Grain-Oriented Electrical Steel From Germany, Japan, and Poland: Final Determinations of Sales at Less Than Fair Value and Certain Final Affirmative Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: The Department of Commerce (the Department) determines that grain-oriented electrical steel (GOES) from Germany, Japan, and Poland is being, or is likely to be, sold in the United States at less than fair value (LTFV), as provided in section 735 of the Tariff Act of 1930, as amended (the Act). The period of investigation (POI) is July 1, 2012, through June 30, 2013. The final weighted-average dumping margins of sales at LTFV are listed below in the "Final Determinations" section of this notice.

DATES: July 22, 2014.

FOR FURTHER INFORMATION CONTACT:

Stephen Banea at (202) 482-0656 (Germany); Steve Bezirgianian at (202) 482-1131 (Japan); or Alan Ray at (202) 482-5403 (Poland); AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:**Background**

On May 12, 2014, the Department published the preliminary

determinations of sales at LTFV of GOES from Germany, Japan, and Poland.¹ We invited, but did not receive, interested party comments on the preliminary determinations in these investigations.

In May and June 2014, the mandatory respondents in the investigations from Germany and Japan requested that the Department postpone the final determinations in those cases, pursuant to section 735(a)(2)(A) of the Act and 19 CFR 351.210(e)(1). These companies also requested that the Department extend provisional measures from a four-month period to not more than six months, in accordance with section 733(d) of the Act and 19 CFR 351.210(e)(2). Subsequently, the petitioners and a domestic interested party² submitted letters jointly opposing these requests.³

Scope of the Investigations

The scope of the investigations covers GOES, which is a flat-rolled alloy steel product containing by weight specific levels of silicon, carbon, and aluminum. For a complete description of the scope of the investigations, see Appendix I to this notice.

Verification

The Department did not verify any of the mandatory respondents in these investigations because none of the mandatory respondents participated in the investigations prior to the issuance of the preliminary determinations.

Requests To Postpone the Final Determinations for Germany and Japan

On May 14 and May 19, 2014, respectively, the Department received requests to postpone the final determinations from the mandatory respondents in the Japan investigation (*i.e.*, Nippon Steel & Sumitomo Metal Corporation (NSSMC) and JFE Steel Corporation (JFE)) and the mandatory respondent in the German investigation (*i.e.*, ThyssenKrupp Electrical Steel GmbH (TKES)). On May 19, 2014, the

² The petitioners are AK Steel Corporation, Allegheny Ludlum, LLC, and the United Steelworkers. The domestic interested party is the International Union, United Automobile, Aerospace, and Agricultural Implemental Workers of America (UAW). Collectively, these parties are referred to as "the domestic industry."
