They are sold in the following shapes: Tapers, spirals and straight-sided dinner candles; rounds, columns, pillars, votives; and various wax-filled containers. The products were originally classifiable under the Tariff Schedules of the United States item 755.25, Candles and Tapers. Continuation of the Order

U.S. Customs and Border Protection will continue to collect AD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Order* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year review of the *Order* no later than 30 days prior to the fifth anniversary of the effective date of continuation.

companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}.” In this review, we preliminarily calculated weighted-average dumping margins for the two mandatory respondents, Hyundai Steel Company (Hyundai Steel) and POSCO,⁷ that are not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, Commerce preliminarily assigned to the companies not individually examined, listed in the chart below, a margin of 3.50 which is the weighted average of Hyundai Steel’s and POSCO’s calculated weighted-average margins.⁸

Preliminary Results of Administrative Review

We preliminarily determine that the following weighted-average dumping margins exist for the period October 1, 2019, through September 30, 2020:

Exporter/producer	Weighted-average dumping margin (percent)
Hyundai Steel Company	4.03
POSCO/POSCO International Corporation	2.43

⁷ We initiated this review with respect to POSCO and POSCO Daewoo Corporation. We preliminarily find that POSCO International Corporation is the successor-in-interest to POSCO Daewoo Corporation and we are preliminarily treating POSCO and POSCO International Corporation as a single entity, hereinafter collectively referred to as POSCO. See Preliminary Decision Memorandum.

⁸ For more information regarding the calculation of this margin, see Memorandum, “Preliminary Results of Antidumping Duty Administrative Review of Certain Hot-Rolled Steel Flat Products from the Republic of Korea: Calculation of the margin for Non-Examined Companies,” dated concurrently with this notice. As the weighting factor, we relied on the publicly ranged sales data reported in the quantity and value charts submitted by Hyundai Steel and POSCO.

REVIEW-SPECIFIC AVERAGE RATE APPLICABLE TO THE FOLLOWING COMPANIES

Exporter/producer	Average dumping margin (percent)
Dongkuk Industries Co., Ltd	3.50
Dongkuk Steel Mill Co., Ltd	3.50
KG Dongbu Steel Co., Ltd	3.50
Marubeni-Itochu Steel Korea, Ltd	3.50
Snp Ltd	3.50
Soon Hong Trading Co	3.50
Sungjin Co., Ltd	3.50

Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, unless extended, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Assessment Rates

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If either of the respondents’ weighted-average dumping margins is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer’s examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹³ If either of the respondents’ weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP not to assess duties on any entries in accordance with the *Final Modification for Reviews*.¹⁴ The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹⁵

For entries of subject merchandise during the POR produced by either of the respondents for which they did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.¹⁶

¹⁶ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries at the rates established after the completion of the final results of review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of administrative review for all shipments of hot-rolled steel from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the respondents will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the original investigation but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 6.05 percent, the all-others rate established in the less-than-fair-value investigation.¹⁷ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the

subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).
