

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****[Docket No. FAA–2020–0303]****Agency Information Collection****Activities: Requests for Comments;
Clearance of Renewed Approval of
Information Collection: Small
Unmanned Aircraft Systems (sUAS)
Accident Reporting****AGENCY:** Federal Aviation
Administration (FAA), DOT.**ACTION:** Notice and request for
comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 31, 2020. The FAA requires that small unmanned aircraft accidents be reported to the FAA if they result in injury or damage exceeding certain thresholds.

DATES: Written comments should be submitted by July 6, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Joseph K. Hemler, Jr., by email at: Joseph.K.Hemler-Jr@faa.gov; phone: (202) 267–0159.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0767.

Title: Small Unmanned Aircraft Systems (sUAS) Accident Reporting.

Form Numbers: N/A (web portal: <https://faadronezone.faa.gov>).

Type of Review: Renewal.

Background: The **Federal Register** Notice with a 60-day comment period

soliciting comments on the following collection of information was published on March 31, 2020 (85 FR 17941). 14 CFR part 107 requires that a small unmanned aircraft accident be reported if it causes: (1) Serious injury to any person or any loss of consciousness; or (2) damage to any property, other than the small unmanned aircraft, unless the cost of repair or fair market value in the event of total loss does not exceed \$500. The information collected by the FAA through its DroneZone web portal, Flight Standards District Offices, or one of the Regional Operations Centers or the Washington Operations Center for each small UAS accident will be used to investigate and determine regulatory compliance. In addition, the accident information will go into the FAA aircraft accident database for safety analysis purposes by the FAA Office of Accident Investigation and Analysis, pursuant to its statutory safety mission. As is currently the case for manned aircraft accidents, small UAS accident data will be made available to the public and the National Transportation Safety Board (NTSB).

Respondents: Approximately 35 per year.

Frequency: On occasion.

Estimated Average Burden per

Response: 15 minutes.

Estimated Total Annual Burden: 8.75 hours.

Issued in Washington, DC, on June 1, 2020.

Dwayne C. Morris,

*Project Manager, Flight Standards Service,
General Aviation and Commercial Division.*

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Rescinding the Notice of Intent To
Prepare Environmental Impact
Statement (EIS): Maui County, Hawaii**

AGENCY: Federal Highway
Administration (FHWA), DOT.

ACTION: Notice to rescind notice of
intent (NOI) to prepare an
environmental impact statement (EIS).

SUMMARY: The FHWA is issuing this notice to advise the public that it is rescinding its NOI and will not be preparing an EIS to evaluate alternatives that would improve the roadway capacity, safety, and reliability of Honoapiilani Highway between Maalaea and Launiupoko on the west side of the island of Maui. A NOI to prepare an EIS was published in the **Federal Register** on June 7, 2007.

FOR FURTHER INFORMATION CONTACT:

Ralph Rizzo, Division Administrator,
Federal Highway Administration, 300
Ala Moana Boulevard, Box 50206,
Honolulu, Hawaii 96850, Telephone:
(808) 541–2700.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the State of Hawaii Department of Transportation (HDOT), initiated an EIS. Improvements for this corridor were considered necessary to accommodate the existing and projected traffic demands, and to address safety and reliability. The project area is composed predominantly of a steep, rocky area known as the Pali area and a coastal plain. Due to the topography, the estimated project construction cost for any build alternative would likely be substantial, and because of limited funding availability, HDOT has decided not to proceed with the project. Therefore, the preparation of the EIS is being terminated.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Authority: 23 U.S.C. 139, 23 CFR 771, and 40 CFR 1500–1508.

Issued on: May 29, 2020.

Ralph Rizzo,

Division Administrator, Honolulu, HI.

DEPARTMENT OF TRANSPORTATION**Federal Highway Administration****Rescinding the Notice of Intent To
Prepare Environmental Impact
Statement (EIS): Maui County, Hawaii**

AGENCY: Federal Highway
Administration (FHWA), DOT.

ACTION: Notice to rescind notice of
intent (NOI) to prepare an
environmental impact statement (EIS).

SUMMARY: The FHWA is issuing this notice to advise the public that the FHWA will not be preparing an EIS to evaluate alternatives that would reduce congestion and improve safety and reliability of Hana Highway between the intersection of Hana Highway with Haleakala Highway and Maliko Gulch on the north side of the Paia-Haiku region, Maui County, Hawaii. An NOI to prepare an EIS was published in the **Federal Register** on November 17, 2009.
