COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions and Deletions

AGENCY: Committee for Purchase From
People Who Are Blind or Severely
Disabled.

ACTION: Additions to and deletions from
the Procurement List.

SUMMARY: This action adds to the
Procurement List commodities and
services to be furnished by nonprofit
agencies employing persons who are
blind or have other severe disabilities,
and deletes from the Procurement List
commodities previously furnished by
such agencies.

EFFECTIVE DATE: February 25, 2002.

ADDRESSES: Committee for Purchase
From People Who Are Blind or Severely
Disabled, Jefferson Plaza 2, Suite 10800,
1421 Jefferson Davis Highway,
Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION CONTACT:
Sheryl D. Kennerly, (703) 603-7740.

SUPPLEMENTARY INFORMATION: On
October 5, November 9, November 16,
November 23 and November 30, 2001,
the Committee for Purchase From
People Who Are Blind or Severely
Disabled published notices (66 FR
51005, 56638, 57703, 58712 and 59778)
of proposed additions to and deletions
from the Procurement List:

The following comments pertain to
Brush, Tooth Brush Style: Comments
were received from the current
contractor for this brush. The contractor
indicated that it has been providing the
brush to the Government for over thirty
years. Government sales of the brush are
a large minority of the company's total
sales of the brush, allowing for
economies of scale in purchasing brush
components which could be lost if the
brush were added to the Procurement
List. While Government sales of the
brush do not represent a large
percentage of the company's total sales,
the contractor stated that losing the
Government contract for the brush
would exacerbate the losses the
company has suffered in the past year

because of the economy and the
company's debt burden, resulting in
severe adverse impact on the company.
The contractor noted that it has already
substantially reduced employment and
cut pay because of these economic
factors, and it anticipates further
employee terminations if the Committee
adds the brush to the Procurement List.

The percentage of the contractor's
current total sales, taking into account
the losses of the past year, which its
Government sales of this brush
represent is less than half the minimum
percentage which the Committee
normally considers to be likely to
constitute severe adverse impact on a
contractor. Even taking into account the
contractor's long history of dependence
on Government sales of this brush, and
the economies of scale in purchasing
materials which may be lost because of
addition of this brush to the
Procurement List, the Committee does
not believe that the effects of the
addition rise to a level which is likely
to be severe adverse impact on this
contractor.

The unemployment rate for people
with severe disabilities exceeds sixty-
five percent, well above that for the
groups represented by the contractor's
employees. Consequently, the
Committee believes that the creation of
jobs for people with severe disabilities
through addition of the brush to the
Procurement List outweighs the
possibility of job losses by people who
might more easily find replacement
work.

The following material pertains to all
of the items being added to the
Procurement List.

Additions

After consideration of the material
presented to it concerning capability of
qualified nonprofit agencies to provide
the commodities and services and
impact of the additions on the current
or most recent contractors, the
Committee has determined that the
commodities and services listed below
are suitable for procurement by the
Federal Government under 41 U.S.C.
46-48c and 41 CFR 51-2.4.

I certify that the following action will
not have a significant impact on a
substantial number of small entities.
The major factors considered for this
certification were:

1. The action will not result in any
additional reporting, recordkeeping or
other compliance requirements for small
entities other than the small
organizations that will furnish the
commodities and services to the
Government.

2. The action will not have a severe
economic impact on current contractors
for the commodities and services.

3. The action will result in
authorizing small entities to furnish the
commodities and services to the
Government.

4. There are no known regulatory
alternatives which would accomplish
the objectives of the Javits-Wagner-
O'Day Act (41 U.S.C. 46-48c) in
connection with the commodities and
services proposed for addition to the
Procurement List.

Accordingly, the following
commodities and services are added to
the Procurement List:

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

Deletions

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action will not have a severe economic impact on future contractors for the commodities.
3. The action will result in authorizing small entities to furnish the commodities to the Government.
4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46–48c) in connection with the commodities deleted from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the commodities listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46–48c and 41 CFR 51–2.4.

Accordingly, the following commodities are deleted from the Procurement List:

Commodity

Sheath, Ax, 8465–01–110–2078.
