Needs and Uses: This request is for extension of the current collection for the West Coast Region Groundfish Trawl Fishery Monitoring and Catch Accounting Program. In January 2011, the National Oceanic and Atmospheric Administration's (NOAA) National Marine Fisheries Service (NMFS) implemented a trawl rationalization program, a catch share program, for the Pacific coast groundfish fishery's trawl fleet. The program was developed through Amendment 20 to the Groundfish Fishery Management Plan (FMP), under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*) and consists of an individual fishing quota (IFQ) program for the shorebased trawl fleet (including whiting and non-whiting fisheries); and cooperative (coop) programs for the at-sea mothership (MS) and catcher/processor (C/P) trawl fleets (whiting only). Fixed allocations to the limited entry trawl fleet were developed through a parallel process with Amendment 21 to the FMP. The regulations implementing the program were effective January 1, 2011; all of the necessary tracking systems to make the program operational became active on January 11, 2011, the date fishing began under the new program. Since that time, the Council and NMFS have been addressing implementation issues as they arise. To achieve individual accountability for catch and bycatch and track total catch, the shorebased IFQ Program is subject to 100 percent monitoring both at-sea and dockside. In addition to 100 percent monitoring at-sea, motherships and catcher/processors are subject to flow scale requirements that include daily testing, reporting, and an annual inspection.

Affected Public: Business or other for-profit organizations.

Frequency: Reporting on occasion, daily, weekly, or annually.

Respondent's Obligation: Mandatory.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act. US Code 16 U.S.C. 1801 *et seq.* And CFR Citation 50 CFR 660.15

COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

Determination Under the Textile and Apparel Commercial Availability Provision of the Dominican Republic-Central America-United States Free Trade Agreement ("CAFTA-DR")

AGENCY: The Committee for the Implementation of Textile Agreements.

ACTION: Determination to add a product in unrestricted quantities to Annex 3.25 of the CAFTA-DR.

SUMMARY: The Committee for the Implementation of Textile Agreements ("CITA") has determined that certain double-knit jacquard fabric, as specified below, is not available in commercial quantities in a timely manner in the CAFTA-DR countries. The product is added to the list in Annex 3.25 of the CAFTA-DR in unrestricted quantities.

DATES: *Applicable Date:* April 25, 2024.

FOR FURTHER INFORMATION CONTACT: Laurie Mease, Office of Textiles and Apparel, U.S. Department of Commerce, 202-482-2043 or Laurie.Mease@trade.gov.

For Further Information Online: <https://otexaproduct.trade.gov/otexacaproducts/requests/cafta> under "Approved Requests," File Number: CA2024001.

SUPPLEMENTARY INFORMATION:

Authority: The CAFTA-DR; Section 203(o)(4) of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act ("CAFTA-DR Implementation Act"), Public Law 109-53; the Statement of Administrative Action accompanying the CAFTA-DR Implementation Act; and Presidential Proclamation 7987 (February 28, 2006).

Background: The CAFTA-DR provides a list in Annex 3.25 for fabrics, yarns, and fibers that the Parties to the CAFTA-DR have determined are not available in commercial quantities in a timely manner in the territory of any Party. The CAFTA-DR provides that this list may be modified pursuant to Article 3.25.4, when the United States determines that a fabric, yarn, or fiber is not available in commercial quantities in a timely manner in the territory of any Party. See Annex 3.25 of the CAFTA-DR; see also section 203(o)(4)(C) of the CAFTA-DR Implementation Act.

The CAFTA-DR Implementation Act requires the President to establish procedures governing the submission of a request and providing opportunity for interested entities to submit comments and supporting evidence before a commercial availability determination is made. In Presidential Proclamation 7987, the President delegated to CITA the authority under section 203(o)(4) of the CAFTA-DR Implementation Act for modifying the Annex 3.25 list. Pursuant to this authority, on September 15, 2008, CITA published modified procedures it would follow in considering requests to modify the Annex 3.25 list of products determined

to be not commercially available in the territory of any Party to the CAFTA-DR (*Modifications to Procedures for Considering Requests Under the Commercial Availability Provision of the Dominican Republic-Central America-United States Free Trade Agreement*, 73 FR 53200) ("CITA's Procedures").

On March 14, 2024, CITA received a Commercial Availability Request ("Request") from Lacoste for certain double-knit jacquard fabric, as specified below. On March 18, in accordance with CITA's Procedures, CITA notified interested parties of the Request, which was posted on the dedicated website for CAFTA-DR Commercial Availability proceedings. In its notification, CITA advised that any Response with an Offer to Supply ("Response") must be submitted by March 28, and any Rebuttal to a Response ("Rebuttal") must be submitted by April 3, in accordance with sections 6 and 7 of CITA's Procedures.

No interested entity submitted a Response to the Request advising CITA of its objection to the Request with an offer to supply the subject product.

In accordance with section 203(o)(4)(C) of the CAFTA-DR Implementation Act, and section 8(c)(2) of CITA's Procedures, as no interested entity submitted a Response objecting to the Request and providing an offer to supply the subject product, CITA has determined to add the specified fabric to the list in Annex 3.25 of the CAFTA-DR.

The subject product has been added to the list in Annex 3.25 of the CAFTA-DR Agreement in unrestricted quantities. A revised list has been posted on the dedicated website for CAFTA-DR Commercial Availability proceedings, at <https://otexaproduct.trade.gov/otexacaproducts/shortsupply/cafta>.
