impacts to sea turtles and shore birds from renourishment, concern over impacts to benthic organisms from mining and fill, concern over protecting surfing spots and the revenue they generate, concern over wasting Federal tax dollars, too much time since the first studies without positive results, and concern that revetments and seawalls harm sea turtle nesting.

Any proposed action would be coordinated with the U.S. Fish and Wildlife Service and the National Marine Fisheries Service (NMFS) pursuant to Section 7 of the Endangered Species Act, and with the State Historic Preservation Officer. The NMFS Habitat Conservation Division (HCD) has accepted cooperating agency status on the study.

Any proposed action would also involve evaluation for compliance with guidelines pursuant to section 404(b) of the Clean Water Act; application (to the State of Florida) for Water Quality Certification pursuant to section 401 of the Clean Water Act; certification of state lands, easements, and rights of way; and determination of Coastal Zone Management Act consistency. The FDEP Bureau of Beaches and Coastal Systems (BBCS) has also accepted cooperating agency status on the study.

The U.S. Army Corps of Engineers and the non-Federal sponsor, St. Johns County, would provide extensive information and assistance on the resources to be impacted and alternatives.

d. *Scoping Meetings.* Public scoping meetings could be held. Exact dates, times, and locations would be published in local papers.

e. *Agency Role.* As the cooperating agency, NMFS HCD and FDEP BBCS will provide information and assistance on the resources to be impacted, mitigation measures and alternatives. Other agencies having either regulatory authority or special expertise may also be invited to become a cooperating agency in preparation of the EIS. Specifically, as a Federal agency with jurisdiction to manage resources available on the Outer Continental Shelf (OCS), the U.S. Minerals Management Service would be invited should potential borrow areas be identified within Federal waters (outside the 3-mile State statutory limit).

f. *Draft Environmental Impact Statement Availability.* The study schedule is dependent upon Congressional funding and the current estimate is for the Draft Environmental Impact Statement to be available on or after 2012.

Dated: March 25, 2010.

**Eric P. Summa,**

*Chief, Environmental Branch.*

**BILLING CODE 3720-58-P**

## DEPARTMENT OF DEFENSE

### Department of the Army

#### **Draft Environmental Impact Statement (DEIS) for Training Range and Garrison Support Facilities Construction and Operation at Fort Stewart, GA**

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of Availability (NOA).

**SUMMARY:** The Department of the Army has prepared a DEIS to analyze the environmental and socioeconomic impacts resulting from the proposed construction of 12 range projects and 2 garrison support facilities at Fort Stewart, Georgia. Completion of these projects will better allow the Army to support Soldier training requirements and will support Fort Stewart's existing and future units. Construction of these projects will help to ensure Fort Stewart can meet unit training requirements if and when the pace of operational deployments slows.

**DATES:** The public comment period will end 45 days after the publication of an NOA in the **Federal Register** by the U.S. Environmental Protection Agency.

**ADDRESSES:** For further information regarding the EIS, please contact Mr. Charles Walden, Project Manager, Directorate of Public Works, Prevention and Compliance Branch, Environmental Division, 1550 Frank Cochran Drive, Building 1137-A, Fort Stewart, Georgia
