ENVIRONMENTAL PROTECTION AGENCY

[FRL-8332-8]

Science Advisory Board Staff Office; Notification of Public Meetings of the Science Advisory Board Hypoxia Advisory Panel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The EPA's Science Advisory Board (SAB) Staff Office is announcing two public teleconferences of the SAB Hypoxia Advisory Panel to discuss revisions to its draft advisory report concerning the hypoxic zone in the Gulf of Mexico.

DATES: The teleconferences will be held on July 30, 2007 from 2 p.m. to 5 p.m. (Eastern time) and August 1, 2007 from 2 p.m. to 5 p.m. (Eastern time).

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information regarding the public meeting may contact Dr. Holly Stallworth, Designated Federal Officer (DFO), U.S. EPA Science Advisory Board Staff Office by telephone/voice mail at (202) 343-9867, or via e-mail at: stallworth.holly@epa.gov. The SAB mailing address is: US EPA, Science Advisory Board (1400F), 1200 Pennsylvania Avenue, NW., Washington, DC 20460. General information about the SAB, as well as any updates concerning the meetings announced in this notice, may be found in the SAB Web Site at: <http://www.epa.gov/sab>.

SUPPLEMENTARY INFORMATION:

Background: Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that the SAB Hypoxia Advisory Panel will hold public meetings to develop a report that details advances in the state of the science regarding hypoxia in the

Northern Gulf of Mexico. The SAB was established by 42 U.S.C. 4365 to provide independent scientific and technical advice to the EPA Administrator on the technical basis for Agency positions and regulations. The SAB is a Federal Advisory Committee chartered under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. The SAB will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

EPA participates with other Federal agencies, states and tribes in the Mississippi River/Gulf of Mexico Watershed Nutrient Task Force. In 2001, the Task Force released the Action Plan for Reducing, Mitigating and Controlling Hypoxia in the Northern Gulf of Mexico (or Action Plan available at: <http://www.epa.gov/msbasin/taskforce/actionplan.htm>). The Action Plan was informed by the science described in 2000 in An Integrated Assessment of Hypoxia in the Northern Gulf of Mexico (or Integrated Assessment available at: http://www.noaa.gov/products/hypox_finalfront.pdf) developed by the National Science and Technology Council, Committee on Environment and Natural Resources. Six technical reports provided the scientific foundation for the Integrated Assessment and are available at: http://www.nos.noaa.gov/products/pub_hypox.html. Given the passage of 6 years, EPA's Office of Water has requested that the SAB develop a report that evaluates the updated science regarding the causes and extent of hypoxia in the Gulf of Mexico, as well as the scientific basis of possible management options in the Mississippi River Basin.

In response to EPA's request, the SAB Staff Office formed the SAB Hypoxia Advisory Panel. Background on the Panel formation process was provided in a **Federal Register** notice published on February 17, 2006 (71 FR 8578-8580). The SAB Hypoxia Advisory Panel has previously held several face-to-face meetings (71 FR 45543-45544, 71 FR 66329-66330, 72 FR 5968-5969 and 72 FR 17158-17159) and teleconferences (71 FR 55786-55787, 71 FR 59107, 71 FR 77743-77744 and 72 FR 11359-11360). Information about the SAB Hypoxia Advisory Panel is available on the SAB Web site at: <http://www.epa.gov/sab>.

Availability of Meeting Materials:

Materials in support of these meetings will be placed on the SAB Web Site at: <http://www.epa.gov/sab/> in advance of the meeting.

Procedures for Providing Public Input: Interested members of the public may submit relevant written or oral

information for the SAB to consider during the advisory process. **Oral Statements:** In general, individuals or groups requesting an oral presentation at a public teleconference will be limited to five minutes per speaker, with no more than a total of one hour for all speakers. Interested parties should contact Dr. Stallworth, DFO, at the contact information noted above, no later than July 23, 2007, to be placed on the public speaker list for the July 30 or August 1 meetings. **Written Statements:** Written statements should be received in the SAB Staff Office no later than July 23, 2007 so that the information may be made available to the SAB for their consideration prior to this meeting. Written statements should be supplied to the DFO in the following formats: one hard copy with original signature, and one electronic copy via e-mail at: stallworth.holly@epa.gov (acceptable file format: Adobe Acrobat PDF, WordPerfect, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Meeting Access: For information on access or services for individuals with disabilities, please contact Dr. Stallworth at (202) 343-9867 or stallworth.holly@epa.gov. To request accommodation of a disability, please contact Dr. Stallworth, preferably at least 10 days prior to the teleconference to give EPA as much time as possible to process your request.

Dated: June 22, 2007.

Anthony F. Maciorowski,

Deputy Director, EPA Science Advisory Board Staff Office.

ENVIRONMENTAL PROTECTION AGENCY

[Docket #EPA-RO4-SFUND-2007-0489; FRL-8332-5]

Anaconda/Milgo; Miami, Dade County, FL; Notice of Amended Settlement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Amended Settlement.

SUMMARY: In the **Federal Register** notice dated April 9, 2007 (72 FR 17551), EPA posted a Notice of Settlement under Section 122(h) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), concerning the Anaconda/Milgo Superfund Site located in Miami, Dade County, Florida. In the body of the settlement one of the settling PRPs, Dade Metals Corporation, was mistakenly not listed as one of the
