An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

#### Office of the Assistant Secretary for Civil Rights

*Title:* USDA Race, Ethnicity and Gender Data Collection.

*OMB Control Number:* 0503–0019.

*Summary of Collection:* Section 14006 and 14007 of the Food, Conservation, and Energy Act of 2008, 7 U.S.C. 8701 (referred to as the 2008 Farm Bill) establishes a requirement for the Department of Agriculture (USDA) to annually compile application and participation rate data regarding socially disadvantaged farmers or ranchers by computing for each program of the USDA that serves agriculture producers and landowners (a) raw numbers of applicants and participants by race, ethnicity, and gender, subject to appropriate privacy protection, as determined by the Secretary; and (b) the application and participation rate, by race, ethnicity and gender as a percentage of the total participation rate of all agricultural producers and landowners for each county and State in the United States.

*Need and Use of the Information:* Data will be collected on a voluntary basis through a questionnaire to determine the race, ethnicity and gender of farmers and ranchers who apply for and who participate in USDA programs and services. The data will enable the Secretary and the Office of the Assistant Secretary for Civil Rights and the agencies’ outreach offices in reaching current and prospective socially disadvantaged farmers or ranchers in a linguistically appropriate manner to focus resources in a particular county or region where low participation is indicated by the data to improve the participation of those farmers and ranchers in USDA programs. The data is intended to be used as one indicator in targeting and designing outreach activities and in assessing compliance with civil rights laws in program delivery. The data may also be used as an indicator in directing compliance reviews to geographic areas where there are indications of low participation in USDA programs by minorities and

women, thus serving as an “early warning system” that warrants further investigations. Failure to collect this information will have a negative impact on USDA’s outreach activities and could result in an inability of the agencies to equitably deliver programs and services to applicant and producers.

*Description of Respondents:* Individuals or households.

*Number of Respondents:* 1,913,798.

*Frequency of Responses:* Reporting: Other (once).

*Total Burden Hours:* 63,793.

**Ruth Brown,**

*Departmental Information Collection Clearance Officer.*

## DEPARTMENT OF AGRICULTURE

### Submission for OMB Review; Comment Request

October 26, 2020.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency’s estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by November 30, 2020 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

#### Forest Service

*Title:* Non-Timber Forest Products Generic for Surveys, Interviews, and Focus Groups.

*OMB Control Number:* 0596–243.

*Summary of Collection:* Many laws and policies specifically direct the USDA Forest Service (FS) to consider and manage for non-timber forest products for the benefit of the American public and to meet trust responsibilities to American Indians and Alaskan Natives on federal and tribal lands. Primary authorities to collect information include the Multiple-Use Sustained-Yield Act of 1960 that requires the FS to manage national forests “under principles of multiple use and to produce a sustained yield of products and services.” The Forest and Rangeland Renewable Resources Planning Act of 1974 requires the Secretary of Agriculture to “maintain a comprehensive inventory of renewable resources and evaluate opportunities to improve their yield of goods and services. The 2012 Planning Rule specifically requires “consideration of habitat conditions for wildlife, fish, and plants commonly enjoyed and used by the public for hunting, fishing, trapping, gathering, observing, and subsistence” on national forests.

*Need and Use of the Information:* Surveys, interviews, and focus groups administered under this generic collection will be designed to collect information from individuals and groups who forage for non-timber forest products and from natural resource professionals who manage land where non-timber forest products foraging takes place. Non-timber forest products harvested for use as food, medicine, and other purposes are plants, mushrooms, and plant- or tree-derived goods like nuts, boughs, sap, and leaves. The FS and other land management agencies will not have a scientific basis for managing non-timber forest product resources and the lands that support them without this information. Also, FS will not have the necessary information to provide technical advice on this issue to other land management agencies and individuals.

*Description of Respondents:* Individuals or households; Non-profit organizations and State, Local and Tribal government.

*Number of Respondents:* 14,250.

*Frequency of Responses:* Reporting: One time.

*Total Burden Hours:* 5,613.

Levi S. Harrell,

Departmental Information Collection  
Clearance Officer.

## DEPARTMENT OF AGRICULTURE

### Animal and Plant Health Inspection Service

[Docket No. APHIS-2020-0036]

#### Notice of Availability of an Environmental Assessment for Release of *Ramularia Crupinae* for Biological Control of Common Crupina (*Crupina vulgaris*) in the Contiguous United States

**AGENCY:** Animal and Plant Health  
Inspection Service, USDA.

**ACTION:** Notice of availability.

**SUMMARY:** We are advising the public that the Animal and Plant Health Inspection Service has prepared an environmental assessment relative to permitting the release of *Ramularia crupinae* for the biological control of common crupina (*Crupina vulgaris*) in the contiguous United States. Based on the environmental assessment and other relevant data, we have reached a preliminary determination that the release of this control agent within the contiguous United States will not have a significant impact on the quality of the human environment. We are making the environmental assessment available to the public for review and comment.

**DATES:** We will consider all comments that we receive on or before November 30, 2020.

**ADDRESSES:** You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/> #!docketDetail;D=APHIS-2020-0036.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS-2020-0036, Regulatory Analysis and Development, PPD, APHIS, Station 3A-03.8, 4700 River Road, Unit 118, Riverdale, MD 20737-1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/> #!docketDetail;D=APHIS-2020-0036 or in our reading room, which is located in room 1620 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m.,

Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

**FOR FURTHER INFORMATION CONTACT:** Dr. Colin D. Stewart, Assistant Director, Pests, Pathogens, and Biocontrol Permits, Permitting and Compliance Coordination, PPQ, APHIS, 4700 River Road, Unit 133, Riverdale, MD 20737-1231; (301) 851-2327; email: [Colin.Stewart@usda.gov](mailto:Colin.Stewart@usda.gov).

**SUPPLEMENTARY INFORMATION:** The Animal and Plant Health Inspection Service (APHIS) is proposing to issue permits for the release of *Ramularia crupinae* into the contiguous United States for the biological control of common crupina (*Crupina vulgaris*).

Common crupina, a winter annual, is spreading in pastures and rangelands resulting in a reduction in quality of forage as it displaces other species in the northwestern United States; it is a native of Eurasia, most likely originating in the Middle East. Common crupina may grow from 0.3 to 1.0 meter in height, having inconspicuous flowers ranging from lavender to purple, as well as rosettes that develop through the fall and winter.

*Ramularia crupinae*, a leaf-spotting fungus, was chosen as a potential biological control agent of *C. vulgaris* in the contiguous United States over other management options because it is host-specific.

APHIS' review and analysis of the potential environmental impacts associated with the proposed release are documented in detail in an environmental assessment (EA) entitled "Field Release of the Plant Fungus *Ramularia crupinae* (Deuteromycotina) for Classical Biological Control of Common Crupina, *Crupina vulgaris* (Asteraceae), in the Contiguous United States" (March 2020). We are making the EA available to the public for review and comment. We will consider all comments that we receive on or before the date listed under the heading DATES at the beginning of this notice.

The EA may be viewed on the *Regulations.gov* website or in our reading room (see **ADDRESSES** above for a link to *Regulations.gov* and information on the location and hours of the reading room). You may also request paper copies of the EA by calling or writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. Please refer to the title of the EA when requesting copies.

The EA has been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et*

*seq.*), (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500-1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this 21st day of October 2020.

Michael Watson,

Acting Administrator, Animal and Plant  
Health Inspection Service.

## COMMISSION ON CIVIL RIGHTS

### Notice of Public Meeting of the Utah Advisory Committee

**AGENCY:** U.S. Commission on Civil  
Rights

**ACTION:** Announcement of meeting.

**SUMMARY:** Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act (FACA) that a teleconference meeting of the Utah Advisory Committee (Committee) to the Commission will be held at 12:00 p.m. Mountain Time on Friday, December 11, 2020. The purpose of the meeting will be for the Committee to review their op-ed on the gender wage gap.

**DATES:** The meeting will be held on Friday, December 11, 2020 at 12:00 p.m. MT.

*Public Call Information:* Dial: 800-367-2403, Conference ID: 6978962.

**FOR FURTHER INFORMATION CONTACT:** Ana Victoria Fortes, Designated Federal Officer (DFO) at [afortes@usccr.gov](mailto:afortes@usccr.gov) or by phone at (202) 681-0857.

**SUPPLEMENTARY INFORMATION:** This meeting is available to the public through the following toll-free call-in number: 800-367-2403, conference ID number: 6978962. Any interested member of the public may call this number and listen to the meeting. Callers can expect to incur charges for calls they initiate over wireless lines, and the Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Persons with hearing impairments may also follow the proceedings by first calling the Federal Relay Service at 1-800-877-8339 and providing the Service with the conference call number and conference ID number.
