Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Current Population Survey, School Enrollment Supplement

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on February 18, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Current Population Survey, School Enrollment Supplement.

OMB Control Number: 0607-0464.

Form Number(s): None.

Type of Request: Regular submission. Request for a Revision of a Currently Approved Collection.

Number of Respondents: 54,000.

Average Hours per Response: 0.05.

Burden Hours: 2,700.

Needs and Uses: These data provide basic information on the school enrollment status of various segments of the population necessary as background for policy formulation and implementation. This supplement is the only annual source of data on public/private elementary and secondary school enrollment, as well as the characteristics of private school students and their families. As part of the Federal Government's efforts to collect data and provide timely information to government entities for policymaking decisions, this supplement provides national trends in enrollment and progress in school. Consequently, this supplement is the only source of historical data at the national level on the age distribution

and family characteristics of college students, and on the demographic characteristics of preprimary school enrollment.

Affected Public: Individuals or households.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United

States Code, Sections 8(b), 141, and 182 authorize the Census Bureau and Title 29, United States Code, Section 2 authorizes the Bureau of Labor Statistics to collect this information. The Education Sciences Reform Act of 2002 (ESRA, Title 20, United States Code, Section 9543) authorizes the National Center for Education Statistics to collect this information.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0607-0464.

Large Residential Washers From Mexico: Final Results of Antidumping Duty Administrative Review; 2020–2021

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that large residential washers (washers) from Mexico were not sold in the United States at less than normal value (NV) during the period of review (POR) February 1, 2020, through January 31, 2021.

DATES: Applicable May 4, 2022.

FOR FURTHER INFORMATION CONTACT: Tara Moran, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3619.

SUPPLEMENTARY INFORMATION:

Background

This review covers one producer/exporter of the subject merchandise, Electrolux Home Products Corp. N.V. and Electrolux Home Products de Mexico, S.A. de C.V. (collectively, Electrolux). On February 24, 2022, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ We received no comments from interested parties on the *Preliminary Results*. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by the order are all large residential washers and certain subassemblies thereof from Mexico. The products are currently classifiable under subheadings 8450.20.0040 and 8450.20.0080 of the Harmonized Tariff System of the United States (HTSUS). Products subject to this order may also enter under HTSUS subheadings 8450.11.0040, 8450.11.0080, 8450.90.2000, and 8450.90.6000. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to this scope is dispositive.²

Finals Results of the Review

We received no comments and are making no changes from the *Preliminary Results*. Therefore, as a result of this review, we continue to determine that the following weighted-average dumping margin exists for the respondent for the period February 1, 2020, through January 31, 2021:

Producer/exporter	Weighted-average dumping margin (percent)
Electrolux	0.00

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1),

¹ See *Preliminary Results of Antidumping Duty Administrative Review; 2020–2021*, 87 FR 10336 (February 24, 2022), and accompanying Preliminary Decision Memorandum (PDM).
² For a full description of the scope of the order, see *Preliminary Results* PDM.

Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.
Pursuant to 19 CFR 351.212(b)(1), Electrolux reported the entered value of its U.S. sales such that we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of dumping calculated for the examined sales to the total entered value of the sales for which entered value was reported. Where the respondent’s weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.
Commerce’s “automatic assessment” practice will apply to entries of subject merchandise during the POR produced by Electrolux for which the company did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate of 36.52 percent³ if there is no rate for the intermediate company(ies) involved in the transaction.⁴
Commerce intends to issue liquidation instructions to CBP no earlier than 41 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).
Cash Deposit Requirements
The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the exporter listed above will be equal to the weighted-average dumping margin established in the final results of this

review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for companies not participating in this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, or the original less-than-fair-value (LTFV) investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 36.52 percent, the all-others rate established in the LTFV investigation.⁵ These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Circular Welded Non-Alloy Steel Pipe From the Republic of Korea: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2019-2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the producers/exporters subject to this administrative review made sales of circular welded non-alloy steel pipe (CWP) from the Republic of Korea (Korea) at less than normal value during the period of review (POR), November 1, 2019, through October 31, 2020.

DATES: Applicable May 4, 2022.

FOR FURTHER INFORMATION CONTACT: Dusten Hom, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5075.

SUPPLEMENTARY INFORMATION:

Background

On December 7, 2021, Commerce published the *Preliminary Results* of this administrative review.¹ The review covers 24 producers and/or exporters of subject merchandise. We invited interested parties to comment on the *Preliminary Results*. On March 23, 2022, Commerce extended the deadline for issuing these final results until April 27, 2022.² A summary of the events that occurred since Commerce published the *Preliminary Results*, as well as a full discussion of the issues raised by parties for these final results, are discussed in

the Issues and Decision Memorandum.³ Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the order is circular welded non-alloy steel pipe and tube. Imports of the product are currently classifiable in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7306.30.1000, 7306.30.5025, 7306.30.5032, 7306.30.5040, 7306.30.5055, 7306.30.5085, and 7306.30.5090. While the HTSUS subheadings are provided for convenience and customs purposes, the written description is dispositive. For a complete description of the scope of the order, see the Issues and Decision Memorandum.⁴

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are listed in Appendix I to this notice and addressed in the Issues and Decision Memorandum. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

For reasons explained in the Issues and Decision Memorandum, we made no changes for the final results of review.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce determined that HiSteel Co., Ltd (HiSteel) had no shipments of subject merchandise during the POR. No party commented on this issue and because we have not received any information to contradict our preliminary finding, we continue to find that HiSteel did not have any shipments of subject merchandise during the POR and intend to issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on the final results of this review.

³ See Memorandum, "Issues and Decision Memorandum for the Final Results of the 2019-2020 Administrative Review of the Antidumping Duty Order on Circular Welded Non-Alloy Steel Pipe from the Republic of Korea," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

Rate for Non-Examined Companies
The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}." In this review, we calculated weighted-average dumping margins for the mandatory respondents, Husteel Co., Ltd. (Husteel) and Hyundai Steel Company (Hyundai Steel), that are 4.07 and 1.97 percent, respectively, and we have assigned to the non-selected companies a rate of 3.21 percent, which is the weighted-average dumping margin of Husteel and Hyundai Steel, weighted by their publicly ranged U.S. sales values.⁵

Final Results of Review

We determine that the following weighted-average dumping margins exists for the period November 1, 2019, through October 31, 2020:

Producer/exporter	Weighted-average dumping margin (percent)
Husteel Co., Ltd	4.07

⁵ With two respondents under examination, Commerce normally calculates (A) a weighted-average of the dumping margins calculated for the examined respondents; (B) a simple average of the dumping margins calculated for the examined respondents; and (C) a weighted-average of the dumping margins calculated for the examined respondents using each company's publicly-ranged U.S. sale quantities for the merchandise under consideration. Commerce then compares (B) and (C) to (A) and selects the rate closest to (A) as the most appropriate rate for all other producers and exporters. See, e.g., *Ball Bearings and Parts Thereof from France, Germany, Italy, Japan, and the United Kingdom: Final Results of Antidumping Duty Administrative Reviews, Final Results of Changed-Circumstances Review, and Revocation of an Order in Part*, 75 FR 53661, 53663 (September 1, 2010).
