

Street, Room 404, Bloomington, IN 47405. Instrument: Electron Microscope, Model JEM-3200FS. Manufacturer: JEOL Ltd., Japan. Intended Use: The instrument is intended to be used for, among other purposes: structure/function studies of modified icosahedral virus particles with long term applications in biomedical imaging and drug delivery; real time structure determination of viruses and their assembly intermediates for creating pH sensors and finding novel targets for drug delivery; analysis of microbial biofilms and the structural and chemical analysis of nanoparticles that are used as materials science platforms. Application accepted by Commissioner of Customs: July 23, 2007.

Docket Number: 06-042. Applicant: The University of Illinois at Urbana-Champaign, 616 E. Green St., Ste. 212, Champaign, IL 61820. Instrument: electron microscope, Model JEM-2200FS. Manufacturer: JEOL, Ltd., Japan. Intended Use: The instrument is intended to be used by a centralized facility for the microanalysis of materials. Properties of materials studied include: relation of structure to catalytic activity; strain and composition distribution within the nanostructures, effects of impurities on the strength of materials, domain structure, ordering mechanisms and coherency strain effects and structural motifs of chromosome architecture and its modification. Application accepted by Commissioner of Customs: July 10, 2006.

Docket Number: 07-052. Applicant: Scripps Research Institute, 10550 North Torrey Pines Road, La Jolla, CA 92037. Instrument: Electron Microscope (2), Tecnai G2 Spirit TWIN and Morgagni TEM. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument is intended to be used for structural investigations of biological macromolecular assemblies including: structure of COPII coated vesicles, molecular motors, electron dense labels for macromolecules, high resolution structures among bacteriophages, structure of the HIV capsid assembly and characterization of the chloroplast ribosome. Application accepted by Commissioner of Customs: July 31, 2007.

Faye Robinson,

Director, Statutory Import Programs Staff, Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. 070213033-7033-01]

RIN 0648-XC08

Fisheries of the Exclusive Economic Zone Off Alaska; Atka Mackerel Lottery in Areas 542 and 543

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of fishery assignments.

SUMMARY: NMFS is notifying the owners and operators of registered vessels of their assignments for the 2007 B season Atka mackerel fishery in harvest limit area (HLA) 542 and/or 543 of the Aleutian Islands subarea of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to allow the harvest of the 2007 B season HLA limits established for area 542 and area 543 pursuant to the 2007 and 2008 harvest specifications for groundfish in the BSAI.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), August 15, 2007, until 1200 hrs, A.l.t., November 1, 2007.

FOR FURTHER INFORMATION CONTACT: Jennifer Hogan, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

In accordance with § 679.20(a)(8)(iii)(A), owners and operators of vessels using trawl gear for directed fishing for Atka mackerel in the HLA are required to register with NMFS. Eleven vessels have registered with NMFS to fish in the B season HLA fisheries in areas 542 and/or 543. In order to reduce the amount of daily catch in the HLA by about half and to disperse the fishery over time and in accordance with § 679.20(a)(8)(iii)(B), the Administrator, Alaska Region, NMFS, has randomly assigned each vessel to the HLA directed fishery for

Atka mackerel for which they have registered and is now notifying each vessel of its assignment.

Vessels authorized to participate in the first HLA directed fishery in area 542 and/or in the second HLA directed fishery in area 543 in accordance with § 679.20(a)(8)(iii) are as follows: Federal Fishery Permit number (FFP) 3835 Seafisher, FFP 3423 Alaska Warrior, FFP 2443 Alaska Juris, FFP 2733 Seafreeze Alaska, and FFP 4092 Constellation.

Vessels authorized to participate in the first HLA directed fishery in area 543 in accordance with § 679.20(a)(8)(iii) are as follows: FFP 3400 Alaska Ranger, FFP 2134 Ocean Peace, FFP 4093 Alaska Victory, and FFP 3819 Alaska Spirit.

Vessels authorized to participate in the second HLA directed fishery in area 542 in accordance with § 679.20(a)(8)(iii) are as follows: FFP 2800 U.S. Intrepid, FFP 1879 American No. 1, FFP 3400 Alaska Ranger, FFP 2134 Ocean Peace, FFP 4093 Alaska Victory, and FFP 3819 Alaska Spirit.

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is unnecessary. This notice merely advises the owners of these vessels of the results of a random assignment required by regulation. The notice needs to occur immediately to notify the owner of each vessel of its assignment to allow these vessel owners to plan for participation in the B season HLA fisheries in area 542 and area 543.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 13, 2007.

James P. Burgess,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
