Nomination Information

NIST uses a nomination process to identify candidates for the Board. Nominations are requested through an announcement in the **Federal Register** and through solicitations through the Federal Working Group, NIST, the Department of Commerce, other Federal agencies, and organizations representing relevant businesses, consumers, communities, and economic sectors in order to ensure a robust and diverse pool of applicants. Candidates may be nominated by their peers or may self-nominate. NIST requests that the nomination includes a resume for the individual that specifically identifies the stakeholder interest of the individual being nominated. Qualifications considered may include, among others: Education, professional experience, and scientific and technical expertise in selected areas. The Director of the Information Technology Laboratory (ITL) recommends candidates for further review to fill vacancies on the Board in the areas of needed stakeholder interest and on the basis of the qualifications, the sectors the candidates may represent and the existing representation on the Board,

and other balance factors. The Director of ITL recommends nominees to the Director of NIST, who reviews the recommendation for submission to the Secretary of Commerce. Candidates for the Board are then reviewed by and appointed by the Secretary of Commerce.

The Board members shall serve terms of two years (unless the Board terminates earlier). Vacancies are filled as soon as highly qualified candidates in a needed area of stakeholder interest are identified and available to serve.

The Department of Commerce seeks a broad-based and diverse IoTAB membership.

SUPPLEMENTARY INFORMATION: *Title; Associated Form; and OMB Number:* Wingman Intervention Training Program Evaluation; OMB Control Number 0704–0627.

Needs and Uses: The purpose of the evaluation is to determine the effectiveness of the Wingman Intervention Training (WIT) program in preventing sexual harassment (SH) and sexual assault (SA). Respondents are Airmen/Guardians. Respondents will be recruited as First Term Airmen/Guardians to target the population most vulnerable to SH and SA. Respondents will start the web-based baseline January 2022 with a six-month intake period until June 2022, and a 6-month follow-up survey (July–December 2022) on SH and SA so that the Department of the Air Force (DAF) can learn whether the WIT programming is effective at preventing SH and SA events and promoting active bystander behaviors. DAF Resilience Office staff can use the results to improve their prevention programming, thus supporting safer, more inclusive settings. Further, Airmen/Guardians may benefit through the improvement of the WIT program to prevent SH and SA within the Air Force. The military and society at large will also benefit because military officers will be more knowledgeable about SH and SA and will be better able to intervene to prevent SH and SA.
