SUPPLEMENTARY INFORMATION: When submitting comments or requesting

information, please include the document identifier HHS–OS–19201–60D for reference.

Information Collection Request Title: Application for waiver of the two-year foreign residence requirement of the Exchange Visitor Program.

OMB No.: 0990–0001.

Abstract: The J–1 visa is an exchange visa which carries a two-year return home requirement. The Department uses form HHS 426 and supplementary information sheets Supplement A—Research and Supplement B—Clinical Care to make a determination, in accordance with its published regulations, as to whether or not to recommend waiver of the two-year foreign residence requirement to the Department of State.

Need and Proposed Use of the Information: Required as part of the application process to collect basic information such as name, address,

family status, sponsor and current visa information.

Likely Respondents: Research scientists and research facilities.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions, to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information, to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information, and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN—HOURS

Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden hours
HHS 426	80	80	2	160
Total	160

OS specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Final Effect of Designation of a Class of Employees for Addition to the Special Exposure Cohort

AGENCY: National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention, Department of Health and Human Services (HHS).

ACTION: Notice.

SUMMARY: HHS gives notice concerning the final effect of the HHS decision to designate a class of employees from the Joslyn Manufacturing and Supply Company in Fort Wayne, Indiana, as an addition to the Special Exposure Cohort (SEC) under the Energy Employees Occupational Illness Compensation Program Act of 2000. On March 6, 2013, as provided for under 42 U.S.C. § 7384q(b), the Secretary of HHS designated the following class of employees as an addition to the SEC:

All Atomic Weapons Employees who worked for Joslyn Manufacturing and Supply Company at the covered facility in Fort Wayne, Indiana, from March 1, 1943, through December 31, 1947, for a number of work days aggregating at least 250 work days, occurring either solely under this employment, or in combination with work days within the parameters established for one or more other classes of employees included in the Special Exposure Cohort.

This designation became effective on April 5, 2013, as provided for under 42 U.S.C. 7384l(14)(C). Hence, beginning on April 5, 2013, members of this class of employees, defined as reported in this notice, became members of the SEC.

FOR FURTHER INFORMATION CONTACT: Stuart L. Hinnfeld, Director, Division of Compensation Analysis and Support,

NIOSH, 4676 Columbia Parkway, MS C–46, Cincinnati, OH 45226, Telephone 877–222–7570. Information requests can also be submitted by email to *DCAS@CDC.GOV*.
