Employment Standards Administration

Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. SUPPLEMENTARY INFORMATION:

I. Background

Under section 8131 a Federal employee can sustain a work-related injury, for which he or she is eligible for compensation under the Federal Employees' Compensation Act (FECA), under circumstance that create a legal liability in some third party to pay damages for the same injury. When this occurs, section 8131 of the FECA (5 U.S.C. 8131) authorizes the Secretary of Labor to either require the employee to assign his or her right of action to the United States or to prosecute the action. When the employee receives a payment for his or her damages, whether from a final court judgment on or a settlement of the action, section 8132 of the FECA (5 U.S.C. 8132) provides that the employee "shall refund to the United States the amount of compensation paid by the United States * * *" To enforce the United States' statutory right to this refund, the Office of Workers' Compensation Programs (OWCP) has promulgated regulations that require

both the reporting of these types of payments (20 CFR 10.710) and the submission of the type of detailed information necessary to calculate the amount of the required refund (20 CFR 10.707(e)). The information collected by Form CA/EN-1122 is requested from the claimant if he or she received a payment for damages without hiring an attorney. Form CA/EN-1108 requests this information from the attorney if one was hired to bring suit against the third party. Form SOL/EN-1108 request the same information as the CA/EN-1108 if the claimant's attorney contacts the Office of the Solicitor (SOL) directly. This information collection is currently approved for use through July 31, 2006.

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. Current Actions

The Department of Labor seeks approval to collect this information in order to exercise its responsibility to enforce the United States' right to this refund. These forms will be used to obtain information about amounts received as the result of a final judgment in litigation, or a settlement of the litigation, brought against a third party who is liable for damages due to compensable work-related injury.
