

**DEPARTMENT OF COMMERCE****International Trade Administration****A-570-878****Saccharin from the People's Republic of China: Notice of Final Results of Expedited Sunset Review of Antidumping Duty Order****AGENCY:** Import Administration, International Trade Administration, Department of Commerce.**EFFECTIVE DATE:** October 9, 2008.**FOR FURTHER INFORMATION CONTACT:** Andrea Staebler Berton, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4037.

**SUMMARY:** On June 5, 2008, the Department of Commerce ("the Department") initiated a sunset review of the antidumping duty order on saccharin from the People's Republic of China ("PRC"). On the basis of a notice of intent to participate, and an adequate substantive response filed on behalf of domestic interested parties, as well as a lack of response from respondent interested parties, the Department conducted an expedited (120-day) sunset review. As a result of the sunset review, the Department finds that revocation of the antidumping duty order would be likely to lead to continuation or recurrence of dumping. The dumping margins are identified in the Final Results of Review section of this notice.

**SUPPLEMENTARY INFORMATION:****Background**

On June 5, 2008, the Department published the notice of initiation of the sunset review of the antidumping duty order on saccharin from the PRC pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *Initiation of Five-Year ("Sunset") Reviews*, 73 FR 31974 (June 5, 2008) ("Initiation Notice"). On June 20, 2008, the Department received a notice of intent to participate from a domestic interested party, PMC Specialties Group, Inc. ("PMCSG"), within the deadline specified in section 351.218(d)(1)(i) of the Department's regulations. PMCSG claimed interested party status under section 771(9)(C) of the Act as the sole domestic producer of saccharin in the United States and the petitioner in the original investigation. On July 7, 2008, the Department received a substantive response from PMCSG within the deadline specified in

section 351.218(d)(3)(i) of the Department's regulations. We did not receive responses from any respondent interested parties to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and section 351.218(e)(1)(ii)(C)(2) of the Department's regulations, the Department determined to conduct an expedited review of the order.

**Scope of the Order**

The product covered by this antidumping duty order is saccharin. Saccharin is defined as a non-nutritive sweetener used in beverages and foods, personal care products such as toothpaste, table top sweeteners, and animal feeds. It is also used in metalworking fluids. There are four primary chemical compositions of saccharin: (1) Sodium saccharin (American Chemical Society Chemical Abstract Service ("CAS") Registry 128-44-9); (2) calcium saccharin (CAS Registry 6485-34-3); (3) acid (or insoluble) saccharin (CAS Registry 81-07-2); and (4) research grade saccharin. Most of the U.S.-produced and imported grades of saccharin from the PRC are sodium and calcium saccharin, which are available in granular, powder, spray-dried powder, and liquid forms. The merchandise subject to this order is currently classifiable under subheading 2925.11.00 of the *Harmonized Tariff Schedule of the United States* ("HTSUS") and includes all types of saccharin imported under this HTSUS subheading, including research and specialized grades. Although the HTSUS subheading is provided for convenience and customs purposes, the Department's written description of the scope of this order remains dispositive.

**Analysis of Comments Received**

All issues raised in this review are addressed in the "Issues and Decision Memorandum" ("Decision Memorandum") from Stephen J. Claeys, Deputy Assistant Secretary for Import Administration, to David M. Spooner, Assistant Secretary for Import Administration, dated concurrently with this notice, and is hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the order were revoked. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendations in this public memorandum, which is on file in the Central Records Unit in room 1117 of the main Commerce building.

In addition, a complete version of the Decision Memorandum can be accessed directly on the web at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

**Final Results of Review**

Pursuant to section 752(c)(3) of the Act, we determine that revocation of the antidumping duty order on saccharin from the PRC would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Manufacturers/Exporters/Producers	Weighted-Average Margin (percent)
Suzhou Fine Chemical Group Co., Ltd. ....	291.57
Shanghai Fortune Chemical Co., Ltd. ....	249.39
Kaifeng Xinhua Fine Chemical Factory ....	281.97
PRC-Wide .....	329.94

This notice also serves as the only reminder to parties subject to administrative protective orders ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with section 351.305 of the Department's regulations. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: October 2, 2008.

**David M. Spooner,**  
Assistant Secretary for Import  
Administration.
