Because the two additional landowners were recently added to our environmental mailing list (after the April 7, 2008 close of scoping), they have not had an opportunity to comment on Columbia's planned project. Therefore, we are opening a limited scoping period directed at these landowners to comment on the project and attaching the original *Notice of Intent to Prepare an Environmental Assessment and Request for Comments on Environmental Issues* to this letter. Please note that this limited scoping period will close on June 1, 2008.
