DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Extension From OMB of One Current Public Collection of Information: Federal Flight Deck Officer Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0011, that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection requires interested volunteers to fill out an application to determine their qualification for participating in the Federal Flight Deck Officer (FFDO) Program.

DATES: Send your comments by January 21, 2022.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0011; Federal Flight Deck Officer Program. TSA initially required this information collection under the authority of the Arming Pilots Against Terrorism Act (APATA), Title XIV of the Homeland Security Act (Nov. 25, 2002), sec. 1402(a), as amended by Title VI of the Vision 100—Century of Aviation Reauthorization Act (Vision 100) (Dec. 12, 2003), sec. 609(b). Public Law 107-296, 116 Stat. 2300, as codified at 49 U.S.C. 44921, as amended by Public Law 108-176, 117 Stat. 2570. TSA is seeking to renew this information collection in order to continue collecting the information described in this notice to comply with its statutory mission. The APATA required TSA to establish a program to deputize volunteer pilots of passenger air carriers as Federal law enforcement officers to defend the flight deck of their aircraft against acts of criminal violence or air piracy. With the enactment of Vision 100, eligibility to participate in the FFDO program expanded to include pilots of all-cargo aircraft, as well as flight engineers and navigators on both passenger and cargo aircraft.

In order to screen volunteers for entry into the FFDO program, TSA collects information from applicants, including name, address, prior address information, personal references, criminal history, limited medical information, financial information, and employment information, through comprehensive applications they submit to TSA. In addition, TSA conducts an interview with each applicant. Based on the average number of new applicants to the FFDO program, TSA estimates a total of 1,796 respondents annually. TSA estimates that the online application will take one hour for each applicant to complete, plus 10 minutes per applicant for the interview, for a total burden of 2,095 hours.

Dated: November 17, 2021.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Information Technology.

Notice of Intent To Amend Land Use Plans Regarding Greater Sage-Grouse Conservation and Prepare Associated Environmental Impact Statements

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent.

SUMMARY: In compliance with the National Environmental Policy Act of 1969, as amended (NEPA), and the Federal Land Policy and Management Act of 1976, as amended (FLPMA), the Bureau of Land Management (BLM) intends to address the management of Greater sage-grouse (GRSG) and sagebrush habitat on BLM-managed public lands in the States of California, Colorado, Idaho, Montana, Nevada, North Dakota, Oregon, South Dakota, Utah, and Wyoming through a land use planning initiative. The BLM will prepare environmental impact statements to support the planning initiative, and by this notice is announcing the beginning of the scoping process to solicit public comments on the planning initiative.

DATES: Comments may be submitted in writing until February 7, 2022. The date(s) and location(s) of any public meetings associated with this land use planning initiative will be announced at least 15 days in advance through local news media, newspapers, and the BLM website at: <https://go.usa.gov/xMtjQ>. To afford the BLM the opportunity to consider issues raised by commenters in its analysis, please ensure that your comments are received prior to the close of the 75-day scoping period or 15 days after the last public meeting, whichever is later. The BLM will provide further public involvement opportunities as appropriate, consistent with the NEPA and land use planning processes, including a 90-day comment period on any draft land use plan amendment/ environmental impact statement (EIS); and a 30-day public protest period and 60-day Governor's consistency review on any proposed land use plan amendment/final EIS.

ADDRESSES: You may submit comments related to the BLM's intent to amend land use plan decisions regarding management of GRSG and sagebrush habitat on BLM-managed public lands on the BLM website at: <https://go.usa.gov/xMtjQ>, where pertinent documents may also be examined.

FOR FURTHER INFORMATION CONTACT:

Patricia Deibert, National Sage-grouse Coordinator (Acting); email: BLM_HQ_GRSG_Planning@blm.gov; address: 440 W 200 S Suite 500, Salt Lake City, Utah 84101; telephone: 307-757-3709.

Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact Ms. Deibert during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The BLM amended or revised land use plans in 2014 and 2015 in the States of California, Colorado, Idaho, Montana, Nevada, North Dakota, Oregon, South Dakota, Utah, and Wyoming (2015 Sage-Grouse Plan Amendments) to provide for GRSG conservation on public lands. Subsequently, the BLM amended several of those plans in 2019 in the States of California, Colorado, Idaho, Nevada, Oregon, Utah, and Wyoming (2019 Sage-Grouse Plan Amendments). On October 16, 2019, the United States District Court for the District of Idaho preliminarily enjoined the BLM from implementing the 2019 Sage-Grouse Plan Amendments (Case No. 1:16-CV-83-BLW).

Since the completion of these Sage-Grouse Plan Amendments, the BLM has found that 2019 Sage-Grouse Plan Amendments (and for Montana, North Dakota, and South Dakota, the 2015 Sage-Grouse Plan Amendments) are potentially inconsistent with new science and rapid changes affecting the BLM's management of the public lands, including the effects of climate change (e.g., drought, loss of habitat, more frequent wildland fires, less riparian areas).

The BLM is initiating this land use planning process under the authority of Section 202 of FLPMA and its implementing regulations at 43 CFR part 1600, and in compliance with NEPA, to evaluate alternative management approaches to contribute to the conservation of GRSG and sagebrush habitats and to evaluate the impacts of any land use planning decisions directed toward GRSG and sagebrush habitat conservation. The land use planning process will address the management of GRSG and sagebrush habitat on BLM-managed public lands in the States of California, Colorado, Idaho, Montana, Nevada, North Dakota, Oregon, South Dakota, Utah, and Wyoming.

The public is invited to comment on the BLM's preliminary purpose and
