Travel and in-person activities are contingent upon the safety and health conditions in the United States and the mission countries. Should safety or health conditions not be appropriate for travel and/or in-person activities, the Department will consider postponing the event or offering a virtual program in lieu of an in-person agenda. In the event of a postponement, the Department will notify the public, and applicants previously selected to participate in this mission will need to confirm their availability but need not reapply. Should the decision be made to organize a virtual program, the Department will adjust fees, accordingly, prepare an agenda for virtual activities, and notify the previously selected applicants with the option to opt-in to the new virtual program.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including publication in the **Federal Register**, posting on the Commerce Department trade mission calendar (<http://export.gov/trademissions>) and other internet websites, press releases to general and trade media, direct mail, notices by industry trade associations and other multiplier groups, and publicity at industry meetings, symposia, conferences, and trade shows. Recruitment for the mission will begin immediately and conclude no later than February 10, 2025. The U.S. Department of Commerce will review applications and inform applicants of selection decisions on a rolling basis. Applications received after February 10, 2025, will be considered only if space and scheduling constraints permit.

amended (the Act).² On February 14, 2024, Commerce received a timely notice of intent to participate from Berwick Offray LLC (domestic interested party) within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested party claimed interested party status under section 771(9)(C) of the Act and 19 CFR 351.102(b)(29)(v), as domestic producers of plastic ribbon in the United States.

Commerce received a substantive response from the domestic interested party within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ We received no substantive response from the Government of China or any other interested party in this proceeding.⁵ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), we determined that the respondent interested parties did not provide an adequate response to the notice of initiation and, therefore, Commerce conducted an expedited (120-day) sunset review of the *Order*.

investigation of boltless steel shelving from Taiwan, respondent Taiwan Shin Yeh Enterprise Co., Ltd. (Shin Yeh), submitted a timely allegation that Commerce made a ministerial error in the final determination.² We reviewed the allegation and determined that we had made a ministerial error in the final determination on boltless steel shelving from Taiwan. As a result, we are amending the final determination for Taiwan. See “Amendment to the Final Determination for Taiwan” section below for further discussion.

On June 3, 2024, the ITC notified Commerce of its final determinations, pursuant to section 735(d) of the Act, that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of LTFV imports of boltless steel shelving from Malaysia, Taiwan, Thailand, and Vietnam.³

Scope of the Orders

The products covered by these orders are boltless steel shelving from Malaysia, Taiwan, Thailand, and Vietnam. For a complete description of the scope of these orders, see the appendix to this notice.

Amended Final Determination for Taiwan

On April 16, 2024, Shin Yeh timely alleged that Commerce had made a ministerial error in the *Taiwan Final Determination* with respect to the calculation of the dumping margin assigned to Shin Yeh.⁴ Edsal Manufacturing Co., Ltd. (the petitioner) submitted rebuttal comments to Shin Yeh’s allegation on April 22, 2024.⁵ No other party made an allegation of ministerial errors. Commerce reviewed the record and, on May 9, 2024, agreed that the error alleged by Shin Yeh constituted a ministerial error within the meaning of section 735(e) of the Act and 19 CFR 351.224(f).⁶ Specifically, Commerce found that it had failed to make a correction to the commission offset variable in the margin program that it had made in the comparison-
