A. How do I request copies of applications or comment on submitted applications?

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under **ADDRESSES**. Please include the **Federal Register** notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under **ADDRESSES**. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment period (see **DATES**) or comments delivered to an address other than those listed above (see **ADDRESSES**).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under **ADDRESSES**. The public may review documents and other

information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

ACTION: Notice of Meeting.

SUMMARY: USGS will conduct a public briefing on its work to develop a publicly accessible database on the greenhouse gas emissions associated with extraction of fossil fuels from federal lands.

DATES: The meeting will be held on Friday, December 2, 2016 from 9 a.m. to 11 a.m. ET.

ADDRESSES: The meeting will be held in the USGS Auditorium (1C111), USGS National Center, 12201 Sunrise Valley Drive, Reston, VA 20192.

FOR FURTHER INFORMATION CONTACT: Mr. Robin O’Malley, Climate and Land Use Change Mission Area, U.S. Geological Survey, 12201 Sunrise Valley Drive, Mail Stop 516, Reston, VA 20192, romalley@usgs.gov, (703) 648-4086.

SUPPLEMENTARY INFORMATION: In January 2015, Interior Secretary Jewell requested that the U.S. Geological Survey “establish and maintain a public database to account for the annual carbon emissions from fossil fuels developed on federal lands.” This meeting will provide a briefing on the basic methods, data sources, and likely format and content of project output. Results and data will not be presented; these will be contained in reports that undergo full USGS peer review and are expected in mid-2017. Note: In addition to carbon dioxide (CO₂) and methane (CH₄) emissions, the USGS project team was also able to obtain data for nitrous oxide (N₂O) emissions.

Meeting Agenda: The objective of this meeting is to provide the public with a basic understanding of the methods being employed in this project and to

ask questions. There will be several presentations followed by a question and answer period. Members of the public will be asked to state questions succinctly; written materials may be provided after the meeting (see contact information above) to expand upon any questions or comments.

The meeting location is open to the public and is wheel-chair accessible. Please contact USGS (see above) if additional assistive/interpretive or other services are required. We will do our best to meet any such needs. Public parking is available without charge in the USGS Visitor Lot.
